REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On January 27, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Leiding and your submissions, I find there is one determinative issue in this review.

Did you have a reasonable excuse?

I am satisfied that you had a reasonable excuse for failing to comply with the ASD demand. Having made this decision, I do not need to consider other issues.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including **February 11, 2014**. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

A peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

I will consider all of the grounds of review which are relevant to the type of prohibition indicated on the Notice the peace officer served.

Records at this office confirm that full disclosure of the documents before me was provided to your representative, Paul Doroshenko. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Were you a driver within the meaning of section 215.41(1) of the Act?

After reviewing the evidence before me, I do not find that I have sufficient evidence to indicate that you were in care and control of the vehicle.

I am satisfied that you were not a driver within the meaning of section 215.41 of the Act.

Having made this finding I do not need to consider any further grounds in this review.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Please note that the corresponding vehicle impoundment is also revoked. Records at the office indicate that the vehicle has been released to the registered owner.

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (the "ASD") registered a "FAIL" as a result of your blood alcohol concentration ("BAC") being not less than 80 milligrams of alcohol in 100 millilitres of blood ("80 mg%");
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the *Act* requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all information provided to me.

Preliminary Matters

Our records indicate that your lawyer, Jeremy Carr, received full disclosure of the documents before me. I have proceeded with the review based on this confirmation.

Upon review of the evidence, I find that the Report to Superintendent has not been properly sworn. As a result, there is insufficient evidence before me to support the charge against you.

Having made this finding, there is no need to address the issues in this review.

DECISION

As a result of my finding, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have already paid for the release of your vehicle, you are eligible to have the towing and storage costs reimbursed by the Superintendent up to the amounts set out in the *Lien on Impounded Motor Vehicle Regulation* under the *Motor Vehicle Act*. Information concerning this Regulation can be found online at:

http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/952568628

Upon receipt of your proof of payment, the Superintendent of Motor Vehicles will pay the towing and storage costs up to and including December 24, 2013, the date our office previously ordered the release of your vehicle. ***Original receipts and invoices with proof of payment must be submitted for reimbursement.*** Examples of proof of payment include a towing and storage invoice created by the impound lot noting payment and a zero balance owing; invoice and cancelled cheque or credit card transaction slip; invoice and copies of identifiable payments from bank or credit card statements. In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

On your application for review you selected the ground “I did not refuse or fail to comply with the officer’s demand to provide a breath sample”. This ground is not applicable to your situation because of the reason for which you were prohibited. For your benefit, I have considered all of the grounds available to you in this review that relate to the reason for which you were prohibited.

Records at this office confirm that full disclosure of the documents before me was provided to you. I have proceeded with this review based on that confirmation.

In your submission you stated that

s.22 You state that
and

s.22 You request that s.22

s.22 While I understand and appreciate your situation, I am not authorized to consider hardship, personal circumstances, employment, driving record or transportation needs in this review. The scope of this review is limited to the grounds as defined by the Act which are outlined below

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Were you a driver within the meaning of section 215.41(1) of the Act?

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act. Introduction

On May 19, 2013, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (the “ASD”) registered a “WARN” as a result of your blood alcohol concentration (“BAC”) being not less than 50 milligrams of alcohol in 100 millilitres of blood (“50 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the *Act* requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all information provided to me. However, please note that I will only be addressing submissions and evidence that are relevant to the issues in this review.

Preliminary Matters

Records at this office confirm that your legal counsel, Tony Zipp, received full disclosure of the documents before me. I have proceeded with the review based on this confirmation.

Issues

- Were you a driver within the meaning of section 215.41(1) of the *Act*?
- Did the ASD register a “WARN”?
- Were you advised of your right to request a second analysis?

- If requested, was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the result of the ASD reliable?
- Was the ASD "WARN" a result of your BAC exceeding 50 mg%?

Facts, Evidence and AnalysisWere you a driver within the meaning of section 215.41(1) of the Act?

In considering the documents provided by Officer Cranmer, I find that he has failed to provide evidence sufficient to establish that you were a driver within the meaning of section 215.41(1) of the Act, on May 19, 2013 at 2300 hours.

Having made this finding, there is no need to consider the other issues in this review.

