Subject: 2014 Grey Cup announcement

Premier Clark & Minister Bennett

We at Football BC are excited to hear that Vancouver will host the 2014 Grey Cup Game. We appreciate the provincial governments commitment and financial contributions to hosting events like the Grey Cup.

We have 10000 young athletes playing the game across British Columbia. And the BC Government's investment of 2.7 million dollars in the 2014 Grey Cup is equal to 78 years of grants Football BC would receive from the Ministry of Sport. We are hoping we can all play a major part in the 2014 Grey Cup in Vancouver.

The spinoff isn't just economic, it is about getting people involved.

Looking forward to seeing you at the BC Place news conference this morning.

Thanks Again for all your support to Football!
