Lorna can submit an invoice to Debbie Godfrey at MoH, with a "cc" to me. I have a good relationship with Debbie .

Alternatively, do we have Lorna on a standing contract? If so, we can pay her and JV MoH. That might actually be easier.

Caroline – what have we done in the past?

I am happy to argue this is a severance related service – it is all about the mess resulting from a severance.

We have Lorna on a standing offer for severance related services only. In this circumstance, should we be scrutinized, it would be better if the Ministry was billed directly.

Thank you for the discussion earlier today. I am confirming the preference for this specific instance is for the Agency to retain Lorna on her standing contract and JV MoH for the services. Stephen Brown, Deputy Minister of Health, has committed to covering the cost. The employer stakeholders are all trying to get this matter wrapped up as expediently as possible.

It is understood this is a unique situation that is not intended to establish a precedent for the Agency to be the primary contract provider on direct ministry business.

Thank you for your help with this Caroline.

Thanks for letting me know.

Scott Hooper is going to make a call or two this morning to make sure this whole thing will be brought to conclusion.

I am also speaking with our Telus Contract Manager at this end as I want to have a discussion with the Telus payroll director. Unfortunately the post-mortem will not do a lot to correct the speed- bumps you were confronted with, but I certainly do not want to see a repeat should similar circumstances repeat themselves.
