Updated Messaging re: BCTF Call to Appoint Vince Ready as Mediator

- Government is open to the appointment of an independent mediator, whether that be Mr. Ready or any other individual who can help us to get to a negotiated agreement.
- Regardless of who plays that role, the reality is that an agreement must be within the affordability zone. Mediation is no magic bullet.
- The government has a fundamental obligation to balance the budget and treat all 300,000 public sector workers fairly.
- That fundamental obligation cannot be mediated or arbitrated away.

You on the desk? Lucky man!

No word from Ready. Conference call was speculative and was not expected, Cameron only voicing "at the very earliest" sentiments.

Scott ole boy, by any chance have you got any word on whether Vince Ready has been successfully press ganged into stickhandling this thing? We were told a conference call with the two sides and Ready was in the wind for today. You hear anything?
