Minister Polak
Room 112
Parliament Buildings
Victoria, British Columbia
V8K 1X4

Dear Minister Polak,

RE: Delta's 2013 Climate Smart Program and Live Smart BC Small Business Program report.

I am forwarding a report I received from Delta's Office of Climate Action and Environment dated February 25, 2014

Delta Council has endorsed the Climate Action Revenue Incentive Program process report and submitted it to the Province. They look forward to working toward the three goals set out in the program, benefitting from the rebate and continuing to be a leader as an energy efficient community

Sincerely,

Scott Hamilton
Member of Legislative Assembly
Delta North
