Dear Mr. Nixon

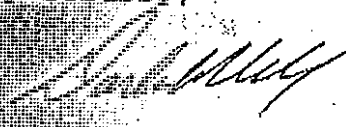

RE: Trapline Registered to James Morrison.

This letter is to advise your Ministry that I, Darlene Woodcock, have ancestral rights to this territory. I am a Wing Chief to Txa Hockya (James Morrison). Mr. Morrison passed away September 29, 1993.

I am aware that the Ministry is no longer registering traplines until the land claims are settled but will accept an application for a "permit to use" the trapline. I intend to trap there this winter. Please advise me of the procedure for completing the "permit to use" application.

Dear Sir:

Re: Estate of Moses Negap

The late Mr. Negap had a trapline registered in his name. The relatives now desire to effect a transfer.

This transfer should be from the late Moses Negap to Alec Gunanoot, showing Gerry Gunanoot as partner. Our cheque in the amount of \$2.50 in this transfer is enclosed herewith.

We have very little information in our files on this trapline and, therefore, it would be appreciated if you could draw up the necessary cancellation and transfer papers. If this were forwarded to this office together with a copy of map we would obtain the signatures necessary, including our own.

ESTATE OF MOSES NEGAP

In reply to your letter of June 20th, 1957, in which you requested transfer of Moses Negap trapline to ~~the~~ Gunanoot, I wish to advise as follows.

The transfer mentioned above could not possibly be made due to the fact that Moses Negap does not own a trapline according to our records. He did, however, hold a trapline registered in lat. 55:40, long. 127:30, but this line was transferred to Sarah Gunanoot & Co in 1952.

I am very sorry for the delay in this matter but ^{the} line was hard to locate and it was through our head office the records were found.

Attached please find cheque #B 59531, for the sum of \$2.50, this being returned as transfer could not be carried out.

Prince George, B.C.,
October 25th, 1957.

In regard to the above I wish to advise that the transfer mentioned above could not possibly be made due to the fact that Moses Negap does not own a trapline according to our records. He did, however, hold a trap-line registered in lat. 55:40, long. 127:30, but this line was transferred to Sarah Gunanoot & Co in 1952. Enclosed please find copy of cancellation form and also the cancelled registration.

SUBJECT:

Trap-lines -- Moses Negap

Attached please find information regarding Moses Negap line which is in the Smithers area. This line was the one you were unable to locate in your files.

I have written the Indian Agent and given him the reasons for not being able to carry out his wish for transferring of the above line. Also returned his cheque for the amount of \$2.50

Believe this clears up the matter.

A handwritten signature in dark ink, appearing to read "D.B. Steuart".

Dear Sir:

Re: Estate of Moses Negap

The late Mr. Negap had a trapline registered in his name. The relatives now desire to effect a transfer.

This transfer should be from the late Moses Negap to Alec Gunanoot, showing Gerry Gunanoot as partner. Our cheque in the amount of \$2.50 in this transfer is enclosed herewith.

We have very little information in our files on this trapline and, therefore, it would be appreciated if you could draw up the necessary cancellation and transfer papers. If this were forwarded to this office together with a copy of map we would obtain the signatures necessary, including our own.

Re: Alice Williams & Co. Registration

Dear Sir:

Will you please delete the name Mrs. Amelia Angus from the above trapline. This is the same person who has registered The Hazel Amelia Dick trapline.

In that respect the latter trapline should be registered as the Hazel Amelia Angus trapline, as Miss. H. A. Dick has now married Mr. James Angus with a subsequent change of name. What is the procedure to accomplish this.

Yours truly,

Dear s.22

Re: Trapline 607T011

I have checked our records and cannot find much more than I offered when you were in our office. Would it be possible for you to contact Irene Cournoyer and work out an arrangement that suits the both of you? That may mean registering the trapline in both names or working out something to allow a number of people to trap on the line, etc.

If you can work out a deal, please let us know and we will endeavor to facilitate your wishes.

If you have any questions, please contact me at 847-7804.

