REVIEW DECISION Immediate Roadside Prohibition (IRP) No. s.22

Introduction

On September 5, 2014, a peace officer served you with a Notice of Driving Prohibition (the Notice). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the Act) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (ASD) registered a "FAIL" as a result of your blood alcohol concentration (BAC) being not less than 80 milligrams of alcohol in 100 millilitres of blood (80 mg%);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was provided to your lawyer, Jennifer Currie. I have proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?
- Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Was the ASD reliable?

Having considered the evidence before me, I cannot find that the ASD used was reliable.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where the vehicle is impounded for the immediate release of the vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including September 18, 2014. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the oral hearing you confirmed that full disclosure of the documents before me was provided to you. I have proceeded with this review based on that confirmation.

Having reviewed all of the evidence before me, I find that the Report to Superintendent is not properly before me. I find I have insufficient evidence to make the necessary findings required to confirm the prohibition.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Issues

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Having reviewed the evidence of Cst. Smallwood, I find there is one determinative issue in this review.

- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing your lawyer, Glen Purdy confirmed that he had received a copy of all of the documents that are before me. For your benefit, I will consider all of the grounds for review that are available to you in this review.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “FAIL”, and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?

- Was the ASD reliable?

Facts, Evidence and Analysis

There is one issue that is determinative of this hearing.

Was the ASD reliable?

Based on a review of the evidence, I am not satisfied that the ASDs used to conduct your tests were reliable.

Having made this finding, I do not have to consider anything further.

Decision

As a result of my finding, I revoke your driving prohibition and any monetary penalty, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where the vehicle is impounded for the immediate release of the vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including September 10, 2014. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

- the approved screening device (“ASD”) registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the oral hearing, I confirmed that full disclosure of the documents before me was provided to your lawyer, Cathryn Waker. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did an ASD register a “FAIL”, and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?

- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence before me, I find there is one issue that is determinative of this review.

Were the ASDs reliable?

After reviewing the evidence before me, I am satisfied that the ASDs were not reliable.

Having made this finding, I do not need to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please be aware that this decision does not change any other prohibitions from driving or licensing requirements.

Records at this office indicate that the vehicle associated with this IRP has already been released. Since your IRP review is successful and the prohibition is revoked, you are eligible to have the towing and storage costs reimbursed by the Superintendent up to the amounts set out in the *Lien on Impounded Motor Vehicle Regulation* under the *Motor Vehicle Act*. Information concerning this Regulation can be found online at:

REVIEW DECISION Immediate Roadside Prohibition (IRP) No. s.22

Introduction

On August 31, 2014, a peace officer served you with a Notice of Driving Prohibition (the Notice). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (Act) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (ASD); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the outset of your oral hearing your lawyer, Bryan Fitzpatrick, confirmed that he received full disclosure. I have proceeded with this review based on that confirmation.

I have considered all the grounds available to you.

As per section 215.47 of the Act, I can consider any documents submitted by the officer that are not required to be sworn. This includes the Notice and Certificate of Service, and the information relating to the calibration of the ASDs. Given that the Narrative Text Hardcopy (the "Narrative") is not a required document under section 215.47, and it has not been properly attached to the sworn Report to Superintendent (the "RTS"), I have not considered it in this review.

Issues

There are three issues in this review:

1. Were you a driver within the meaning of section 215.41(1) of the Act?
2. If so, did you fail or refuse to comply with a demand?
3. If so, did you have a reasonable excuse?

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Did you fail or refuse to comply with a demand?

When considering the evidence before me, I find that you did not fail or refuse to comply with a demand.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing your lawyer, Sarah Leamon, confirmed that you had received a copy of all of the documents that are before me. For your benefit, I will consider all of the grounds for review that are available to you in this review.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?

There is one issue that is determinative of this hearing.

Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

Having made this finding I do not have to consider anything further.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On November 17, 2013, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

I will consider all of the grounds of review which are relevant to the type of prohibition indicated on the Notice the peace officer served.

Records at this office confirm that full disclosure of the documents before me was provided to you at the time you applied for review. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Did you fail or refuse to comply with an ASD demand?

There are three matters for me to determine in this issue. I must determine whether the peace officer made a valid demand, whether you failed or refused to comply with that demand, and whether you intended to produce that failure or refusal.

After reviewing the evidence before me, I am satisfied that you did not fail or refuse to comply with the ASD demand.

