1.) I will contact Oliver on who they expect their side as well as any vehicle provision and particulars around arrival/departure

2.) Do you want to take a stab at the Scenario Note for :
Corporate Call: Tour of Rudong LNG - Petrochina

As I've never been there myself, you have and understand you have a better understanding of the facility and the objectives for going there for visuals and media.

3.) I'll pull together what I can for Airport arrival to site back to site and departure - pretty straightforward

4.) After PCC plane is wheels up NR

My main job will be getting the right bodies from SH to Nantong ^{NR} as well as the BC delegation is well looked after , which I know it will be by RD RT and RGE. I will also confirm with you the participation of Consul General - most likely we will have the CG join us in Nantong and join the group in the vehicles arranged and that have access to RD RT.

Look forward to hearing from you and discussing further.

RD RT will be in charge of all these. I have coordinated with them and keep in close touch with them. May I suggest we leave more opportunities for RD RT? They are quite experienced in receiving VIP delegations.

RD RT facilities is not that spacious, we have to guarantee its daily safety production. Outside cars without permits are beyond access. Number of visitors are limited. I suggest we leave more seats for premier's delegation, to reduce reception people number. I worry that Too many cooks would spoil the soup.

Please provide ID information of Canada's Consul General in Shanghai? We need to put him in the premier's delegation list.

Barinder, and dear all, please put your heart at ease. RD RT visit will be organized efficiently. And please provide name-lists of working teams from BC side. I do suggest the list be as short as possible.

I will be number one coordinator from RGE side. Barinder will

be number one coordinator from BC side (correct?) And Mr. Chen will be number one coordinator from RD RT. we three keep close contact, particularly in Nov. 23. Of course, we three have our subordinate groups to support.

John, I might call you this afternoon for details.

主题: On the ground logistics Nov. 23 BC Premier

Oliver,

In follow-up to Barinder's note my office in Shanghai is starting to look at on the ground movements from Nantong Airport to Rudong NR on Nov. 23.

Nov. 22

a.) We will have a group coming from Shanghai including myself and staying overnight in Nantong on the night of Nov. 22 to greet the Premiers group when they arrive at the Nantong Airport - will send you a note under separate cover on who - we are currently booked at the s15 Nantong. For this advance group some will be driving up from Shanghai and some flying direct into Nantong on Nov. 22

Nov. 23

b.) We will be sending an advance group - (3+ people) out to Rudong in the morning in preparation for the Premiers arrival - your guidance and co-ordination on having this group received early in the day by Rudong Facility management.

c.) We are looking to arrange transport for the group from Nantong Airport out to Rudong - we are planning on arranging vehicles - does RGE have any plans around this and who from

RGE and Rudong Terminal management will be in Nantong?

d.) We will have an additional party from Shanghai driving up and joining the Premier's visit to Rudong - that is Canada's Consul General in Shanghai - this should be 1-2 additional people.

Nov. 18

As discussed by phone we will be making a drive through Nantong and up to Rudong.

Will call you this week to discuss the above as well as the management of getting all the right people to the right place at the right time.

Regards,

John

Annette,

Yes this makes sense and helps planning people in vehicles - notes / comments:

- Noted updates on TJ and NR arriving on commercial jet morning of Nov. 23 - we will greet at airport

- Nov. 23 NR - recommend putting Alvin Liu in vehicle with this team and leaving Paul Irwin behind to greet delegation if we are restricted on seats

s15

s15

Look to you on decision making, communicating this and managing
RGE's expectations as you are closer to the decision makers BC
side as well as better understanding of the BC proponents.

2.) Oliver walked me through an expanded scenario for Nov. 23 that
includes a one-hour lunch at the terminal and an estimated
departure time from Nantong at 17:10 - this means later arrival

NR I have requested for him to provide in writing.

Can I ask that you provide direct feedback on any deviation or
scheduled changes that are proposed by Rudong as you are closer to

the decision making back in Vancouver. Oliver recognizes that this makes for a long day - so feedback sooner that manages expectations and allows for alterations is better.

3.) Can you expand and communicate direct to Oliver and cc: me what your expectations are for any advance actually out to Rudong on the 23rd. Do you want Ben and NR out to Rudong earlier in the morning? If so we will need to arrange a vehicle - either our own or through Rudong.

Thanks,

John

the lunch, the short PPT presentation, the visit details, the interview, s16 ... everything. In terms of preparations, they have several working teams with specific duties assigned. RD RT will be in charge of all these. I have coordinated with them and keep in close touch with them. May I suggest we leave more opportunities for RD RT? They are quite experienced in receiving VIP delegations.