Dear s.22

As we discussed on the phone today, I am enclosing a BC Trapline Registration Form. For you to be registered on trapline 607T011 we will need the form to be filled out with your name, address and signature along with that of the current holder, Mrs. Irene Cournoyer, of Hazelton, BC. We will also require a cheque for \$25.00 to process the registration.

If you require further information, please call me at 847-7693.

Yours truly,

-trapline registered to Irene Cournoyer in 1994

s.22 into office today. She argues that she is the rightful holder of this registration because she holds the s.22

s.22 not happy that she would need Irene Cournoyer's permission to have her name added

-I gave her a copy of a registration form, and told her I required both their names and signatures to change the registration

-I pointed out that I mailed her a registration form back in 1996, and had heard nothing back

-I also told her that if Irene Cournoyer isn't agreeable to adding her name, she would have to send a letter to the RM requesting she be placed on the line and explaining why.

A handwritten signature in cursive script, appearing to read "Mullin", with a long horizontal stroke extending to the right.

Note to File re: Trapline TR0607T011

July 24, 2013

- No changes on record to trapline registration since NTF of September 9, 2011
- s.22 in office today to ask why her name is not on the trapline and to request the names of trapline holders on the line in question and all neighboring traplines.
- She said Irene Cournoyer (now deceased) signed transfer application document that would allow her to register on the trapline, and that s.22 paid the \$50 registration fee last year. She claims fee payment was made in this office (Nora Building) with the Front Counter staff
- There is no record of the application on file in this office or with PASB in Victoria.
- I provided s.22 with a map of the trapline (607T011) and the names of all registered trapline holders on adjacent traplines.
- s.22 is upset that the payment and application she claims to have made has not been processed.
- I instructed her to find and bring in the receipt of payment and/or a copy of the letter that Irene Cournoyer signed, and we would continue the application process.
- If she is unable to find the receipt and/or letter I instructed her to write a letter to the regional manager, and I provided her with my card to assist her if she chose to go that route.

Note to File re: Trapline TR0607T011

March 6, 2014

- s.22 stopped in the office today to see if she was listed on the registration of this trapline.
- I explained that the only registered holder we have on file is Irene Cournoyer, Irene was added onto the line in 1994, and was the only one on that registration at that point.
- s.22 explained that she had already paid the \$50 and wanted to know why she was not added to the line yet. I thought perhaps the paper work had been lost. There was no record of payment here in Smithers. I called Kirsten Morberg in Victoria (Permit Office for PASB). She checked and could not find it at first in their electronic system. She checked the file and found record of payment from August 2012. She said that the registration had been incomplete and at that time a letter was sent out to s.22 to get the missing information. There was no response received from PASB.
- s.22 also told me that Irene has now passed away.
- I provided s.22 with a new registration form. She indicated she wants to be added, and some other folks as well to the registration of this trapline. I asked her to write a letter explaining who and why she wants them on the trapline (basically a history), and told her to put each person's name on the registration form and have them each sign it and provide their contact info.
- s.22 said she will be back in the office next week to go over the form/letter with me, and I will make her a photocopy and then send it down to Victoria. I told her I would be out of the office next Thurs/Fri, so it would have to be before then.

Dear Doreen Mowatt:

Re: Trapline 607T014

As you requested, please find enclosed a copy of a map showing the boundaries of trapline 607T014. I have also enclosed copies of registration forms completed in 1965 and 1968, where the trapline was registered to Wilmer Johnson and Company, with members on the trapline listed as: Wilmer Johnson, James Robinson, Walter Sampson, Doreen Mowatt, Jacob Mowatt, Martha Johnson and Ethel Milton.

Our current index indicates that there have been no changes made to the 1968 registration, and the individuals listed above remain the co-holders of this registration.