Having made this finding, I do not need to consider any further grounds in this review.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

- you were a driver within the meaning of section 215.41(1) of the Act;
- the approved screening device (ASD) registered a "fail" as a result of your blood alcohol concentration (BAC) being not less than 80 milligrams of alcohol in 100 millilitres of blood (80 mg%);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing your lawyer, Del Sokol, confirmed that he received full disclosure of the documents that are before me.

After considering all of the evidence, I am satisfied that there is insufficient evidence before me to confirm your prohibition.

Decision

As a result of my findings I revoke your driving prohibition, monetary penalty and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including the date of this letter. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (ASD) registered a "FAIL" as a result of your blood alcohol concentration (BAC) being not less than 80 milligrams of alcohol in 100 millilitres of blood (80 mg%);

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records indicate that you received all of the disclosure documents that are before me. I have proceeded with this review based on that confirmation.

You applied on several grounds, some of which are not applicable to your situation because of the reason for which you were prohibited. For your benefit I have considered all the grounds available to you.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?
- Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Was the ASD reliable?

Having considered the evidence before me, I cannot find that the ASD used was reliable.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Introduction

On August 16, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (“ASD”) registered a “WARN” as a result of your blood alcohol concentration (“BAC”) being not less than 50 milligrams of alcohol in 100 millilitres of blood (“50 mg%”)
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was provided to you. I proceeded with this review based on that confirmation.

Issues

- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed with a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Joy and your submissions, I find there is one determinative issue in this review.

Was the ASD reliable?

After considering all the evidence before me in this specific set of circumstances, I find on a balance of probabilities that the officer did not provide sufficient evidence to support the prohibition imposed. Having made this finding, I do not need to consider other issues.

I am not satisfied that the ASD was reliable.

Decision

As a result of my findings, I revoke your driving prohibition and monetary penalty, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Introduction

On September 8, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

I will consider all of the grounds of review which are relevant to the type of prohibition indicated on the Notice the peace officer served.

Records at this office confirm that full disclosure of the documents before me was provided to your representative, Vicki Williams. I have proceeded with this review based on that confirmation.

Having reviewed the evidence, I do not find that the Report to Superintendent provided by the officer is properly sworn.

Having made this finding, I do not need to consider any further issues in this review.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was provided to your lawyer, Grant Gray. I proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Lawson and your lawyer's submissions, I find there is one determinative issue in this review.

Did you operate or have care or control of a motor vehicle?

After considering all the evidence before me in this specific set of circumstances, I find on a balance of probabilities that the officer did not provide sufficient evidence to support the prohibition imposed.

Based on the evidence before me, I am not satisfied that you were a driver within the meaning of section 215.41(1) of the Act. Having made this finding I do not have to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including the date of this letter. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (IRP) No. s.22

Introduction

On September 6, 2014, a peace officer served you with a Notice of Driving Prohibition (the Notice). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the Act) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (ASD) registered a "FAIL" as a result of your blood alcohol concentration (BAC) being not less than 80 milligrams of alcohol in 100 millilitres of blood (80 mg%);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was provided to your lawyer, Kris Pechet. I have proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?
- Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Was the ASD reliable?

Having considered the evidence before me, I cannot find that the ASD used was reliable.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

REVIEW DECISION Immediate Roadside Prohibition (IRP) No. s.22

Introduction

On July 30, 2014, a peace officer served you with a Notice of Driving Prohibition (the "Notice"). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I have been delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the "Act") requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1) of the Act;
- the approved screening device (ASD) registered a "fail" as a result of your blood alcohol concentration (BAC) being not less than 80 milligrams of alcohol in 100 millilitres of blood (80 mg%);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

I will consider all of the grounds available to you in this review that are appropriate to the circumstances under which you were issued the prohibition.

After reviewing the evidence before me, I find that there is insufficient evidence for me to confirm your prohibition.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment as required by s. 215.5(4) of the Act.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Because your prohibition has been revoked, the Superintendent of Motor Vehicles will pay the towing and storage costs that you incurred up to the date that it was eligible for release (August 7, 2014). **Original receipts and invoices with proof of payment must be attached.**

Examples of proof of payment include a towing and storage invoice created by the impound lot noting payment and a zero balance owing; invoice and cancelled cheque or credit card transaction slip; invoice and copies of identifiable payments from bank or credit card statements. You must also enclose a copy of this letter to ensure the correct charges are refunded to you.

