Re: Business Licence Renewal

To Whom It May Concern,

It has been brought to our attention that our company has been listed as having an "Invalid Business Licence" on your website. We submitted our renewal package in December 2009.

We have been operating a security business since 1998 and have been in good standing with no violations to date. It is unfortunate that this was brought to our attention by a member of the public and that your system does not have the ability to notify us (or you) when an account is overdue.

We are not sure what happened but understandably there were several lost or misplaced employee applications during the Olympic ramp up. We trust that this will not reflect on us and our good standing as we have always complied with your Ministry's rules and regulations.

Sincerely,

Barry R. Wilding

NOTE TO FILE**Re:** Sensor Protection Group Ltd.

Talked to Barry Wilding, regarding letter and renewal application.

Reminded him that the business is responsible to ensure their license is renewed. The license is to be posted on the place of business wall. If they have not received the renewed license it is their responsibility to call us and find out where their license is.

I have asked for a copy of insurance and told him that it will cost \$500 for year to reactivate his Business license.

He told me they have all the paperwork they sent in Dec. I asked if they have.

The tax confirmation sheet.

I asked if we should ^{continue to} process, yes! was his answer.

I reminded him with every renewal we require a copy of their insurance. The office would be providing this.
