**3:00 PM - 4:00 PM**

**Meeting: Imperial Metals (cr) -- s.15**

This meeting was supposed to take place in Williams Lake on Jan 19<sup>th</sup>, but had to be rescheduled.

Attending: Don Parsons; Lyn Anglin

Staff: Mike Gash; Shane Berg (both calling in)

MLA Barnett attending however will be 15 minutes late

Contact: Bonnie Gavin NR                      Lyn Anglin NR

Bullets being prepared.

For discussion:

1. an overview of the status of the Mount Polley Mine, including:
  - an update on operations and remediation activities at the site
  - our proposal for a return to full operations, and
  - the status of planning for long term water management at the site.
2. an overview of the working relationship that Mount Polley has with the local First Nations including:
  - our partnership agreements with the WLIB and SCIB
  - our engagement with the FN through our Implementation Committee, our Public Liaison Committee, and the Regional Mine Development Review Committee
  - our FN employment and contract opportunities through FN JVs with local contractors, and
  - our ongoing outreach to both bands.
3. the process for identifying and recommending technical consultants for the First Nations
  - does government have a role in advising FN on their choice of technical consultants?
  - if so, does government require the FN's technical consultants to be Qualified Professionals or to practice within their areas of technical expertise?
4. permitting timelines – previously all consultation had set timelines in which it was to be conducted (45-day, 60-day, 90-day etc.) which provided some formality/security around review periods
  - is there still a mechanism to keep permitting milestones on track?

## CALENDAR FOR HONOURABLE JOHN RUSTAD

**February 16, 2016 Continued**

**Tuesday**

5. clarification of the 'Government to Government' (G2G) process, evidenced by the Letter of Understanding signed between government and FN after the tailings spill and being followed for Mount Polley

- Is this G2G process being adopted by regulators throughout the province for all mining projects, or for all of industry? ie is this a process specifically for Mount Polley breach-related issues, or will it apply to all future permitting and monitoring planning requirements at Mount Polley or for other mines?

6. the future of the Senior Officials Committee (SOC) and its relationship with Mount Polley

- What is the role of the Mount Polley SOC in regards to permitting and established statutory requirements?
- How long will the SOC continue to operate? And if it is to continue, will it transition into a committee on which MPMC will have representation?

**4:00 PM - 5:00 PM**

**Meeting: Mt. Polley - Pre-brief wth MJR/MMP/MBB (cr) -- s.15**

MARR staff: MJR, Cam, Christian Kittleson, Tricia Morris, Shane Berg, Erika Dreidger
