Further to this, if you click on the article link below the stores closing are identified.

The BSO team and the investigators are aware of closing times etc. I expect that we will be asked to close our stores on Wednesday the Canucks do not win tonight.

**Subject:** GAME 7

Justin

I now have word from our Head Office that our stores will be closing at 4PM tomorrow for Game 7. As a result, I would appreciate if you could provide the same coverage as we did for Game 6 yesterday.

- Store 094 - Bute: Two Officers until 4PM. One to stay after closing until all staff leave the store.
- Store 112 - Cardero: Two Officers until 4PM. One to stay after closing until all staff leave the store.
- Store 053 - Harbour Centre: Please assign one Officer to this store from noon until 4PM when the store closes. (This is an addition from yesterday)
- Store 233 - Robson: Two Officers until 4PM. One to stay after closing until all staff leave the store.
- Store 191 - Yaletown: Two Officers until 4PM. One to stay after closing until all staff leave the store.
- Store 129 - Bute & Alberni: Leave the 0930-1530 Officer as is. Please move the 1100 AM Officer and the 3:PM Officer ahead to start at 1000. After the store closes, the latter two officers should stay until all staff leave the store.

The stores involved have varying regular closing hours and it is those hours that are being used to determine how long the staff will have to stay after they all close 4PM. In short, in the early closing stores (ie Bute which closes at 6PM) the staff will be allowed to leave by 5PM or so. In the later closing stores (ie Robson which regularly closes at 11PM) staff may be required to stay until 6PM. Stay tuned on this element...things may change.

I realize this is a bit complicated but if we simply say that one Officer stays in the store until staff leave (except 129 where we want two) that should simplify it.

Mike,

I've spoken with our Scheduling Department regarding pulling in these officers early. They are making the calls right now. Harbour Centre we probably won't be able to get the officer in any earlier than it was scheduled to start as he's coming from New West and is probably already on his way. They are however going to try.

Bute St the officer is being contacted to see if he can attend ASAP. I'll keep you updated.

14) 2011.06.16, 02:54 HRS, BCLS 233 ROBSON - INTRUSION - POLICE CALLOUT

At the above noted time CSCC received alarm notifications from BCLS 233 Robson. Utilizing the digital video network CSCC connected to the store -no apparent property damage or suspicious activity was noted. However, CSCC called Vancouver Police to attend the store due to ongoing security concerns in downtown Vancouver. V.P.D. Dispatch reported that they had already received calls from area residents regarding alarms sounding in the vicinity of the BCLS. Police units were on scene within minutes of being contacted and reported that the store was secure-no property damage was noted. Also, a KC was NOT called out to the store in relation to this incident as per V.P.D. Dispatch instructions. CSCC reset the store alarm system via Pman.