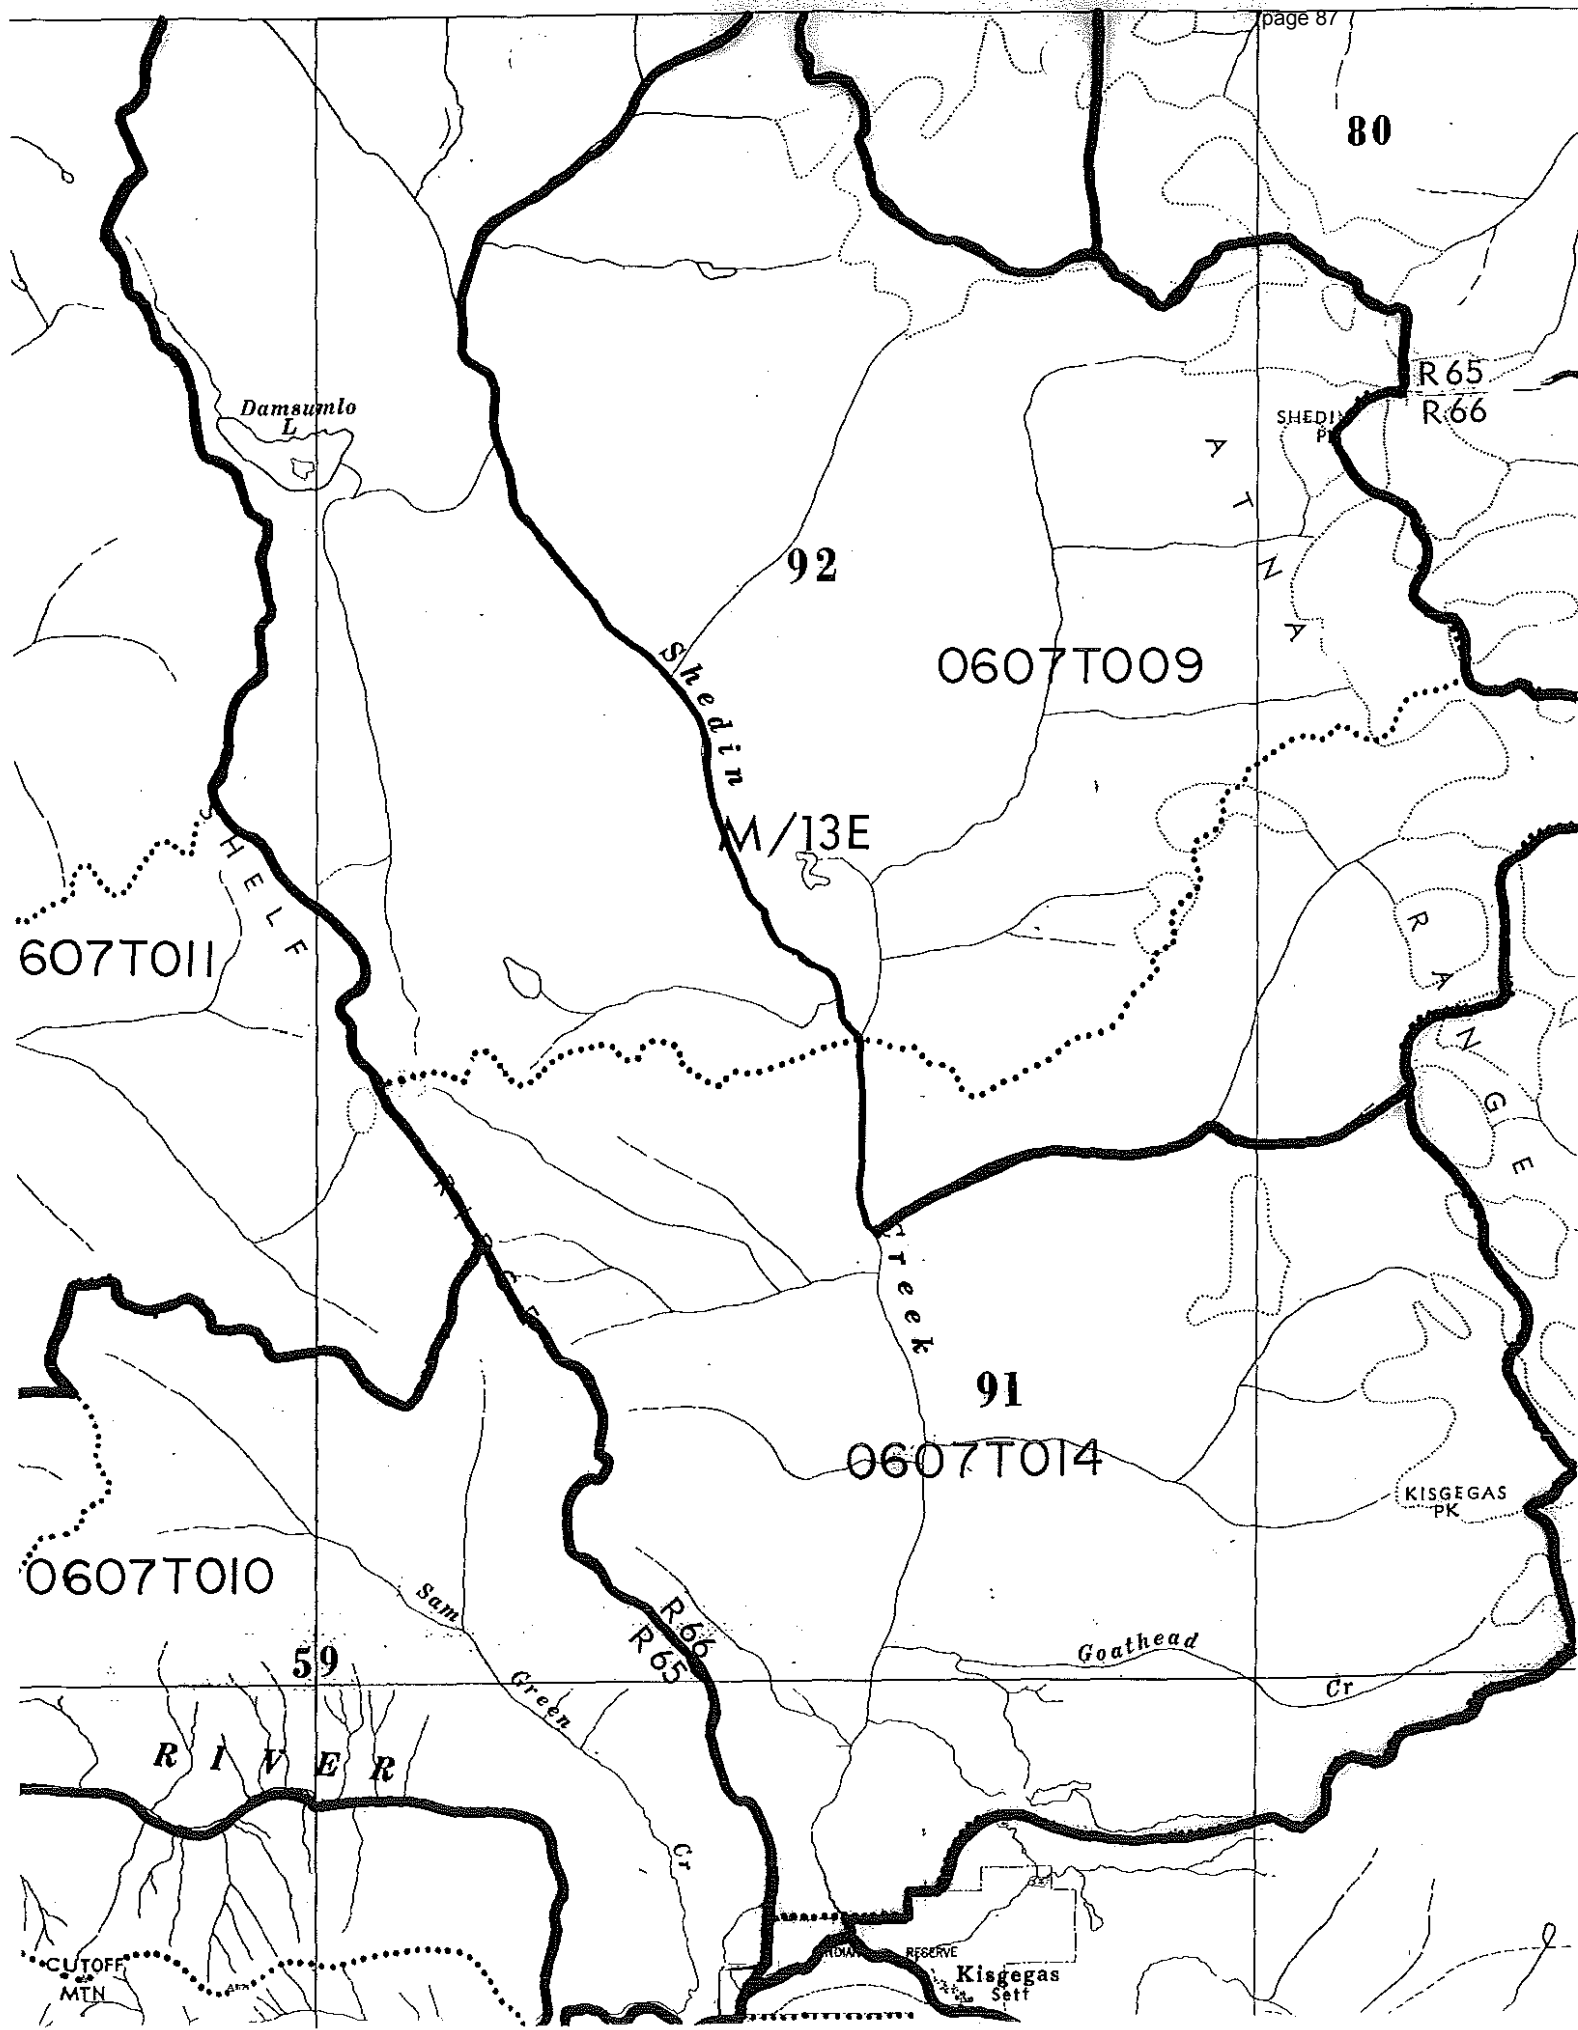

I hope this provides the information you need. Please give me a call at 250-847-7693 if you have any questions, or require further information.

RE: Peter C. Wilson's Trapline
Lot 56° 50' Long. 127° 50'

Dear Neil;

Your letter of May 29, 1983 was discussed at the June 13, 1983 Band Council meeting.

The Band Council wishes to assert that hereditary land must be dealt with in the Feast Hall and decisions made there can be confirmed by Band Council Resolution if necessary.

~~Hereditary land cannot be transferred by will, etc., selling or other means.~~

The above mentioned trapline belongs to Hereditary Chief "Himadam", a position now held by ~~Abel Sampson Sr.~~

We trust this clarifies the situation.

Yours truly,

Steve Robinson

Dear Sirs:

Enclosed please find a copy of a letter from Frank Guillon to the DIA about Peter C. Wilson's trap-line.

