

Ministry of Transportation and Infrastructure
Direct Award Contracts
August 1 - August 31, 2013

Contractor Name	Description	Amount	Reason
Trotter & Morton Facility Services Inc.	Maintenance of environmental control system for the Transportation Management Centre (TMC)	35,847	The contractor is the only firm qualified to work on the TMC system. They were the original contractor to install the system and have required knowledge for maintenance work. As the system is under warranty, allowing another firm to do the 'maintenance' work would compromise the ability to claim under the warranty.
