When: September 13, 2023 8:00 AM-5:00 PM (UTC-08:00) Pacific Time (US & Canada).

Where: Security Concern

A message from the Chief Engineer:

Hello Engineers and Geoscientists of MoTI!

This meeting is to bring all of our engineers and geoscientists together from around the province for a professional development day to discuss some topics that are relevant to you as a professional in MoTI.

Topics that we will be discussing include:

- The Professional Governance Act and how it has impacted our work, including a presentation from the Superintendent of Professional Governance
- A discussion with EGBC representatives on some of the changes since the implementation of the PGA
- The shift in culture in engineering and geoscience, including a discussion on diversity and inclusion in the engineering and geoscience profession
- Engineering and geoscience as an owner versus a consultant working for an owner.

This is an amazing opportunity to meet with your colleague's face to face and possibly meet other professionals in our Ministry for the first time, so I hope you are all able to make this event.

I look forward to seeing you all in September.

City of Port Alberni

Mike Fox, CAO; Sharie Minions, Mayor

Highway 4 Closures and Access to Port Alberni

The City of Port Alberni is grateful to the Province, in particular, the Ministry of Transportation and Infrastructure for establishing an alternate route during the recent Cameron Lake Bluffs Fire. It provided a temporary means for goods and services to continue to come into our community and gave residents an option for essential travel. Having said that, the gravel road has its challenges with narrow sections and challenging terrain. Several accidents occurred on this route during that time. Between climate change, and the extreme growth of tourism and people moving into the Alberni Valley it may be time to explore a permanent solution for access to our town and west coast neighbors.

The City would like to thank Premier Eby for ensuring the establishment of the alternative route to Port Alberni during the Cameron Lake Bluff fire and discuss a permanent solution for secondary access to the Alberni Valley and the west coast.
