Hi, hope to find you off to a good start in 2015! I wanted to remind Minister Virk about the significance of early May 2015, that it is the centennial of WWI actions where sikhs fought alongside Canadians in Belgium while enduring the first gas attacks. We have spoken of making an announcement in Victoria to commemorate this with a reading of 'In Flanders fields' which was written during this 2nd battle of Ypres. He said he would look into dates the house was sitting at the end of April & early May - anywhere between May 1st & 10th would be ideal.

Cheers,
Steven

NEWS RELEASE

For Immediate Release

Jan. 20, 2015

Office of the Information and Privacy Commissioner for British Columbia

B.C. Privacy Commissioner to investigate District of Saanich use of employee monitoring software

VICTORIA-B.C.'s Information and Privacy Commissioner Elizabeth Denham has initiated an investigation into the District of Saanich's use of monitoring software to track employee activity on its computer systems.

"My office has been closely following recent events in the District of Saanich, where allegations have been made that spyware is being used on district-owned computers to monitor employees with or without their consent," said Commissioner Denham.

"In light of many outstanding questions and concerns, I have decided to

act on my own motion and initiate an investigation into whether the District's use of employee monitoring software complies with the Freedom of Information and Protection of Privacy Act.

"We need the facts concerning implementation of the software, including what methods of data capture have been enabled and the extent to which personal information is being collected from employees," said Denham.

In the course of an investigation, the Commissioner has the power to compel disclosure of documents, interview government or company officials, make legal findings, and issue compliance orders or recommendations for change.

The investigation is expected to be complete before the end of March.

The Commissioner's findings will be made public.

The Office of the Information and Privacy Commissioner will not make any further comment on this matter until the investigation is complete.

Ministers Wilkinson & Virk - Great to connect this week. Was glad to be apart of the discussion and look forward to helping on this initiative in any way I can.

I hope you didn't take my comments on UBC as anything but constructive. UBC is a world renowned institution that all British Columbians should be proud of. My interest comes from my desire to continue to grow Hootsuite from the nearly 1,000 people we are now to something even bigger, and on a more personal level, to build a robust tech ecosystem in my hometown.

Am looking forward to seeing yourselves, Arvind and others breath new energy into the our universities' entrepreneurship and commercialization efforts, and for the current project at hand to help preserve entrepreneurs' access to capital in BC.

I am here to help. Let me know what I can do.

Matt

Nick

Due to congestion at PVO we have rented and refurbished a small space on the
s15 for use by Ministers and Deputies. These are drop in offices and meeting
rooms. They are now ready for use.

We heard yesterday through Virginia that the Premier wants to advise cabinet of
this herself. We don't know when she will do it, but I wanted MAV to be aware
of this in case she mentions it as its his ministry who arranged it.

Please let him know. Thanks

Subject: Invitation to BIOTECanada's Whistler Investor Summit / Friday February 27th & 28th
Minister and Deputy Minister,

On behalf of BIOTECanada I would like to formally invite you to participate in the Whistler Investor Summit that is focused on Life Sciences Companies in Canada. CEOs from Canadian Biotechnology Companies from across Canada come to this meeting every year to network and engage with Venture Capitalist and Angel Investors to uncover opportunities and discuss possible deals that can be formed.

Life Sciences BC, an annual participant, has put forward a number of local BC companies to participate in this year's meeting. Additionally, we have requested of BIOTECanada, and have been granted, the opportunity to have the Ministry of Innovation, Technology and Citizen Services join for the Friday evening Roundtable and Reception and the Saturday morning "Pitch Session" that will showcase 5 – 7 companies that are seeking financing to continue their development and growth.

We would be delighted if you can both join us. It would be a wonderful opportunity to meet a number of leading VC's from Canada, the USA and Europe. In addition, you will be able to see a number of BC Companies present to the Summit and you will be able to engage with the broader Life Sciences community of BC who are regularly in attendance at the Summit.

I do hope that you can both make time for this event. It is one of the highlights of the year for Life Science Companies in BC.

Life Sciences BC will be happy to help you with logistics. Please let me know your plans.

Paul

Importance: High

Hi Sarf,

We have lined up a potential tour of Cube here in Victoria. Location is near Royal Oak Shopping Centre.

The contact at Cube is David Miller. His schedule up to Jan 22nd is open, EXCEPT for the 19th. Morning or afternoon is ok.

If this location and time works for the Minister we can arrange quickly.

If you are ok, could Jeanette check availability and preference of MAV?
