Good afternoon,

I am a S. 22 . I recently read an article on CBC stating that the B.C. government has issued foreign bonds into China. I will provide a link to the article if you would like to read it. Could you please explain to me how this will benefit my future and what is the purpose for doing this? I view this decision as being treasonous unless you can convince me otherwise. I am looking forward to hearing your response to this inquiry. Thank you very much for your time.
