Hi Erin,

Many thanks for your comments and input below. We have incorporated your input provided to date (please see my comments to your individual points below in green). We can still consider any input provided back to us by end of morning on Monday. Once again our apologies for the time squeeze due to our tight timeline in completing the discussion guide – and thank you for our input so far.

I will be s22 – so please be sure to send any further feedback tomorrow to Sarah Mcpherson (cc'd).

All the best,
John

Hi John,

Thanks for sharing the attached draft guide.

As this document discusses a number of Ministry initiatives and has some areas where material has yet to be developed & inserted into the draft, we'd appreciate more time to provide feedback s22 so would be nice to get her thoughts also). To keep things moving along though, initial comments below:

- GMT Replacement discussion “British Columbia’s Ministry of Transportation and Infrastructure is planning for a replacement of the existing George Massey Tunnel...” please update to: “British Columbia’s Ministry of Transportation and Infrastructure is undertaking planning work for options to replace the existing George Massey Tunnel”. Thank you. We have updated this with language direct from the release on Friday.
