TIMBER MARK DESIGNATION

Non-Exportable Crown Grant

N A
G O G

Timber cut from the above area is not subject to payment of royalty. Exemption is set out in Section 82 (4) of the *Forest Act*, R.S.B.C., 1979.

The Timber Mark held under this certificate expires on 20th day of April, 1999

This certificate is subject to parts 5, 6, 10, and 13 of the *Forest Act* and the attached conditions.

P. S. Gateley
Deputy Registrar of Timber Marks

All timber removed from the said area shall be scaled in accordance with the provisions of the *Forest Act* and amendments and regulations. A Regional Scaling Manager, Regional Manager or District Manager may at any time during the term of this authority designate in writing the place of scaling of the said timber.

This Certificate does not constitute any acknowledgement that the above lands are owned by the party to whom the mark is issued or that the said party has any rights to the said lands or the timber thereon.

This Certificate does not constitute any authority to cut timber.

It is the responsibility of the holder to locate all legal boundaries pertaining to the above noted lands and to ensure that cutting is confined to those areas. By accepting this Timber Mark the holder agrees to be responsible for all wood returned to this mark.

A Timber Mark is *not transferable*.

Unless exempted from this requirement, all timber must be hammer indented on each end of each piece on the area of origin, as soon as possible after it is cut and prior to any transportation off the area.

Timber that will be waterborne or subject to export shall not be exempted from 100 percent timber marking.

Before timber can be exported from the province, a permit to export goods must be obtained from External Affairs Canada.

Where logs or log products are sold, the net profit is subject to a 10% tax under the *British Columbia Logging Tax Act*.

For scaling, marking and documentation requirements contact your nearest local district office in your area.

This timber certificate will be subject to cancellation if these conditions are not met.

Timber Mark: NAGOG

s.22

Dear Sir:

Enclosed is a copy of your Timber Mark, NAGOG, for Parcel A (see 126218I) of Sublot 7, District Lot 323, Kootenay Land District, Plan X-6. Please use this mark in all future correspondence.

You are now authorized to move your timber off this property to a designated scaling station of your choice. All timber must be hammer marked with your registered mark, NAGOG. In lieu of the 100 percent marking requirements a minimum of eight (8) hammer marks shall be affixed to the load, two (2) at each outside midpoint on the front of the load, two (2) at each outside midpoint on the back of the load and two (2) marks at the bottom corners of the load both back and front. The hammer marks must be indented prior to the load leaving the area of origin.

Timber that is to be transported out of the Nelson Forest Region or is prescaled must have a Load Destination Notice (FS 1146) attached to the front of the load and a copy with the driver. Prescaled loads must be marked at eight (8) points with an N51.

This exemption does not apply to timber that is to be exported from the Province or timber destined for the Vancouver Forest Region. Timber to be exported must be covered by a separate written application to the Regional Manager before any export timber is to be exempted from the requirements of Section 65(1)(b). Timber destined for the Vancouver Forest Region must be 100 percent hammer marked.

If a Letter of Marking Authority has been issued instead of a Registered Timber Mark, you may use the above exemption using a lumber crayon or paint marking instead of hammer marking.

In addition to Marking requirements, we would also like to bring your attention to the requirements of Section 110, 117 and 118 of the Forest Act. Section 117 and 118 provide for the disposal of slash and snags on any properties located within 1 kilometer of forest. Section 110 requires that a class 'A' burning permit must be obtained prior to burning land clearing or logging debris.

We have also enclosed a copy of B.C. Reg 557/58 "Fire Prevention Regulations" which outlines tool requirements for the period of April 15 to October 15.

If you have any questions or concerns please contact the Cranbrook District Office at 426-1700.

Yours truly,

A handwritten signature in black ink, appearing to be 'R.R. Greenfield', with a stylized, looped structure and a long horizontal stroke extending to the right.
