Request Number: 292-30/PSS-2011-02056

1. FOI - Review of Harms/Issues/Recommendations provided by Ministry

Request Received: November 29, 2011

Due Date: January 13, 2012

Requester type: Media

**Wording of the request:**

"Data from the Gaming Policy and Enforcement Branch regarding all incidents of violation of Section 89 of the Gaming Control Act (Prohibition - unauthorized gaming by minors) including dates, times, names and locations of companies and workers found in violation, and the fines, sanctions and penalties assessed. Records sought for the time period of January 1, 2010 to [November 29, 2011]."

**Comments/Background:**

- ❖ Gaming Policy and Enforcement Branch (GPEB) advised IAO that there are no specific database regarding all incidents of violation of section 89 of the Gaming Control Act (Prohibition - unauthorized gaming by minors). There is an electronic database which is a list of all Section 86 notifications electronically logged by GPEB since Jan. 1, 2006. The list includes all the section 89 notifications but does not identify them as such.
- ❖ GPEB also identified that creating such a database would unreasonably interfere with the operations of the Branch.
  - o As per section 6(2) (duty to assist) of the Freedom of Information and Protection of Privacy Act (FoIPPA), the Ministry is not required to create a new record in cases where the task would unreasonably interfere with the operations of the Ministry.

**Consultations:**  
N/A

**Recommendation:**

IAO recommends advising the applicant that there are no responsive records (enclosed draft of response letter).

**Publication Recommendations:**

As this will be a non-responsive records response, this general FOI request will NOT be published on the Open Information website.

2. FOI and Ministry Executive - Approval to Release Package to Applicant

<b>Ministry Executive:</b> Name: Larry Vander Graaf Executive Director Investigations and Regional Operations Gaming Policy and Enforcement Branch	Signature: As per comments below: 	Date: 31 January, 2012
<b>Ministry Executive:</b> Name: Douglas S. Scott Assistant Deputy Minister Gaming Policy and Enforcement Branch	Signature: 	Date: 2012-02-06
<b>Ministry Executive:</b> Name: Lori Wanamaker Deputy Solicitor General Office of the Deputy Solicitor General	Signature: 	Date: 2/13/12

**Comments:**

The Gaming, Policy Enforcement Branch (GPEB) investigates all reported incidents involving minors and maintains a hardcopy file of each investigation. Between January 1, 2010, and November 29, 2011, GPEB handled over 115 files relating to real or suspected violations of section 89 of the *Gaming Control Act*, or situations involving underage or suspected underage persons. The information contained in the above noted incidents does not exist in an excel spreadsheet or similar format. In order to create the document you have requested, various pieces of information would need to be pulled from disparate sources and manually compiled into an electronic table of data.

In replying to your questions on the phone, Brandy, I can state with absolute certainty that none of the information requested for FOI PSS-2011-02056 is available in an electronic data file, Excel spreadsheet/workbook, MS Access database, GOS report or other quick and easy format. Should this request go forward, it will be necessary to physically examine each of the 115 raw hardcopy files to confirm if they meet the requestor's criteria. At that point, the eligible files would be copied and subsequently scanned as our response to the request. Due to the nature of this type of gaming issue and/or offence, the data is categorized in a manner that precludes the types of responses you asked me about today.

I trust this answers your questions for now, but please feel free to contact our office again should it be necessary.

Hello Brandy:

In relation to FOI request PSS-2011-02056, this office has now spent eight hours isolating the files that would qualify for FOI vetting. We have calculated that there are a total of 115 files that generally qualify, about half of which might actually be related to minors/underage gaming. Until we physically examine the file contents we would not know if in fact they qualify, since we have pulled the raw 115 based on words we know describe minors/underage gaming. If this request proceeds we would require: 5 minutes each to pull all 115 files and ascertain their eligibility=575 minutes or 9.6 hours; 10 minutes each to photocopy file contents for about 60 files that might qualify=600 minutes or 10 hours; and

Time to scan all eligible files and return the 115 files back to their shelves=10 hours  
**FOR A SUBTOTAL OF 29.6 hours** (let's round to 30 hours) and then include the 8 hours to determine original eligibility of raw files=

**GRAND TOTAL OF 38 HOURS**

From our previous submissions, you have the calculations for what the hourly rate is, based on an average of support staff salaries [that is \$23.84 per hour].

Karine and Sandra,

This request cannot be fulfilled in it's current form. Data does not exist in the format the requestor is looking for. The only way to provide the information the requestor is seeking is to pull all relevant \*physical\* files and manually create the data. This would be time consuming and require a fee estimate. (Karine, please see my previous email on this subject for a rough estimate of how much time that would take)

Please advise how you would like me to proceed.

Brandy:

We still didn't feel comfortable with the wording of the new draft letter. We have taken the letter and added (or deleted) in **red** how we believe the letter might be worded. We believe that accurately portrays what the circumstances are and does not leave open to interpretation what the word "data" might or might not mean. The wording also refers to the dates and times used in the FOI request.

Hope this meets with your approval or close to what you were looking for. Any further questions,

don't hesitate to contact either Larry or myself.

Joe

Hi Larry,

Please see the attached GPEB modified No Records Response letter. Please review the new wording; I have attached the original No Records Response letter for reference. I have also included a fill-it-in sentence to help round out/give the big picture regarding underage incidents.

I am open to changing the wording somewhat, if you feel that it needs to be modified. Should it not need it, please let me know and I will send the complete S/O package for signature.

