Hi Birgit and Barb,  
I have no record of a phone call regarding this matter. I've also checked CLIFF and can confirm that we have nothing that relates to this either.  
Please let me know if you require anything further.  
Thank you.

Birget and Barbera,

I deal with issues, correspondence and phone calls related to zoning in the Regional District of Fraser-Ft. George. If our division (IRPD) had dealt with this it would have routinely been assigned to me. The time-frame is sufficiently recent that I would remember any such assignment.

I have not had any involvement in matter, either with the City or with proponents or opponents – no correspondence or phone calls, and no requests for briefing material.

Tierra, If there had been a phone call or correspondence on this matter while I was on vacation it may have been assigned to someone else. Please check your records and the CLIFF database to see if this may have happened.

**Subject:** New FOI Request - CSC-2011-00063 (Northern Supportive Recovery Centre for Women) - Individual Applicant

Good morning Susie,

The ministry has received the following cross government FOI request from an individual applicant. We have advised the central FOI agency that CSCD would not have responsive records, however **they have insisted on a search and a response** regardless. Our best guess for records is within the Local Government division – e.g. Executive correspondence, or perhaps the program responsible for zoning?

**“All information and records regarding the Northern Supportive Recovery Centre for Women, also known as the Northern Women’s Recovery Centre, in Prince George BC. The timeframe for request is May 2011 to present.”**

If you could please confirm with Shauna, and then advise Danine and/or me as to whether or not Local Government has any records. Our response to the central FOI agency is due by October 13, 2011.

Many thanks,  
Kathryn
