Hi Minister, hi Greg,

I've put together a draft of the powerpoint, including the figures from the factsheets. I've left the final two slides (Current Steps and Next Steps) blank for the moment, and have sent it to John Jacobsen for those sections.

Thanks,
Raz

Hi Raz

I have attached some of the background material that I have assembled around organ donation registration.

The Kidney Foundation of Canada – BC Branch released an updated media release on April 22nd that provided some updated survey information.

95% of British Columbians support the idea of donating a kidney to someone in need.
51% of surveyed British Columbians believe they are registered as an organ donor
19% - actual number of British Columbians registered for organ donation.

Thanks for helping with this.

Greg

Following my presentation to MLA's yesterday on the Doing Business with Government Project, I would like to re-send my note from April 9th containing links to the report, the corresponding news release as well as the Small Business Accord. Also attached is my op-ed on the one year anniversary of the Small Business Accord from March 20th. This document includes information on the Doing Business with Government Report.

Thank you,
Hon. Naomi Yamamoto
Minister of State for Tourism and Small Business

This message has been sent to all BC Liberal MLAs and CAs

Dear Colleagues and CA's,

As you know, our Government is committed to making BC the most Small Business friendly jurisdiction in Canada. With that as our goal, on March 19th we released a report titled "Doing Business with Government Project." The report makes 12 recommendations to make it easier for Small Businesses to sell to government. Our government accepted all of the report's recommendations.

The "Doing Business with Government Project" builds on one of the 6 key principles of the BC Small Business Accord, established one year ago, to reduce barriers to government's procurement process. As over one million people own, operate or work for a small business, it's important that government create long-term growth opportunities for small business. This is another example of promise made and promise kept by this government to the BC Small Business community.

I encourage you to check out the report at:
http://www.jtst.gov.bc.ca/selltobcgov/docs/DoingBusinessWithGovtProject_v04.pdf

For more information, here is the link to the News Release: <http://www.newsroom.gov.bc.ca/2014/03/making-it-easier-for-businesses-to-work-with-government.html>

If you have any questions about the report or what it means for small businesses in your riding, please contact my Executive Assistant, Geoff Ingram. geoff.ingram@gov.bc.ca or 250-953-0948.

Thank you,
Hon. Naomi Yamamoto