Decision

Based on the evidence before me, I revoke your driving prohibition, monetary penalty and vehicle impoundment as required by s. 215.5(4) of the *Act*. As a result, the prohibition has been removed from your driving record.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Upon receipt of your proof of payment, the Superintendent of Motor Vehicles will pay your towing and storage costs for the 3-day vehicle impoundment. Original receipts and invoices with proof of payment must be attached. You must also enclose a copy of this letter to ensure the correct charges are refunded to you. You may send your receipts and invoices to the address on page one of this letter.

REVIEW DECISION Immediate Roadside Prohibition (IRP) No. s.22

Introduction

On January 25, 2014, a peace officer served you with a Notice of Driving Prohibition (the Notice). You applied to the Superintendent of Motor Vehicles for a review of your prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);

- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the start of the oral hearing your lawyer, Kyla Lee, acknowledged that she received disclosure.

Ms. Lee argued that the evidence before me is not properly sworn. She stated that as per the decision in *Murray v. the British Columbia* the Report to Superintendent (RTS) must be sworn or solemnly affirmed. Ms. Lee argued that the Act specifically states that the report must be a report in the form established by the Superintendent. Ms. Lee submitted that the Report to Superintendent Supplemental to file is not in the form established by the Superintendent.

In considering the Report to Superintendent Supplemental to file I note that the officer indicated that the jurat was inadvertently not completed properly. I also note that the officer indicated that he attached the entire IRP submission to the Supplemental to file and he attested to contents of that Report. Further, I note that the Report to Superintendent Supplemental to file was signed by the

officer and a commissioner for taking affidavits for British Columbia. I find the evidence before me is properly sworn.

Issues

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to request a second analysis?
- If requested, was the second analysis provided by the officer and performed using a different ASD?
- Was the ASD reliable?
- Was the Notice served on the basis of the lower analysis result?

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Was the second analysis provided by the officer and performed using a different ASD?

Having considered the evidence before me, I find that a second analysis was not provided.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Section 215.5(1) of the *Motor Vehicle Act* (the "Act") requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1) of the Act;
- the approved screening device ("ASD") registered a "fail" as a result of your blood alcohol concentration ("BAC") being not less than 80 milligrams of alcohol in 100 millilitres of blood (80 mg%);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing your lawyer, Cathryn Waker, confirmed that full disclosure of the documents before me was provided to her. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “fail”, and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

There is one issue that is determinative of this hearing.

Was the ASD reliable?

After considering the evidence before me, I am not satisfied the ASDs were reliable.

Having made this finding I do not have to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including the date of this letter. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On January 25, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing your lawyer, Sarah Leamon, confirmed that she had received all of the disclosure documents before me. I proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Swanberg and your lawyer's submissions, I find there is one determinative issue in this review.

Did you have a reasonable excuse?

The undisputed evidence before me is that you failed or refused to comply with the ASD demand; however, Ms. Leamon argued that you had a reasonable excuse for not providing a suitable breath sample on demand.

Having considered all the evidence before me in this particular set of circumstances, I find the officer's evidence raises questions in my mind about the reliability of the ASD used in this case. I find it is more likely than not that the ASD was unreliable.

I am satisfied that you had a reasonable excuse to fail or refuse to comply with the ASD demand. Having made this finding, I do not need to consider any other issues.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me. I consider only the grounds of review which are relevant to the type of prohibition indicated on the Notice the peace officer served. Records at this office confirm that full disclosure of the documents before me was provided to you. I have proceeded with this review based on that confirmation.

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Was the ASD reliable?

I am not satisfied that the ASD result obtained from the sample of your breath was reliable.

Having made this finding, I do not have to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On February 1, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all information provided to me. However, please note that I will only be addressing submissions and evidence that are relevant to the issues in this review.

Preliminary Matters

Records at this office confirm that your legal counsel, William Jessop, received full disclosure of the documents before me. I have proceeded with the review based on this confirmation.

Issues

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Were you a driver within the meaning of section 215.41(1) of the Act?

In his evidence, Officer Robinson indicates that on February 1, 2014 at 0148 hours, he observed you s.22

There is no evidence before me to refute this.

Based on the evidence, I am satisfied that you were a driver within the meaning of section 215.41(1) of the Act, at the time in question.

Did you fail or refuse to comply with an ASD demand?

