He has knowledge, expertise in writing strategic plans and meets the deadlines required as of March. 31/2012.
GREAT NORTHERN BRIDGEWORKS LTD.	50,000	EQUIPMENT RENTAL AGREEMENT	Unforeseen emergency - This contract was awarded to Great Northern Bridge (GNB) to complete repair works of flood damaged infrastructure caused by the June 2011 floods in the Peace region. Prior to awarding this work to GNB previous attempts were made to hire a contractor to complete the woks but no contractors could arranged This was primarily due to the amount of available work in the Peace region. Subsequent to this GNB was in the area completing another contract and it was decided to utilize there services to complete the works.
HAK CONSULTING LTD.	24,600	FI12FHQ342 - Redcedar Breeding and Pollen Collections	This contract is for continuing work on red cedar breeding. All of these tasks require a thorough knowledge of redcedar reproductive biology, pollen maturation, collection and storage, and environmental cues, technical expertise for flower induction, parent tree nutritional requirements, seed collection and processing. Mr. Hak has developed the protocols necessary to perform these tasks, is the only technical person competent to successful carry out this work, and as well, is familiar with this project.

NORTHWEST HYDRAULIC CONSULTANTS LTD.	4,995	Fraser River Hydraulic Profile for projected sea level rise by 2100	Sole Source
NORTHWEST HYDRAULIC CONSULTANTS LTD.	25,000	Lower Fraser River Hydraulic Model	Value under \$25,000; meets government criteria for direct award
NOSHAD, DAVID	24,848	FI12FHQ381 - Investigative research into western redcedar resistance to cedar leaf blight	Rationale on file: This contract is for pathogen and resistance studies with cedar leaf blight and western redcedar including pathogenicity, inoculation, screening for resistance using electron microscopy and molecular techniques. All of these tasks require a thorough knowledge of pathological diagnostic techniques and intimate knowledge of cedar leaf blight life cycle. Dr. David Noshad, a plant pathologist, has a proven track record in this field and has worked on contracts with us in the past (e.g. western white pine blister rust studies with John King). There are no other qualified pathologists available on contract that could complete these studies competently and in a timely manner. Dr. Noshad has competitive rates as compared to other scientific contractors performing similar tasks.
OCEAN PACIFIC MARINE SUPPLY LTD.	25,000	FY12 GS12NAE727 SL 40191, PRJ 716611, REFIT CONTRACT FOR MV FOREST PATROL	The MV Forest Patrol is a unique ship used by the Ministry of Forest, Lands and Natural Resource Operations (FLNRO) to access remote areas on the North Island and Central Coast. It was specifically refitted from an ex-RCMP vessel for the Ministry of Forests in the early 90 s. For the last approximately 15 years Ocean Pacific has been the contractor used for the annual refit work done to the vessel. At this time there are only about half a dozen locations that have the ability to haul a 54 vessel out of the water and deal with hull and machinery issues such as rebuilding diesel engines, marine electronics, fire fighting systems, life raft certification etc. Oceans Pacific s shipyard in Campbell River is also the closest refit location to the vessels home port in Bella Coola, which works to simplify the logistics involved with getting the boat to the shipyard.
O'NEILL, AMY CATHERINE	15,000	Data Analysis and Lab Work for WADF Climate (EP1202) and Post Wildfire Erosion (EP1371)	Value under \$25,000; meets government criteria for direct award
ORLOFF, AVRIL	3,750	Graphic Recording for FLNRO Provincial Business Meeting	Value under \$25,000; meets government criteria for direct award
PACIFIC CLIMATE IMPACTS CONSORTIUM	17,857	Improve the availability and relevance of information on climate variability and climate change for application in resource mgmt in BC.	The Pacific Climate Impacts Consortium (PCIC) has the necessary experienced personnel in climate change analysis and the climate databases for this project. No other group in western Canada has this level of personnel
PAKAWAU GEOMANAGEMENT INC.	8,850	FEES - Mining Essentials Training for 35 staff in Smithers	Value under \$25,000; meets government criteria for direct award
PARKER, ROBIN L	2,500	Robin Lawrence Parker - 10005-40/EN12DMK014 - Equipment Rental Agreement	Unforeseeable emergency - Emergency road repairs; washout, people stranded. He was on the Protection list. We were looking for anyone available on that long week to assist.
PEARSON, TINA-MARIE	5,000	FY12 FS12NAE719 SL 40112, PRJ 714515	Value under \$25,000; meets government criteria for direct award
PEDERSEN MANAGEMENT SERVICES	6,200	CROWN LAND EFFICIENCY PROJECT	Value under \$25,000; meets government criteria for direct award
PEMBLE, DENNIS W*	5,040	Construct and deliver 16 fire rings.	Value under \$25,000; meets government criteria for direct award
PHILLIPS, NONA ARLENE	3,300	OT12FHQ420 - Kootenay Lake Sample Selection - 2012	Value under \$25,000; meets government criteria for direct award
PIERCE LEFEBVRE CONSULTING	24,975	FY12-OT12FHQ349 - Fees-Sylvie Lefebvre dba Pierce Lefebvre Consulting-Socio-Economic Component and Indicator Development for the NorthWest and West Okanaga Demonstration Projects	The contractor has specific knowledge and expertise required to complete this work, as it builds upon work they completed for another agency (MoE) last fiscal year, and it would be significantly more expensive and inefficient to engage a new consultant to complete this second phase of work. The contractor has specific knowledge and expertise (over 20 years of experience working with the forest sector and government, related to this area of review).
POINT ELLICE HOUSE PRESERVATION SOCIETY	6,850	ENERGY ASSESSMENT AND EMERGENCY ELECTRICAL REPAIRS	Value under \$25,000; meets government criteria for direct award
POINT ELLICE HOUSE PRESERVATION SOCIETY	5,822	Various tree services - public safety risks	Unforeseeable emergency
