Hi all,

As a result of the direction provided by Indigenous Leadership on March 7th a statement has been drafted indicating the unique obligations within the restorative work for Indigenous people. We are hoping to continue to discuss and revise the draft statement during these conversations.

In review of the Doodle pool there will be TWO OPTIONS to attend – This is option 1.

**Summer is Coming: New Evidence on Extreme Heat and Wildfire
Smoke in BC**

The summer of 2024 may bring unprecedented drought, wildfire, and heat
to British Columbia. The provincial snowpack is at record low levels, the
strong El Nino cycle is persisting, and we need to prepare for a summer
unlike anything before it. This talk will review the newest evidence from the

BC Centre for Disease Control on the health effects of extreme heat and wildfire smoke, with a focus on high-risk populations such as low-income people and pregnant women. The talk will also cover the importance of pre-season preparedness and effective strategies for reducing the public health harms of wildfire smoke and extreme heat.

Presenter:

Dr. Sarah Henderson, Scientific Director, Environmental Health Services, BCCDC,

Dr. Sarah Henderson is the Scientific Director of Environmental Health Services at the BC Centre for Disease Control and the Scientific Director of the National Collaborating Centre for Environmental Health (NCCEH). She oversees a broad program of applied research, surveillance, and knowledge translation to support evidence-based environmental health policy and practice in BC and across Canada. She has been studying the population health effects of climate change for more than 20 years.

Moose Hide Campaign Day will be taking place on Thursday, May 16, 2024. We will be providing more information on speakers and workshops in the very near future, Please sign up to be informed when registration launches.

Moose Hide Campaign Information:

-

- The Moose Hide Campaign began as a BC-born Indigenous-led grassroots movement to engage men and boys in ending violence towards women and children. It has since grown into a nationwide movement of Indigenous and non-Indigenous Canadians from local communities, First Nations, governments, schools, colleges/universities, police forces and many other organizations – all committed to taking action to end this violence.
- Since the Campaign began over 10 years ago along the Highway of Tears, thousands of communities and organizations across Canada have held Moose Hide Campaign events and joined the annual Moose Hide Campaign Day ceremony and fast. People of all ages, genders and backgrounds are invited to take part in Moose Hide Campaign activities.
- The campaign is grounded in Indigenous ceremony and traditional ways of learning and healing. A cornerstone of the Moose Hide Campaign is the moose hide pin. Wearing the pin signifies your commitment to honour, respect, and protect the women and children in your life and speak out against gender-based and domestic violence. To date, over four million moose hide pins have been distributed free of charge to communities, schools, and workplaces across Canada.

Security Concern
Good morning,

Elders Roberta Price and Bryce Mercredi, Diana Clarke and Brittany Morgan from the ministry's Indigenous Health and Reconciliation team will be joining us to provide an overview and progress update on one of the ministry's foundational commitments, the *In Plain Sight: Addressing Indigenous-specific Racism and Discrimination in B.C. Health Care*. Diana and Brittany will also lay the groundwork to level-set understanding on the government's foundational commitment– the Declaration on the Rights of Indigenous Peoples Act (DRIPA) and how the ministry is demonstrating commitment and accountability through the DRIPA Action Plan. Join us to learn how you can support these commitments throughout your everyday work.

Please note these sessions will be hosted both in – person and virtually. In person attendees please join us in Auditoriums A & B.
