Subject: Salmon Arm Update

David,

I wanted to follow up with you regarding a number of outstanding items for Salmon Arm - if you could provide an update on the following:

- **No Occupancy:** SmartCentres has approved the language and we are waiting for confirmation from MOTI that the document is acceptable and can be executed
- **Drawings:** We have yet to receive any comments from MOTI on the electrical and line painting drawings - is there an update on the status
- **100% Drawings:** Has MOTI received the 100% drawings, and if so, can you confirm that they are acceptable to MOTI

If you could provide an update that would be greatly appreciated.

Regards,

Brent
