EMCR, ECCC, MOTI Coordination Call -- Microsoft Teams Meeting
Good morning,

Please join us for an update on the upcoming Weather System for Vancouver Island and Southwest:

Multiple systems are expected over the weekend, bringing moderate levels of precipitation. The most significant rainfall event is currently predicted to occur Monday midday through Tuesday afternoon.

- The Canadian model shows upwards of 100 – 200 mm.
- Foreign guidance is much lower (70 – 100 mm).
- Over the BC southeast interior, a snow-to-rain change-over can be expected.
- Snow at elevation, followed by heavy rain is a potential source of concern, the River Forecast Centre will have to speak to this.

Discussion will be led by an update from ECCC and MOTI to identify any risks to impacted areas, specifically near Highway 4 on Vancouver Island.

Thank you,

Samantha Wilbur | Senior Regional Manager – Vancouver Island Coastal

Toolbox Tuesdays - Avalanche Risk Management with John Buffery

Hi all,

The MOTI Corporate Safety team invites you to a short, weekly Toolbox Safety chat where we will discuss different safety topics each week. These topics will range from office ergonomics to driving for work to working around water and will be focused on the hazards we face in our work. This is not a mandatory meeting, but is strongly recommended that you attend, especially if the topic applies to you. **BONUS: If you attend at least one meeting per month, your name will be put into a monthly draw for a Starbucks gift card!**

Why are we hosting weekly Toolbox safety meetings?

- To decrease work related injuries and/or near misses
- To share safety tools, resources, and learnings with each other
- To increase safety awareness and safety culture
- To better understand where gaps exist in our safety program

How will the meeting be structured?

- 30 minutes, via TEAMS
- The first half of the meeting will be information sharing, and the second half will be open discussion and Q&A.

What's on the agenda?

- Dec. 5 – Guest presenter John Buffery (Senior Avalanche Officer) will be presenting MOTI's Avalanche Risk Management Plan and avalanche awareness.

Please join us and we look forward to talking to you soon!