I will consider all of the grounds of review which are relevant to the type of prohibition indicated on the Notice the peace officer served.

Records at this office confirm that full disclosure of the documents before me was provided to you. I have proceeded with this review based on that confirmation.

In your submission you state that you are unable to pay the fines, and that the 30 day impoundment is a financial hardship. You state that you s.22

While I understand and appreciate your situation, I am not authorized to consider hardship, personal circumstances, employment or transportation needs in this review. Furthermore, I am unable to arrange for the early release of your vehicle, or a reduction of your impound fees. The scope of this review is limited to the grounds as defined by the Act.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did an ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and AnalysisWere the ASDs reliable?

After reviewing the evidence before me, I am satisfied that the ASD used for your second analysis was not reliable.

Having made this finding, I do not need to consider any further grounds in this review.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including the date of this letter. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

REVIEW DECISION Immediate Roadside Prohibition No. s.22

Introduction

On July 12, 2013 a peace officer served you with a Notice of Driving Prohibition (the "Notice"). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the "Act") requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device ("ASD") registered a "fail" as a result of your blood alcohol concentration ("BAC") being not less than 80 milligrams of alcohol in 100 millilitres of blood ("80 mg%");
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was faxed to your lawyer, William Heflin, prior to this review. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “FAIL”, and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to request a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

As it is determinative of this review, I focus on the one key issue:

Were you a driver within the meaning of section 215.41(1) of the Act?

Based on the evidence before me, I am not satisfied that you operated or had care or control of a motor vehicle on July 12, 2013, at 19:52 hours. Having made this finding I do not have to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Records at this office indicate that the vehicle associated with this IRP has already been released. Since your IRP review is successful and the prohibition is revoked, you are eligible to have the towing and storage costs reimbursed by the Superintendent up to the amounts set out in the *Lien on Impounded Motor Vehicle Regulation* under the *Motor Vehicle Act*. Information concerning this Regulation can be found online at:

http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/952568628

Upon receipt of your proof of payment, the Superintendent of Motor Vehicles will pay the towing and storage costs up to and including June 5, 2013. **Original receipts and invoices with proof of payment must be submitted for reimbursement.** Examples of proof of payment include a towing and storage invoice created by the impound lot noting payment and a zero balance owing; invoice and cancelled cheque or credit card transaction slip; invoice and copies of identifiable payments from bank or credit card statements. Upon review of the evidence before me, I find there is insufficient evidence before me to support the driving prohibition indicated on the Notice you were served with on September 13, 2014.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

On March 3, 2014, a peace officer served you with a Notice of Driving Prohibition because a sample of your breath on an approved screening device (“ASD”) registered FAIL and your ability to drive was affected by alcohol.

You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and Adjudicator Thurlow confirmed the IRP. You subsequently filed a petition for judicial review of that decision.

I have received a Consent Order to re-hear your IRP application.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

On your IRP Application for Review, you indicated that you applied for this review on three grounds, two of which are not applicable to your situation because of the reason for which you were prohibited. For your benefit, all grounds for review that apply to your case will be considered in this review.

Records at this office confirm that full disclosure of the documents before me was provided to your lawyer, Kyla Lee. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

I am satisfied that your BAC was less than 80 mg%.

Having made this finding, I do not need to consider anything further.

Decision

At the beginning of the hearing your lawyer, Brian Jackson confirmed that he had received all of the disclosure documents before me. I have proceeded with the review based on that confirmation.

Issues

Introduction

On August 5, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);

- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

In the Application for Review you checked the boxes next to every ground. As you were served with a 90-day IRP due to a FAIL result not all grounds are applicable to your circumstance. I will however consider all relevant grounds.

At the beginning of the hearing your lawyer, Kyla Lee, confirmed that she had received all of the disclosure documents before me. I acknowledge receipt of submissions from Ms. Lee dated August 18, 2014 and August 22, 2014.

Upon review of the evidence, I find that the Report to Superintendent has not been properly sworn. As a result, there is insufficient evidence before me to support the driving prohibition served on you on August 5, 2014.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

As per section 215.47 of the Act, I can consider any documents submitted by the officer that are not required to be sworn. This includes the Notice and Certificate of Service, and the information relating to the calibration of the ASDs. Given that the Narrative Text Hardcopy (the “Narrative”) is not a required document under section 215.47, and it has not been properly attached to the sworn Report to Superintendent (the “RTS”), I have not considered it in this review.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Did you fail or refuse to comply with a demand?

