CCTV NEWS is the English language news channel of China Central Television (CCTV), the nation's largest national broadcasting network. The channel grew out of CCTV International, which was launched on September 25, 2000. Its wide range of coverage includes newscasts, in-depth reports, and commentary programs, as well as a host of feature presentations.

CCTV NEWS is China's contribution to greater diversity and wider perspectives in the global information flow. With a special focus on China, the channel also emphasizes events taking place in Asia and all developing countries. It provides international audiences with a window into understanding China and the world at large. Recent years, CCTV has also launched CCTV America in Washington DC and CCTV Africa in Kenya.