The issue of whether you failed or refused to comply with a demand is twofold. First, the evidence must establish that an officer made a demand on you to provide a sample of your breath. Second, the evidence must establish that you failed or refused to comply with the demand.

Mr. Jessop submits that Officer Robinson has failed to provide evidence sufficient to establish that he had reasonable grounds to make an ASD demand on you.

I concur.

Having made this finding, there is no need to consider the other issues in this review.

Decision

Based on the evidence, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of the vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including February 21, 2014. You are responsible for any storage costs beyond that date and should be aware that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);

- if requested, it was provided and performed with a different approved screening device (“ASD”);
- the Notice was served on the basis of the lower analysis result; and,

Preliminary Matters

Our records indicate that your lawyer, Sarah Leamon, received full disclosure of the documents before me. I have proceeded with the review based on this confirmation.

- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Lin and your lawyer's submissions, I find there is one determinative issue in this review.

Were you a driver within the meaning of section 215.41(1) of the Act?

After considering all the evidence before me in this specific set of circumstances, I find the officer did not provide sufficient evidence to support the IRP.

I am satisfied on a balance of probabilities that you were not a driver within the meaning of section 215.41(1) of the Act, as set out in the officer's evidence. Having made this finding, I do not need to consider other issues.

Decision

As a result of my finding, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Introduction

On February 10, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I have been delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1) of the Act;
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the *Motor Vehicle Act* requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing, your lawyer Kevin Filkow confirmed that he had received all of the disclosure documents before me. I have proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Did you fail or refuse to comply with an ASD demand?

There are two matters for me to determine in this issue. I must determine whether the peace officer made a valid demand, and whether you failed or refused to comply with that demand.

I do not find the evidence before me to be sufficient to establish that you failed to comply with the ASD demand.

Decision

As a result of my findings I revoke your driving prohibition, monetary penalty and vehicle impoundment as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Abmiotka and your submissions, I find there is one determinative issue in this review.

Were you a driver within the meaning of section 215.41(1) of the Act?

Based on all the evidence before me in this particular set of circumstances, I find that you did not have care or control of the vehicle at the relevant time. Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On January 25, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the ASD registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different approved screening device (“ASD”);
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

In your application for review, you only selected a few of the available grounds. For your benefit, I have considered all of the grounds available to you that relate to the reason for which you were prohibited.

Records at this office confirm that your written review was scheduled for February 12, 2014, at 9:30 AM. You were required to make any submissions you wished to be considered prior to this date and time. I have not received any submissions from you or on your behalf. As such, I have proceeded with this review based on the information before me at this time.

Upon review of the evidence, I find that the Report to Superintendent has not been properly sworn. As a result, there is insufficient evidence before me to support this prohibition.

Having made this finding, there is no need to address the issues in this review.

DECISION

As a result of my finding, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Please note that the corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including February 13, 2014, the date the vehicle was eligible for release. The registered owner is responsible for any storage costs beyond that date. If the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On February 9, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the ASD registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different approved screening device (“ASD”);
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was provided to your lawyer, Isaac Ferbey. I have proceeded with this review based on that confirmation.

Facts, Evidence and Analysis

In reviewing the evidence before me, I note that the Notice of Driving Prohibition states that you are prohibited from driving because a sample of your breath on an ASD registered a "FAIL" and your ability to drive was affected by alcohol. There is no evidence before me to support this allegation. Consequently, I cannot uphold this prohibition.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including February 21, 2014. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On January 17, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

I will consider all of the grounds of review which are relevant to the type of prohibition indicated on the Notice the peace officer served.

Records at this office confirm that full disclosure of the documents before me was provided to your representative, Jeremy Carr. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did an ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Were the ASDs reliable?

After reviewing the evidence before me, I do not find that I have sufficient evidence to indicate that the ASDs were properly calibrated at the time of your analyses.

I am satisfied that the ASDs were not reliable.

Having made this finding, I do not need to consider any further grounds in this review.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

The Superintendent of Motor Vehicles will pay towing and storage costs up to and including the date of this letter. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

Preliminary Matters

I will consider all of the grounds available to you in this review that are appropriate to the circumstances under which you were issued the prohibition.