I wonder, assuming that this transfer will go to Peter Wilson's sons, whether they (the sons) should be advised who the traditional owners are. Otherwise later on Joseph Wilson etc. can pass it on to their sons and the traditional owners will be left out.

Sincerely yours,

Dear Sir:

I have checked into your request of April 13, 1983, with regards to the Peter Charles Wilson trapline. Attached is a copy of the note you mentioned referring to the transfer.

I have discussed this matter with my superiors and they can see no reason why the sons could not apply for registration of the trapline. If Mr. Wilsons sons will come in to the office and apply, I will commence processing the transfer.

If you require any further information on this matter, please let me know.

Dear Sir:

Please find attached a certified true copy of the Death Certificate of Peter Charles Wilson. I understand Mr. Wilson left a note with the intent of transferring this to his sons.

I am not familiar with the procedure. Do his sons now come in to be registered or has this trapline been already transferred.

Please provide us with some guidance.

Joyce Mercer came into the office in December 2013 to find out how she can transfer trapline 609T059 from Vernon Paul Wilson to Clarence Raymond Jones. s.22

s.22 So I told her in that case, it was easy. She would complete the transfer form s.22 I asked her to make a s.22 as the s.22 or other documentation and include with the transfer. I do not think I actually saw this documentation.

We received the transfer forms and I originally recommended approval to Dana. However, there were concerns to make sure this is ok and that I should follow up to find a little more documentation to put in the file.

I do not have Joyce's phone number, so tried to contact Clarence to see if he has Joyce's contact. Clarence was gone to Vancouver and I am to try him again on Wednesday, March 12.
