A few notes:

- Public Cross-enrolments: Grade 10-12 students already attending a high school and taking supplemental courses
- Adults are split because non-graduated adult tuitions are paid for out of the public school allocation; graduated adults from a special grant
- Unfunded carryover includes tuition-paying international students and students who started a course in 1 school year, (Biology 11 for example), and would still be in the system the following school year, but receive no new funding)
- For each school year, includes September, February, and May counts, but no duplicate enrolments; every student is counted once for headcount.
