Personal Information

A quick update for you. There are many conversations being had internal to government about this situation, including environment, agriculture, energy/mines and health.

I am doing what I can to understand the details related to the following 3 items moving forward:

1. Status of operator's compliance with the Organic Matter Recycling Regulation (OMRR) re. their application of Class A and B biosolids
2. Opportunities for monitoring, particularly as related to air quality
3. Higher level review of the OMRR

I expect to be in a position to update you on all of the above within a couple weeks. To that end, I would like to offer you a meeting with me in my constituency office on Thursday June 16th at 8:00 AM. Please RSVP to my new CA, Becky Blixrud, ASAP. Her e-mail is becky.blixrud@leg.bc.ca.
