Dear

**Re: Request for Access to Records**  
***Freedom of Information and Protection of Privacy Act (FOIPPA)***

I am writing further to your request received by the Ministry of Environment. You requested

*"In 1988 B.C was closed to placer mining with a "blanket closure" with only a few places open to placer mining. In 1988 a placer designation was placed on the Horsefly area #4-330210 I would like to see any files pertaining to that, and any scientific research that said it was okay to open up that area.*

*Shortly afterwards there was a "no placer staking" put on the area-  
No staking #329600*

*I would like to know why that occurred and the scientific research behind that, and any reasons and files pertaining to that. I would also like to know who requested the "no placer staking" reserve. I have been told it was the ministry of environment that requested the "no staking reserve. However on the Mineral titles web page it says that the Mineral titles requested the "no placer staking # 329600."*