RD RT facilities is not that spacious, we have to guarantee its daily safety production. Outside cars without permits are beyond access. Number of visitors are limited. I suggest we leave more seats for premier's delegation, to reduce reception people number. I worry that Too many cooks would spoil the soup.

Please provide ID information of Canada's Consul General in Shanghai? We need to put him in the premier's delegation list.

Barinder, and dear all, please put your heart at ease. RD RT visit will be organized efficiently. And please provide name-lists of working teams from BC side. I do suggest the list be as short as possible.

I will be number one coordinator from RGE side. Barinder will be

number one coordinator from BC side (correct?) And Mr. Chen will be number one coordinator from RD RT. we three keep close contact, particularly in Nov. 23. Of course, we three have our subordinate groups to support.

John, I might call you this afternoon for details.

主题: On the ground logistics Nov. 23 BC Premier

Oliver,

In follow-up to Barinder's note my office in Shanghai is starting to look at on the ground movements from Nantong Airport to Rudong and NR on Nov. 23.

Nov. 22

a.) We will have a group coming from Shanghai including myself and staying overnight in Nantong on the night of Nov. 22 to greet the Premiers group when they arrive at the Nantong Airport - will send you a n separate cover on who - we are currently booked at the s15 Nantong. For this advance group some will be driving up from Shanghai and some flying direct into Nantong on Nov. 22

Nov. 23

b.) We will be sending an advance group - (3+ people) out to Rudong in the morning in preparation for the Premiers arrival - your guidance and co-ordination on having this group received early in the day by Rudong Facility management.

c.) We are looking to arrange transport for the group from Nantong Airport out to Rudong - we are planning on arranging vehicles - does RGE have any plans around this and who from RGE and Rudong Terminal management will be in Nantong?

d.) We will have an additional party from Shanghai driving up and joining the Premier's visit to Rudong - that is Canada's Consul General in Shanghai - this should be 1-2 additional people.

Nov. 18

As discussed by phone we will be making a drive through Nantong and up to Rudong.

Will call you this week to discuss the above as well as the management of getting all the right people to the right place at the right time.

Regards,

John

Dear John,

Sorry for late reply. I was away for a short biz trip, and just

returned. A complete itinerary of RD RT visit is ready, only with some details to be confirmed. The airport pick-up, s15

s15

the lunch, the short PPT presentation, the visit details, the interview, s16 everything. In terms of preparations, they have several working teams with specific duties assigned. RD RT will be in charge of all these. I have coordinated with them and keep in close touch with them. May I suggest we leave more opportunities for RD RT? They are quite experienced in receiving VIP delegations.

RD RT facilities is not that spacious, we have to guarantee its daily safety production. Outside cars without permits are beyond access. Number of visitors are limited. I suggest we leave more seats for premier's delegation, to reduce reception people number. I worry that Too many cooks would spoil the soup.

Please provide ID information of Canada's Consul General in Shanghai? We need to put him in the premier's delegation list.

Barinder, and dear all, please put your heart at ease. RD RT visit will be organized efficiently. And please provide name-lists of working teams from BC side. I do suggest the list be as short as possible.

I will be number one coordinator from RGE side. Barinder will be number one coordinator from BC side (correct?) And Mr. Chen will be number one coordinator from RD RT. we three keep close contact, particularly in Nov. 23. Of course, we three have our subordinate groups to support.

John, I might call you this afternoon for details.

Best regards,

Oliver

主题: On the ground logistics Nov. 23 BC Premier

Oliver,

In follow-up to Barinder's note my office in Shanghai is starting to look at on the ground movements from Nantong Airport to Rudong and NR on Nov. 23.

Nov. 22

a.) We will have a group coming from Shanghai including myself and staying overnight in Nantong on the night of Nov. 22 to greet the Premiers group when they arrive at the Nantong Airport - will send you a note under separate cover on who - we are currently booked at the s15 Nantong. For this advance group some will be driving up from Shanghai and some flying direct into Nantong on Nov. 22

Nov. 23

b.) We will be sending an advance group - (3+ people) out to Rudong in the morning in preparation for the Premiers arrival - your guidance and co-ordination on having this group received early in the day by Rudong Facility management.

c.) We are looking to arrange transport for the group from Nantong Airport out to Rudong - we are planning on arranging vehicles - does RGE have any plans around this and who from RGE and Rudong Terminal management will be in Nantong?

d.) We will have an additional party from Shanghai driving up and joining the Premier's visit to Rudong - that is Canada's Consul General in Shanghai - this should be 1-2 additional people.

