Sunday Sep 16 - 1-4 PM Carousel - Corp Cruise - 63 pax
Sunday Sep 16 - 7-10 pm Eloquent - Family Birthday - 40 ish pax

I also have relayed my thoughts to Jo regarding all of us collectively formulating a list of folks we don't want to cater to! On two occasions recently, an accounting type has inquired, booked and paid for a boat only to have it filled the day of the cruise with the Heineken White types. Not cool in my mind. There have been no problems on board but ?????

Have a great and safe week.

Subject: Heineken White Meeting

Thank you for taking the time to meet with us today. I believe it was a productive meeting which generated several good ideas moving forward.

As discussed, perhaps we should schedule a meeting prior to Halloween at which time, the industry can decide how they would like to move forward with regular meetings. Myself and A/Sgt Graham Webb from the Marine Unit will be available to assist with the goal of having consistent communication and a solid working group heading into the 2013 Charter Season. Joe GHATTAS from Onguard Security will continue to work on getting the information from Bar Watch on becoming seasonal members.

For Operators who want start sending their schedules to Graham Webb now, please use the VPD Marine generic website address at VPDMarine@gmail.com in addition to his personal address. The rest of the members involved with the meeting have been cc'd so that responding should be easy.

Thanks again for your attendance and please feel free to contact me should you have concerns or questions about upcoming events.

Re: Heineken White Boat Cruise

August 12/12

The reason for the meeting was to discuss with the vessel Owner/ licensee's the issues identified by the Police, Coast Guard and EHS regarding the event.

Attending the meeting were:

Not Responsive

Not Responsive MV Burrard Queen-Jim Jefferies;

VPD- Alex Clarke, Graham Webb (marine squad) , Bob Alexander (EHS)

LCLB- Donna Lister, Bruce Clark

On August 12th , promoter Savio Maharaj of Maharaj Media Corp organized and managed the Heineken White Boat Cruise sponsored by Molson's Heineken.

Six vessels were involved along with
aboard the vessels.

Not Responsive

approximately 11-1300 patrons were

There was a pre-party on the dock at the plaza of nations/ Edgewater casino where patrons received their color coded bands (for whatever boat they were to board) they were then directed to the Edgewater Casino to party before boarding.

One of the larger boats was not permitted to sail which created a problem with patrons who did not like the smaller boat that was set up for them.

Not Responsive

The Burrard Queen was reported to have a large fight on board so they returned to dock an hour early. The fight was not reported to police or coast guard at any time by the master of vessel at sea or when docked.

Not Responsive

A sexual assault was reported

Gang members were identified on board several of the boats

Open drug use identified on all of the boats

A alleged intoxicated patron jumped overboard while the boat (u/k which vessel) was docking at the Plaza of Nations

In conclusion, the volume of active criminal/gang related patrons, the level of intoxication and the wide spread drug use created a situation that was extremely volatile and unsafe for patrons, staff and first responders. Police resources were required to attend the plaza of nations from 2 districts to deal with the patrons disembarking.

All vessel owners were very unhappy with what they heard and have agreed to meet as a group every 2-3 months to discuss any issues they may have had with promoters or groups.

owners have agreed to provide the VPD liquor coordinator and marine squad and LCLB with their full itinerary of events throughout the season.

owners have also agreed to review all promoters before allowing them to book their vessels

owners have agreed that they will ensure that there is adequate security on board

owners have agreed to ensure that the master of the ship and the staff are aware of the terms and conditions of the liquor license as well as the rules of vessels on the water

owners will be working towards becoming part of Barwatch

On August 29th representatives Daryn Medwid and Aussie Jiwani from Molson Coors attended a meeting at the VRO to discuss the issues identified at the event sponsored by their product. Also present at the meeting were Alex Clarke, Graham Webb, Lee Patterson and Bruce Clark. The meeting was to advise Molson what had happened and to suggest that perhaps they should review their event sponsorships more closely in the future. They have agreed to advise LCLB on any large event on the water that they sponsor.

Although there is insufficient detail in the police report on each vessel to proceed with enforcement, the licensee's were advised that the meeting would be added to their file with the LCLB as a compliance meeting.

Attended to 1600 Johnston St at app 1900 hrs, where this vessel is secured. The LCLB working with the VPD, responded to this vessel due to information that was received regarding intoxicated minors attending for an un-sanctioned grad event.(Called Puke-Fest on Facebook)
The VPD provided the intel, that Facebook had advertised the Event. The following LCLB staff were in attendance. Bruce Edmunsen, Donna Lister and Bruce Clark. From the VPD...Marine Sq, Patrol Members, Liquor Liason Officer.
The vessel was inspected by RI Bruce Clark. I spoke to the Master Captain, Don Vild. I requested the liquor licence and floorplans to the vessel. I located it and observed that it was valid. However, Vild was most unco-opertive. he demaded to know why we were on the ship. He stated the liquor licence wasnt being used that night and there was going to be no foood served.
I advised him that technically, they were operating the licence "out of class", as food had to be present when the licence was in effect. He didnt seem to appreciate this message.
vPD arrested 5 minors who were attempting to board the vessel for intoxication. The Owners son attended,(Rick?) who was advised of the situation. he was co-operative.
It was brought to our attention that the Promoter wasnt on scene. Rick stated that this was not acceptable for him to operate the vessel. A Representative from the promoter attened later who liased with the vessel master and owners son.
There was four security personel present who also searched the patrons and their bags. No persons were allowed on the ship who were intoxicated or had consumed liquor. The vessel departed at app 2200 hrs..
No other issues or concerns were observed.
