Dear Minister: *Mike*

Further to our letter of December 3, 2013 regarding our Budget 2014 request for funding for dykes in the Chilliwack area, we requested from the City further clarification as to the highest priority items and amounts that are necessary to continue to provide protection against flooding in our respective ridings. Please find attached the response to our request, which provides further precision for you and your staff.

This issue remains top of mind in the wake of flooding in Calgary and other extreme weather events across North America. We need to be prepared for whatever may happen in the future.

Thank you for your early attention to this matter.

Sincerely,

Laurie Throness
