Notice is hereby given by the Ministry of Environment of its intent to extend the current Strathcona Provincial Park Backcountry Operations contract with Jeremy Arthur McArthur (dba Windy Park Operations).

Notice of Intent attached

**20798891**

**(For posting on BC Bid starting Nov 14<sup>th</sup>)  
NOTICE OF INTENT TO CONTRACT**

Notice is hereby given by the Ministry of Environment of its intent to extend the current Strathcona Provincial Park Backcountry Operations contract with Jeremy Arthur Mearthur (dba Windy Park Operations) to provide the following services:

- Seasonal full service operation of Strathcona Provincial Park Backcountry Area to agreed Park Standards for both operation and maintenance of the Park during the annual operating season from May 15<sup>th</sup> through October 15<sup>th</sup> annually for a yearly total of 22 weeks.
- The contract is expected to cover 2 operating seasons.
- Services to be provided in the three following areas:  
1) Bedwell Lakes Trail; 2) Elk River Trail; 3) Forbidden Plateau

The contract will not exceed a value of \$73,000 annually and is expected to cover a period of 24 months, starting November, 2011.

The Ministry did not call for vendor proposals for the following reasons:

- The Ministry is currently conducting a review of its current service delivery model and the intent of this extension is to align this opportunity with the majority of BC Parks service delivery opportunities. A Request For Proposal will be posted on BC Bid in 2013 for the 2014 operating season and beyond.
- The current contractor has extensive experience in Park maintenance and management in Backcountry Operations, specifically in this particular park..

Vendors who object to this decision should call Andy Smith, BC Parks Strathcona Area Supervisor on or before 4:30pm pacific time November 23, 2011, presenting specific reasons for their objection. If justified, a vendor's meeting, with Ministry representatives present to discuss the decision, will be called to receive vendor objections regarding this contract.

Vendor ability to offer products and services resulting in the same or better solutions at a lower cost in the same timeframe will be the key criterion with regard to the consideration of vendor objections.

Yours truly,

Don Cadden

- (ii) The Permittee agrees that it will not permit any contractor of that party, or any of that contractor's "workers" (as that term is defined in the *Workers Compensation Act*), to:
- (a) work on a project specified in the Annual Operating Plans, or
  - (b) enter on, use or occupy the Operating Area, unless the party has obtained written confirmation from the Workers Compensation Board that the contractor

6. **ARTICLE VI – FINANCIAL GUARANTEE** Section 6.02 (C) is modified as shown by the underlining below:

- 6.02 (c) We may use the Financial Security for the payment of any costs and expenses incurred by us to perform any of your obligations under this Agreement that are not performed by you, provided we have given you notice and an opportunity to perform the required obligations, appropriate to the circumstances. If such event occurs, you will, within 30 days of that event, deliver further Financial Security to us in an amount equal to the amount drawn down by us.

7. **ARTICLE XVI – INTERPRETATION** a new section 16.07 is added as follows:

16.07 Any reference or requirement in the Permit that requires the Permittee to keep, provide, show, deliver or otherwise allow the Province or its agent to see or use books, records, receipts or similar documentation only pertains or applies to those books, records, receipts or similar documentation created to record its business, revenues and costs under the Agreement that directly affect the Province. For greater clarification, nothing in the Permit will require the Permittee to provide the Province with information related to any business or business operations outside those expressly provided for by the Permit nor any information related to sources of income or costs that do not directly relate to, or affect Park Act Services or other services required under the terms of the Park Use Permit. Without limiting the generality of the foregoing, the Permittee does not have to provide the Province with any books, records, receipts or similar documentation related to any business not related to Park Act Services or other services required under the terms of the Park Use Permit nor for any businesses such as firewood sales, ice sales or concessions run within the Parks.

8. **ARTICLE XVI – INTERPRETATION** a new **section 16.08** is added as follows:

16.08 The Province may, from time to time, on prior written notice to you, appoint a third party contractor as the Prime Contractor in connection with works and activities that may be undertaken and performed at any location or locations in the Operating Area, for a period of time. These works and activities will not be any works or activities that you currently undertake pursuant to this Permit and to the satisfaction of the Province but will be primarily construction activities taking place within your area of operation and therefore may overlap with your current operations. Such works and activities, location(s), and period(s) of time will be specified and defined by us in the written notice. You will cooperate in good faith with the new designated Prime Contractor to ensure a safe and seamless transition between the two parties and the commencement and conclusion of the work. On conclusion of the works and activities referenced in this section, we will deliver written notice to you and you will resume the responsibilities of the Prime Contractor in connection with the Permit at the applicable location.

9. **ARTICLE XVI – INTERPRETATION** a new **section 16.09** is added as follows:

16.09 Nothing in this subsection is intended to allow us to replace you or substitute services for those you are currently providing to the satisfaction of the Province.

WITNESS THAT WHEREAS:

- A. The Province issued Park Use Permit No. VI0410128 to the Permittee on May 6, 2004, modified by way of Permit Modification Agreement #1 (June 2004), wherein the Province authorized the use of the Permit Area by the Permittee and Park Users on certain terms and conditions (the "Permit").

- Remove Schedule "D" – Financial Obligations, and replace it with the attached, revised, "Schedule D";

2. The Operational Standards (2004) are amended in the following manner:

2) for all surplus person-days, or that amount over 10 person-days, calculate a dollar amount (calculated using that year's average wage amount for a backcountry labourer) and either apply it to a project mutually agreed to by the parties, or deduct the amount from the next payment identified in Schedule D, in accordance with Schedule D items 1.3 and 1.6 or under Article VI, Section 6.02 of this is permit, or;

I, **GREG WITT** declare that I and any employees or subcontractors who would be involved in providing services under Permit # **V10410128**, are former employees of the Province of British Columbia subject to the terms of an Early Retirement or Voluntary Departure agreement with the Province.

I, **N/A**, declare that I, and any employees or sub-contractors who will be involved in providing services under Contract # **N/A**, who are former employees of the Province of British Columbia and who are subject to the terms of an Early Retirement or Voluntary Departure agreement with the Province, are in compliance with such agreement, and in particular with that provision of the agreement which states:

"Furthermore, I agree that if I am re-employed in the public service (for excluded employees, the public sector) within the period of time covered by my lump sum VDP (for example: 8 years of service seniority X 3 weeks per year = 24 weeks) I will reimburse the Government of British Columbia the portion of the payment associated with the period of time remaining. For example, an employee receiving 24 weeks VDP, if re-employed 16 weeks after resigning, would repay the equivalent of 8 weeks pay.
