Spreadsheet showing all tablet devices purchased by this branch and the recipient of each machine on 2nd September, 2011

Prepared by:

Divisional Support Services Branch,

Shared Services BC

Ministry of Labour and Citizen Services

Please note the Government of BC does not centralize tablet acquisitions, so this list will not include **any** devices acquired directly by other Ministries and provincial agencies.

Each Ministry would have to be approached directly for a list of their tablet purchases.

Our branch only purchased Ipads, which met our security requirements.

The tablets allocated to David Henry are to be distributed to government sub-committees under the control of the Legislative Precinct.
