Information

Hello!

Thank you for confirming your participation in this single-session of the Strategic Public Sector Bargaining Academy. We are very pleased to provide a presentation by LRB Chair Jacquie de Aguayo – which was a top-ranked module presented during the Academy. For this session, we ask that you come prepared to describe a scenario you have experienced during negotiations or a hypothetical situation that you would like an opportunity to discuss with the Chair.

As well, you can expect to hear from Melanie Stewart, ADM, Gender Equity in the Ministry of Finance about Gender Based Analysis Plus (GBA+). To ensure government policies, programs and services are working for all British Columbians, we must understand the different ways that different people experience the world. GBA+ is an analytical tool used to assess how diverse groups of people may experience policies, programs and initiatives. The “plus” indicates that the analysis goes beyond sex and gender and includes the examination of a range of other identity factors (e.g. Indigeneity, age, education, language, race, ability, class, etc.) The goal of GBA+ is to continue to advance evidence-based policy-making, monitor the spending of public money and attain better results for all British Columbians.

Thanks in advance for your interest. Please find the agenda below. Feel free to contact me directly if you have questions.

We look forward to seeing you there!