When considering the evidence before me, I find that you did not fail or refuse to comply with a demand.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including the date of this letter. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On December 6, 2013, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- an approved screening device (“ASD”) registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me. I consider only the grounds of review which are relevant to the type of prohibition indicated on the Notice the peace officer served.

Records at this office confirm that full disclosure of the documents before me was provided to you at the time you applied for review. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did an ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Were the ASDs reliable?

Having reviewed the evidence, I am not satisfied the ASDs were reliable at the time the officer used them to analyze samples of your breath on December 6, 2013.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act. Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Records at this office indicate that the vehicle associated with this IRP has already been released. Since your IRP review is successful and the prohibition is revoked, you are eligible to have the towing and storage costs reimbursed by the Superintendent up to the amounts set out in the *Lien on Impounded Motor Vehicle Regulation* under the *Motor Vehicle Act*. Information concerning this Regulation can be found online at:

http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/952568628

Upon receipt of your proof of payment, the Superintendent of Motor Vehicles will pay the towing and storage costs up to and including December 27, 2014. ***Original receipts and invoices with proof of payment must be submitted for reimbursement.*** Examples of proof of payment include a towing and storage invoice created by the impound lot noting payment and a zero balance owing; invoice and cancelled cheque or credit card transaction slip; invoice and copies of identifiable payments from bank or credit card statements. You must also enclose a copy of this letter to ensure the correct charges are refunded to you.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the oral hearing, I confirmed that full disclosure of the documents before me was provided to your lawyer, John Chak. I have proceeded with this review based on that confirmation.

Upon review of the evidence, I find that the Report to Superintendent has not been properly sworn. As a result, there is insufficient evidence before me to support the driving prohibition served on you on July 22, 2014.

Having made this finding, there is no need to address the issues in this review.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

The corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did an ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence before me, I find that there is one issue which is determinative of this review.

Were the ASDs reliable?

After reviewing the evidence before me, I am satisfied that the ASD used in your first analysis was not reliable.

Having made this finding, I do not have to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Please note that the corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No s.22

Introduction

On March 31, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

I will consider all of the grounds of review which are relevant to the type of prohibition indicated on the Notice the peace officer served.

Records at this office confirm that full disclosure of the documents before me was provided to your representative, Kyla Lee. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Were you a driver within the meaning of section 215.41(1) of the Act?

After reviewing the evidence before me, I am satisfied that you were not a driver within the meaning of section 215.41(1) of the Act.

Having made this finding, I do not need to consider any further grounds in this review.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Records at this office indicate that the vehicle associated with this IRP has already been released. Since your IRP review is successful and the prohibition is revoked, you are eligible to have the towing and storage costs reimbursed by the Superintendent up to the amounts set out in the *Lien on Impounded Motor Vehicle Regulation* under the *Motor Vehicle Act*. Information concerning this Regulation can be found online at:

http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/952568628

Upon receipt of your proof of payment, the Superintendent of Motor Vehicles will pay the towing and storage costs up to and including April 17, 2014. ***Original receipts and invoices with proof of payment must be submitted for reimbursement.*** Examples of proof of payment include a towing and storage invoice created by the impound lot noting payment and a zero balance owing; invoice and cancelled cheque or credit card transaction slip; invoice and copies of identifiable payments from bank or credit card statements. You must also enclose a copy of this letter to ensure the correct charges are refunded to you.

Introduction

On August 17, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);

- if requested, it was provided and performed with a different approved screening device (“ASD”);
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was provided to your lawyer, Philip Cote. I proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence of Corporal Domm and your lawyer's submissions, I find there is one determinative issue in this review.

Did you operate or have care or control of a motor vehicle?

After considering all the evidence before me in this specific set of circumstances, I find on a balance of probabilities that the officer did not provide sufficient evidence to support the prohibition imposed.

Based on the evidence before me, I am not satisfied that you were a driver within the meaning of section 215.41(1) of the Act. Having made this finding I do not have to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

You applied on several grounds, some of which are not applicable to your situation because of the reason for which you were prohibited. For your benefit, I have considered all the grounds available to you.

Issues

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was provided to your lawyer, Jeremy Jensen. I confirm receipt of submissions from Mr. Jensen dated September 8, 2014. I have proceeded with this review based on the evidence before me, and will consider all of the grounds available to you in this review that are appropriate to the circumstances for which you were served with the Notice.
