***Copies of the feasibility study and/ or studies cited by the Premier as as the reason for the government's decision to withdraw its support for a national park in the Okanagan.***

***On February 8th, the Premier reiterated the government's already public decision to not support a national park in the Okanagan and cited a "feasibility study" as the basis for the government decision. Please see the media clip below for reference.***

***Premier Christy Clark: We do not, as a province, support a national park -- that proposal for a national park. And the reason why is because the majority of people don't want it. Clark says a feasibility study indicates a majority of people don't want a park, yet nothing from the study has been made available to the public, so when we asked Clark for information from the study, this is what she said: Premier Clark: Well, I mean, I think we can probably make some data available, but I'll tell you, I travel a lot around the province -- and so do all of our MLAs -- and we hear way more from people who say they just don't want a national park. They don't want the changes that it would bring. (08-Feb-2012 Premier asked for proof By CHBC News at 5:00)***

What works best for you? 10? Or just forward via email when you're ready.

I'll see about finding a minister in the morning and can check back in with you before dropping them off for LG signature.

Hi Sandy,

Hoping you can help us book John and the Premier for the regional webcast pre-shoot between March 12 – 16 (we can go as late as March 23 if needed).

Because of timing last year, John took on the larger role and the Premier filmed a short intro for webcasts. Please let us know which scenario is preferred for this year:

- Scenario 1 – like 2011, Premier tapes short introduction and John introduces the categories and winners
  - Approx time commitment\* - Premier approx 1-2 hours, John approx 5-6 hours
- Scenario 2 – John tapes short intro and Premier introduces the categories and winners
  - Approx time commitment\* - Premier approx 2-3 hours, John approx 2 hours

*\*Times based on experience from last year.*

Should we approach Jon Chant about writing the Premier's script? My team is writing John's script.

thx, sh
