Regulatory standards. Move toward

[348.7m] (1:5 yr. HWM) vs 348.3

* Erosion control vs landscaping.
RAR vs W-Act.

- Retaining wall BMP should be changed
- below HWM vs above HWM.
- observed non-compliance with F. Act.
- In and about a stream?

RAR W-Act.

Duane & Mark to meet with
FCBC to present ~~to~~ WCA referral
Screening process. (DFO checklist).

- DFO will change BMP
to reflect 348.7 m HWM for
Shuswap & Mara (348.8)

- Transition period ends Sept 1.

* Communicate this to SHPP.

Is everyone available for Dec. 17th? I'd be happy to host at DFO's office.

Are there other agenda items people would like to discuss while we are together?

Thanks, Michael C

Subject: Shuswap Lake Issues

I would like to have meeting to discuss adjusting some of the regulatory standards for development activities for Shuswap lake. particularly:

s.16

s.16

Would there be support for such a meeting, and would people be available to meet sometime this month or early December?

Thanks, Michael C
