First Annual Senior Officials Satellite Phone Drill - Government Financial
Information.Security Concern

The drill will span a three-hour period in order to accommodate Deputy Minister schedules. However, actual participation time is approximately 5 - 10 minutes, allowing Deputies to maximize learning while minimizing the impact to busy schedules. Your participation in the drill is straightforward: at your discretion during the 3-hour window of the drill, you are asked to use your phone to call the Emergency Coordination Center at EMBC and report your location and status (at work or not at work), consistent with the Senior Officials Guide to Emergencies and Disasters. This will give EMBC the opportunity to exercise its plan for managing these calls, while also giving you the opportunity to practice using your satellite phone to reach the ECC.

please take 5 – 10 minutes to step outdoors with your satellite phone and participate in the drill by phoning Government Financial Information.Security Concern I recommend that you store the ECC phone number in your satellite phone in advance of the drill, if you have not already done so.

May 27, 2016 Continued

Friday

In our initial planning, we were thinking of a presentation followed by a Q&A session from the floor. However, we're open to other suggestions!

Cheers,

Rob

Good morning Doug.

The First Nations Liaison Program initially started by the OGC now includes participation from across the NR Sector. An update on the program is being provided to DM's next week at the NR Board.

It would be ideal if a few of the Project Leads (Alexandra Bainford, Paul Craven, Autumn Cousins, Dean Zimmer and myself) could meet with you to review the program prior to the DM presentation on the 31st. One half hour should be sufficient.

Do you have any availability on Thursday (tomorrow) or Monday where we might have 30 minutes of your time?