Please feel free to contact me if you have any questions or concerns.

Thanks!

Brandy:

Further to our telephone conversation yesterday afternoon about this FOI sign-off, and for our file purposes, we are confirming that we are NOT able to sign off on this package the way it is written. We believe that the wording is not an accurate portrayal of what we have and don't have or at least the perception could be that we are hiding or not willing to give information that we do have. We will leave it with you to be in contact with Vicky Hudson to rectify this and we will wait to hear further from you or her about a new signoff.

Our file remains open at our office waiting to hear from you.

Thanks much.

1. FOI - Review of Harms/Issues/Recommendations provided by Ministry

BC

Request Received: November 29, 2011      Due Date: January 13, 2012      Requester type: Media

**Wording of the request:**

*"Data from the Gaming Policy and Enforcement Branch regarding all incidents of violation of Section 89 of the Gaming Control Act (Prohibition - unauthorized gaming by minors) including dates, times, names and locations of companies and workers found in violation, and the fines, sanctions and penalties assessed. Records sought for the time period of January 1, 2010 to [November 29, 2011]."*

**Comments/Background:**

- ❖ Gaming Policy and Enforcement Branch (GPEB) advised IAO that there are no specific database regarding all incidents of violation of section 89 of the *Gaming Control Act* (Prohibition - unauthorized gaming by minors). There is an electronic database which is a list of all Section 86 notifications electronically logged by GPEB since Jan. 1, 2006. The list includes all the section 89 notifications but does not identify them as such.
- ❖ GPEB also identified that creating such a database would unreasonably interfere with the operations of the Branch.
  - As per section 6(2) (duty to assist) of the *Freedom of Information and Protection of Privacy Act* (FoIPPA), the Ministry is not required to create a new record in cases where the task would unreasonably interfere with the operations of the Ministry.

**Consultations:**

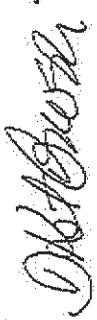

N/A

**Recommendation:**

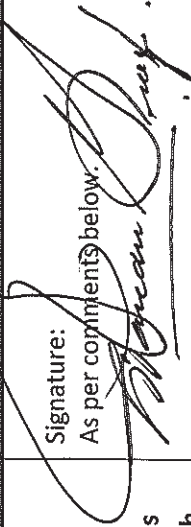

IAO recommends advising the applicant that there are no responsive records (enclosed draft of response letter).

**Publication Recommendations:**

As this will be a no responsive records response this general FOI request will NOT be published on the Open Information website.

**Request Received:** November 29, 2011      **Due Date:** January 13, 2012      **Requester type:** Media

**Wording of the request:**

*"Data from the Gaming Policy and Enforcement Branch regarding all incidents of violation of Section 89 of the Gaming Control Act (Prohibition - unauthorized gaming by minors) including dates, times, names and locations of companies and workers found in violation, and the fines, sanctions and penalties assessed. Records sought for the time period of January 1, 2010 to [November 29, 2011]."*

**Comments/Background:**

- ❖ Gaming Policy and Enforcement Branch (GPEB) advised IAO that there are no specific database regarding all incidents of violation of section 89 of the *Gaming Control Act* (Prohibition - unauthorized gaming by minors). There is an electronic database which is a list of all Section 86 notifications electronically logged by GPEB since Jan. 1, 2006. The list includes all the section 89 notifications but does not identify them as such.
- ❖ GPEB also identified that creating such a database would unreasonably interfere with the operations of the Branch.
  - As per section 6(2) (duty to assist) of the *Freedom of Information and Protection of Privacy Act* (FolPPA), the Ministry is not required to create a new record in cases where the task would unreasonably interfere with the operations of the Ministry.

**Recommendation:**

IAO recommends advising the applicant that there are no responsive records (enclosed draft of response letter).

**Publication Recommendations:**

**Comments:**

The Gaming, Policy Enforcement Branch (GPEB) investigates all reported incidents involving minors and maintains a hardcopy file of each investigation. Between January 1, 2010, and November 29, 2011, GPEB handled over 115 files relating to real or suspected violations of section 89 of the *Gaming Control Act*, or situations involving underage or suspected underage persons. The information contained in the above noted incidents does not exist in an excel spreadsheet or similar format. In order to create the document you have requested, various pieces of information would need to be pulled from disparate sources and manually compiled into an electronic table of data.

Hi Larry!

Here is the sign-off package for PSS-2011-02056.

The request is for:

*“Data from the Gaming Policy and Enforcement Branch regarding all incidents of violation of Section 89 of the Gaming Control Act (Prohibition - unauthorized gaming by minors) including dates, times, names and locations of companies and workers found in violation, and the fines, sanctions and penalties assessed. Records sought for the time period of January 1, 2010 to [November 29, 2011].”*

Please review the ‘no response’ letter provided by IAO. This letter was generated as a result of the nature of this request. The applicant asked for data tables in electronic format, which GPEB is unable to provide without considerable and unreasonable time commitments.  
If you agree with the letter, please sign the provided form and return to me as soon as possible. If you have any questions or concerns, please let me know.

Cheers!

**Subject:** RE: \*New\* FOI Request: PSS-2011-02056

Hi Ron,

Thanks for your email. I remember last year that Len showed me a spreadsheet that was tracking s.89 violations. Do you know if he still tracks them and if he still has that particular spreadsheet?

Thanks!