Records at this office confirm that full disclosure of the documents before me was provided to your lawyer, Sarah Leamon. At the time of the hearing and to date, I have not received any submissions from either Ms. Leamon or you. I have proceeded with this review based on a consideration of the information I have before me.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?

Having made this finding I do not have to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Our records indicate that you received full disclosure of the documents before me. I have proceeded with the review based on this confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “FAIL”, and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?

- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Bellamy, I find there is one determinative issue in this review.

Were the ASDs reliable?

I am not satisfied that the ASD used to perform the first analysis was reliable.

Having made this finding, I do not have to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. Introduction

On January 12, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different approved screening device (“ASD”);
- the Notice was served on the basis of the lower analysis result; and,

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was provided to your lawyer, Philip Cote. I proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “FAIL”, and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Leonard and your lawyer's submissions, I find there is one determinative issue in this review.

Was the second analysis provided by the officer?

Constable Leonard's submissions contain internal inconsistencies that raise questions in my mind about the reliability of her evidence. As a result of the specific evidence before me in this particular case, I am satisfied that the second analysis was not provided by the officer. Having made this finding, I do not need to consider any other issues.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

In reaching my decision on this review, I must consider all information provided to me.

Preliminary Matters

Our records indicate that your lawyer, Jack Harris, received full disclosure of the documents before me. I have proceeded with the review based on this confirmation.

Upon review of the evidence, I find that the Report to Superintendent has not been properly sworn. As a result, there is insufficient evidence before me to support the charge against you.

Having made this finding, there is no need to address the issues in this review.

DECISION

As a result of my finding, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have already paid for the release of your vehicle, you are eligible to have the towing and storage costs reimbursed by the Superintendent up to the amounts set out in the *Lien on Impounded Motor Vehicle Regulation* under the *Motor Vehicle Act*. Information concerning this Regulation can be found online at:

http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/952568628

Upon receipt of your proof of payment, the Superintendent of Motor Vehicles will pay the towing and storage costs up to and including November 14, 2013, the date our office previously ordered the release of your vehicle. ***Original receipts and invoices with proof of payment must be submitted for reimbursement.*** Examples of proof of payment include a towing and storage invoice created by the impound lot noting payment and a zero balance owing; invoice and cancelled cheque or credit card transaction slip; invoice and copies of identifiable payments from bank or credit card statements. Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

You applied on a two grounds, one of which is not applicable to your review due to the reason for which you were prohibited. I have considered all the grounds available to you.

Records indicate your lawyer, Jennifer Currie, received full disclosure.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?
- Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Was the ASD reliable?

Having considered the evidence before me, I find that the ASD used was unreliable.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On December 15, 2013, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the ASD registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different approved screening device (“ASD”);
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

In your application for review, you did not select all applicable grounds for review. For your benefit, I have considered all of the grounds available to you that relate to the reason for which you were prohibited.

Records at this office confirm that your lawyer, Geoffrey D. Simair, received full disclosure of the documents before me prior to your scheduled hearing. I have proceeded with this review based on that confirmation.

In your lawyer's written submission he argues that the officer did not make a valid demand as the ASD was not with him at the time suspicion was formed and the demand was not made forthwith. The validity of the demand is not an issue in this review. Section 215.5(4) of the Act requires me to revoke a driving prohibition if I am not satisfied of any of the specific grounds set out in that section. The validity of the demand is not a stated ground in section 215.5(4) of the Act, meaning that it is not a ground of review. Therefore, it is not an issue that I am by statute permitted to consider in this review.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the Constable Cawsey's evidence and your lawyer's submissions, I find there is one determinative issue in this review.

Were you a driver within the meaning of section 215.41(1) of the Act?

Based on all the evidence before me, I am not satisfied that you were a driver within the meaning of the Act. Having made this finding, I do not need to consider any other issues.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

Records at this office confirm that you were eligible to obtain a free duplicate driver's licence starting on January 3, 2014. If you have not already obtained a driver's licence from the Insurance Corporation of British Columbia, you may not resume driving until after you have done so. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including January 3, 2014, the date your Notice of Extension was issued and the vehicle was eligible for release. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

Since your IRP review is successful and the prohibition is revoked, you are eligible to have the towing and storage costs reimbursed by the Superintendent up to the amounts set out in the *Lien on Impounded Motor Vehicle Regulation* under the *Motor Vehicle Act*. Information concerning this Regulation can be found online at:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “FAIL”?
- Were you advised of your right to request a second analysis?
- If requested, was the second analysis provided by the officer and performed using a different ASD?

- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?
- Was the ASD "FAIL" a result of your BAC exceeding 80 mg%?

Facts, Evidence and Analysis

Were you a driver within the meaning of section 215.41(1) of the Act?

In his evidence, Officer Angulo indicates that on February 8, 2014 at 0059 hours, he observed you s.22

In your statutory declaration you acknowledge driving.

Based on the evidence, I am satisfied that you were a driver within the meaning of section 215.41(1) of the Act, at the time in question.

Were the ASDs reliable?

In reviewing your evidence and the police documents before me, I find that Officer Angulo has failed to provide evidence sufficient to establish that the ASDs were reliable, at the time in question.

Having made this finding, there is no need to consider the other issues in this review.

Decision

Based on the evidence, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of the vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including February 28, 2014. You are responsible for any storage costs beyond that date and should be aware that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (“ASD”) registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing your lawyer, P. James Butler, confirmed that he had received all of the disclosure documents before me. I have proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “FAIL”, and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence before me, I find there is one issue that is determinative in this review.

Was your BAC less than 80 mg% even though the ASD registered a “FAIL”?

I am satisfied that your BAC was less than 80 mg%.

Having made this finding, I do not have to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

The corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (the “ASD”) registered a “WARN” as a result of your blood alcohol concentration (“BAC”) being not less than 50 milligrams of alcohol in 100 millilitres of blood (“50 mg%”);

Section 215.5(4) of the *Act* requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all information provided to me. However, please note that I will only be addressing submissions and evidence that are relevant to the issues in this review.

Preliminary Matters

Records at this office confirm that you received full disclosure of the documents before me. I have proceeded with the review based on this confirmation.

Issues

- Were you a driver within the meaning of section 215.41(1) of the *Act*?
- Did the ASD register a “WARN”?
- Were you advised of your right to request a second analysis?

- If requested, was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the result of the ASD reliable?
- Was the ASD "WARN" a result of your BAC exceeding 50 mg%?

Facts, Evidence and Analysis

Were you a driver within the meaning of section 215.41(1) of the Act?

In his evidence, Officer Lawson indicates that on January 23, 2014 at 2130 hours, he observed you

s.22

There is no evidence before me to refute this.

Based on the evidence, I am satisfied that you were a driver within the meaning of section 215.41(1) of the Act, at the time in question.

Were you advised of your right to request a second analysis?

I find that Officer Lawson has failed to provide evidence sufficient to establish that you were advised of your right to request a second breath test.

Having made this finding, there is no need to address the other issues in this review.

Decision

Based on the evidence before me, I revoke your driving prohibition, monetary penalty and vehicle impoundment as required by s. 215.5(4) of the *Act*. As a result, the prohibition has been removed from your driving record.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Upon receipt of your proof of payment, the Superintendent of Motor Vehicles will pay your towing and storage costs for the 3-day vehicle impoundment. REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On February 1, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

I will consider all of the grounds of review which are relevant to the type of prohibition indicated on the Notice the peace officer served.

Records at this office confirm that full disclosure of the documents before me was provided to your representative, Brian Juriloff. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Did you fail or refuse to comply with an ASD demand?

There are two matters for me to determine in this issue. I must determine whether the peace officer made a valid demand, and whether you failed or refused to comply with that demand.

After reviewing the evidence before me, I do not find that I have sufficient evidence to indicate that you failed or refused to comply with the officer's demand.

I am satisfied that you did not fail or refuse to comply with the ASD demand.

Having made this finding, I do not need to consider any further grounds in this review.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Preliminary Matters

- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Wilcox and your lawyer's submissions, I find there is one determinative issue in this review.

Were you a driver within the meaning of section 215.41(1) of the Act?

Based on all the evidence before me, I find that the officer did not provide sufficient evidence to establish that you were a driver. I am satisfied that you were not a driver within the meaning of section 215.41(1) of the Act. Having made this finding, I do not need to consider other issues.

- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence of the officer and your submissions, I find there is one determinative issue in this review.

Was the second analysis performed on a different ASD?