Nov. 18

As discussed by phone we will be making a drive through Nantong and up to Rudong.

Will call you this week to discuss the above as well as the management of getting all the right people to the right place at the right time.

Regards,

John

Oliver,

Thanks for your support, we have been in contact with Mr. Chen and will be seeing him on Monday for our drive timing.

Appreciate you also giving us earliest confirmation on flight approvals/airport particulars as confirmed by your Flights department - departure and arrival times for Beijing - Nantong - Chengdu.

Its confirmed that Rick Savone, Canada's Consul General will meet the group at Nantong airport and accompany us to the LNG Facility - I will have his ID information for you shortly as requested.

Premier

Oliver,

Thanks for your co-ordination we have got some logistical details down in regards to luggage etc. Some additional updates on logistics our side:

1.) Nov. 18 - I along with Alvin will be driving to Nantong and Rudong on Nov. 18 to get familiar with the drive times. Can you please notify Mr. Chen that Alvin will be contacting him so that we can do a quick advance visit out towards the terminal.

2.) Nov. 23 - Early Group - we will have a group depart early in the morning from Nantong out to Rudong facility - approx. 8am - this is primarily cameramen and communications people - to get to Rudong early for site review and camera set-up - Barinder will be sending additional information to this request

3.) Vehicle Requests - please see below our vehicle requests for transport of groups from Nantong-Rudong- NR to ensure comfort and efficiency of movement of people

s15, s13

I hope to have for you tomorrow a finalized seating plan in the vehicles for our delegates

NR

RD RT facilities is not that spacious, we have to guarantee its daily safety production. Outside cars without permits are beyond access. Number of visitors are limited. I suggest we leave more seats for premier's delegation, to reduce reception people number. I worry that Too many cooks would spoil the soup.

Please provide ID information of Canada's Consul General in Shanghai? We need to put him in the premier's delegation list.

Barinder, and dear all, please put your heart at ease. RD RT visit will be organized efficiently. And please provide name-lists of working teams from BC side. I do suggest the list be as short as possible.

I will be number one coordinator from RGE side. Barinder will be number one coordinator from BC side (correct?) And Mr. Chen will be number one coordinator from RD RT. we three keep close contact, particularly in Nov. 23. Of course, we three have our subordinate groups to support.

John, I might call you this afternoon for details.

Premier

Oliver,

In follow-up to Barinder's note my office in Shanghai is starting to look at on the ground movements from Nantong Airport to Rudong NR on Nov. 23.

Nov. 22

a.) We will have a group coming from Shanghai including myself and staying overnight in Nantong on the night of Nov. 22 to greet the Premiers group when they arrive at the Nantong Airport - will send you a note under separate cover on who - we are currently booked at the s15 Nantong. For this advance group some will be driving up from Shanghai and some flying direct into Nantong on Nov. 22

Nov. 23

b.) We will be sending an advance group - (3+ people) out to Rudong in the morning in preparation for the Premiers arrival - your

guidance and co-ordination on having this group received early in the day by Rudong Facility management.

c.) We are looking to arrange transport for the group from Nantong Airport out to Rudong - we are planning on arranging vehicles - does RGE have any plans around this and who from RGE and Rudong Terminal management will be in Nantong?

d.) We will have an additional party from Shanghai driving up and joining the Premier's visit to Rudong - that is Canada's Consul General in Shanghai - this should be 1-2 additional people.

Nov. 18

As discussed by phone we will be making a drive through Nantong and up to Rudong.

Will call you this week to discuss the above as well as the management of getting all the right

people to the right
place at the right
time.

Barinder,

Some additional comments for Rudong:

- 1.) how many cameras/types in total being brought out to Rudong by the advanced media group - Rudong needs advance notice for permission - can you check with Kyle and I will check with NR
 - we have been told that personal cameras are permitted at the main site with the LNG tanks
- s15

s15

2.) Safety Hats - all those taking the terminal/dock tour are required to wear Safety Hats - this was stressed especially as CNPC head office representatives will also be present

3.) Convenience breaks - we scouted out possible pit-stops on the way to and from Airport - Rudong LNG and we recommend that everyone use on board jet facilities as needed as we will be stepping from plane into car convoy and so as not slow down group with a middle pit-stop. We know where they are if we need them.

