3:45 works. Trying to get Nasir, his phone is dead. Waiting for him to call using Scott's phone.

Once this is approved, we can turn this into a Traffic Advisory which should go out immediately. Given it is already 3:05 suggest moving the media avail to 3:45. Does that work. Elizabeth is sending you the address and a map which we will provide to media.

Waiting to find out from Scott what media showed up. He has Janet Brown's number and knows to call her after media avail is done.
