Hi Warren,

Thanks for the update today on the status of naming rights. As we are approaching a critical timeline we need to loop into the TB process and write a submission to cover off the requirements of the cabinet minute. The good news is it is going to the TB chair.

One of the requirements is to have the final agreement reviewed by the AG – We will work to have a person identified for that.

What we need from you John is a TB sub addressing the 10 items and a copy of the agreement which we can forward to AG.

Thanks,
Shauna

ts likely best if we schedule a teleconference within the next day or two with JTI and PAVCO staff to close the loop on these issues. Please let me know the time/date that works best for JTI/PAVCO staff and we can schedule a teleconference shortly.

s12 If
the remaining issues can be addressed this week, perhaps the naming rights submission could be brought forward to TB in early July.

Hi John,

Could you provide responses / detail or edits to the attached document (Naming Rights Questions Answers_May 12_draft) as appropriate. I've made an attempt to pull together responses that have previously been answered as it appears that many of these questions have been raised before. I understand that TBS were looking for further details, so if there are areas that could be "bmffed" up, that would help.

There are a few attachments along with the draft Qs and As (background on questions raised and materials previously provided).

We have reviewed your Q&A's on the Treasury Board Submission, and have responded to all of the questions with blue highlights. This should be adequate to get things moving along. In addition to the Submission, I have included a paper on s12

My next steps are to take the blue highlighted items off the document, and sort them into themes so that we can back to Treasury Board staff with a more coherent response to their questioning.

Subject: FW: PavCo Naming Rights Proposal

John,

Please see the note below regarding PavCo's Naming Proposal.

These are the two issues that I've received feedback on that require further clarification before the Naming Committee can sign off on the procurement process:

Essentially, once the information can be confirmed by the committee, we can anticipate sign off will be received quickly.

Pam or Frank could provide more specifics if you'd like.

Subject: Request Naming Privileges Policy

Cheryl and John:

I had a chance today to speak to Pamela Ness and Richard Poutney at the IPP.

My understanding is the crown needs to push on and get permission from the naming committee to move forward on the request for a commercial agreement on naming.

What I have found out is that getting permission from the naming committee is likely simple. They want to be assured the process we are following to select a successful bidder would be fair and open. So they need your process outlined for them.

Second because this is a commercial deal it must go to cabinet - therefore once the naming committee signs, the DM of LCS approves and their Minister signs off it then needs to go to cabinet.

Cheryl and John can you work this week on the naming committee piece and then the cabinet proposal. By copy of this email I will ask Vicki to inquire as to the cabinet schedule and when we could do that.

Background / Context:

PavCo is completing a \$563M renewal project for the Stadium including: structural upgrades, improvements to operations infrastructure, replacement of equipment through a deferred maintenance program, and replacement of the air suspended roof with a retractable one. The Stadium will be ready to host its first event in September 2011.