Based on all the evidence before me in this particular set of circumstances, I find it more likely than not that the officer did not perform the second analysis on a different ASD. Having made this finding, I do not need to consider any other issues.

I am satisfied that the second analysis was not performed on a different ASD.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including February 14, 2014. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On August 3, 2013, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (“ASD”) registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing I confirmed that full disclosure of the documents before me was provided to your lawyer, Jack Harris. I have proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

As it is determinative of this review, I will only address the following issue.

Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

Based on the evidence before me, I am satisfied that your BAC was less than 80 mg%.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Records at this office show the vehicle has been previously released.

Records at this office confirm that full disclosure of the documents before me was provided to you and your representative, Sarah Leamon. I have proceeded with this review based on that confirmation.

Issues

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Heidman and your lawyer's submissions, I find there is one determinative issue in this review.

Were you a driver within the meaning of section 215.41(1) of the Act?

After considering all the evidence before me in this specific set of circumstances, I find the officer did not provide sufficient evidence to support the IRP.

I am satisfied on a balance of probabilities that you were not a driver within the meaning of section 215.41(1) of the Act, as set out in the officer's evidence. Having made this finding, I do not need to consider other issues.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On January 26, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the ASD registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different approved screening device (“ASD”);
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was provided to your lawyer, Kyla Lee. I proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Bergmark and your lawyer's submissions, I find there is one determinative issue in this review.

Were you a driver within the meaning of section 215.41(1) of the Act?

Having reviewed the Report to Superintendent submitted by Constable Bergmark, I find that it was not properly sworn or solemnly affirmed, so I cannot give any weight to the evidence it contains.

After considering all the evidence before me in this matter, I find the officer did not provide sufficient evidence that you were a driver as defined by the Act. I am satisfied that you were not a driver within the meaning of section 215.41(1) of the Act. Having made this finding, I do not need to consider other issues.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

The corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On July 26, 2013, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

One of the grounds on which you applied for a review is that the ASD, which formed the basis for the prohibition, did not register a FAIL reading. That ground is not applicable to your situation because of the reason for which you were prohibited. For your benefit I have considered all of the grounds which apply in your circumstances.

I have been requested to re-hear the adjudicator’s decision dated August 15, 2013. The Consent Order is dated January 16, 2014, and I have been given 45 days from the date of the Order.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

As it is determinative of this review, I will only address the following ground:

Did you fail or refuse to comply with an ASD demand?

Having considered all of the evidence before me, I am satisfied that you did not fail or refuse to comply with the ASD demand.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Records at this office indicate that the vehicle associated with this IRP has already been released. REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On July 21, 2013, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing your lawyer, Kyla Lee, confirmed that she had received all of the disclosure documents before me. I have proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

As it is determinative of this review, I will only address the following ground:

Did you fail or refuse to comply with an ASD demand?

Having considered all of the evidence before me, I am satisfied that you did not fail or refuse to comply with the ASD demand.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

- if requested, it was provided and performed with a different ASD;

Facts, Evidence and Analysis

There is one issue that is determinative of this matter

Were you a driver within the meaning of section 215.41(1) of the Act?

You said that after you got home and looked through your prohibition paperwork, you realized the officer wrote down the wrong driver's name, address, date of birth and license number on the Notice and VI forms.

Although the officer showed up at your house later that day and gave you new prohibition paperwork, I cannot be satisfied that you were a driver within the meaning of section 215.41(1) of the Act.

Introduction

On February 2, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing you confirmed that you had received all of the disclosure documents before me. I proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “FAIL”, and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Gillingham and your submissions, I find there is one determinative issue in this review.

Was the second analysis performed on a different ASD?

Based on all the evidence before me in this particular set of circumstances, I find it is more likely than not that Constable Gillingham used the same device for both ASD analyses. I am satisfied on a balance of probabilities that the second analysis was not performed on a different ASD.

Having made this finding, I do not need to consider other issues.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Introduction

On January 24, 2014, a peace officer served you with a Notice of Driving Prohibition (Notice). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (Act) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (ASD); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the outset of your hearing you confirmed that you received all the documents relating to your IRP.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Did you fail or refuse to comply with a demand?

When considering the evidence before me, I find that you were not given a demand forthwith or as soon as practicable. Consequently, I find the demand was invalid.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.