Meeting/Accompanying Advance groups:

Nov. 22

1.) John McDonald to meet and pick up and escort to Nantong

Ben Chin

NR

2.) Alvin Liu and Jessie Jiang to drive to Nantong and meet at Nantong Airport arriving on CA1513 @ 17:15

Paul Irwin

NR

Kyle Surovy

Nov. 23

3.) John McDonald, NR to Nantong Airport to meet arriving on KN5929 @ 9:40

主题: nov. 14 update Re: 答复: On the ground logistics Nov. 23 BC Premier

Oliver,

Thanks for your co-ordination we have got some logistical details down in regards to luggage etc. Some additional updates on logistics our side:

1.) Nov. 18 - I along with Alvin will be driving to Nantong and Rudong on Nov. 18 to get familiar with the drive times. Can you please notify Mr. Chen that Alvin will be contacting him so that we can do a quick advance visit out towards the terminal.

2.) Nov. 23 - Early Group - we will have a group depart early in the morning from Nantong out to Rudong facility - approx. 8am - this is primarily cameramen and communications people - to get to Rudong early for site review and camera set-up - Barinder will be sending additional information to this request

3.) Vehicle Requests - please see below our vehicle requests for transport of groups from Nantong-Rudong NR to ensure comfort and efficiency of movement of people

s15, s13

I hope to have for you tomorrow a finalized seating plan in the vehicles for our delegates

NR

NR

My office will be responsible for transporting the remainder people in Nantong back to Shanghai.

Thanks - imagine RD RT is very experienced in receiving VIP delegations and will defer to their expertise as hosts - would be interested in reviewing the airport pick-up and vehicle plans with you at your earliest convenience as well as the in the RD RT scenario.

My main job will be getting the right bodies from SH to Nantong NR as well as the BC delegation is well looked after , which I know it will be by RD RT and RGE. I will also confirm with you the participation of Consul General - most likely we will have the CG join us in Nantong and join the group in the vehicles arranged and that have access to RD RT.

Look forward to hearing from you and discussing further.

Dear John,

Sorry for late reply. I was away for a short biz trip, and just returned. A complete itinerary of RD RT visit is ready, only with some details to be confirmed. The airport pick-up, s15

s15 the lunch, the short PPT presentation, the visit details, the interview, s16 everything. In terms of preparations, they have several working teams with specific duties assigned. RD RT will be in charge of all these. I have coordinated with them and keep in close touch with them. May I suggest we leave more opportunities for RD RT? They are quite experienced in receiving VIP delegations.

RD RT facilities is not that spacious, we have to guarantee its daily safety production. Outside cars without permits are beyond access. Number of visitors are limited. I suggest we leave more seats for premier's delegation, to reduce reception people number. I worry that Too many cooks would spoil the soup.

Please provide ID information of Canada's Consul General in Shanghai? We need to put him in the premier's delegation list.

Barinder, and dear all, please put your heart at ease. RD RT visit will be organized efficiently. And please provide name-lists of working teams from BC side. I do suggest the list be as short as possible.

I will be number one coordinator from RGE side. Barinder will be number one coordinator from BC side (correct?) And Mr. Chen will be number one coordinator from RD RT. we three keep close contact, particularly in Nov. 23. Of course, we three have our subordinate

groups to support.

John, I might call you this afternoon for details.

主题: On the ground logistics Nov. 23 BC Premier

Oliver,

In follow-up to Barinder's note my office in Shanghai is starting to look at on the ground movements from Nantong Airport to Rudong and NR on Nov. 23.

Nov. 22

a.) We will have a group coming from Shanghai including myself and staying overnight in Nantong on the night of Nov. 22 to greet the Premiers group when they arrive at the Nantong Airport - will send you a note under separate cover on who - we are currently booked at the s15 Nantong. For this advance group some will be driving up from Shanghai and some flying direct into Nantong on Nov. 22

Nov. 23

b.) We will be sending an advance group - (3+ people) out to Rudong in the morning in preparation for the Premiers arrival - your guidance and co-ordination on having this group received early in the day by Rudong Facility management.

c.) We are looking to arrange transport for the group from Nantong Airport out to Rudong - we are planning on arranging vehicles - does RGE have any plans around this and who from RGE and Rudong Terminal management will be in Nantong?

d.) We will have an additional party from Shanghai driving up and joining the Premier's visit to Rudong - that is Canada's Consul General in Shanghai - this should be 1-2 additional people.

Nov. 18

As discussed by phone we will be making a drive through Nantong and up to Rudong.

Will call you this week to discuss the above as well as the management of getting all the right people to the right place at the right time.

Regards,

John

3. Which hotel will
premier stay in
Beijing? Please
inform, because
we need to count

time between
hotel and airport.
Do you need us
to provide pick
ups from and to
airport? Please
advise.

We had a conference
call this afternoon
with Mr. Chen, DGM
