

NSC #: 00000200517247

NAME: SUTCO CONTRACTING LTD.

Carrier’s Safety Performance

Your NSC Carrier Profile is a record that keeps track of indicators of your on-road safety performance. These indicators are:

- * the number and type of at-fault accidents involving the vehicle(s) operating under your Safety Certificate (NSC points are removed from the profile for accidents if it can be determined that the driver was less than 50% at fault);
- * roadside (CVSA) vehicle inspections that put a vehicle or driver out-of-service;
- * contraventions (e.g. violation tickets) which have been deemed guilty; and
- * an overall total of accidents, out-of-service CVSA inspections, and contraventions.

The above items may have occurred while operating in BC or other North American jurisdictions.

Most items recorded on a Carrier Profile are assigned NSC profile points. The following chart indicates your point scores in each of the above categories.

PROFILE SCORES	FLEET SIZE	CONTRA-VENTIONS	OUT OF SERVICE CVSA	ACCIDENTS	OVERALL
SUTCO CONTRACTING LT	70.16	0.51	0.73	0.37	1.61
ANNUAL PROVIN MEDIAN	20.01 -	0.37	0.19	0.10	0.53

The chart compares your scores to the provincial average for carriers with the same or similar fleet size. Fleet size is determined by the number of days that your vehicle(s) have been operating under your NSC certificate over a 12-month period. Each 365 vehicle licenced days, or portion thereof, is considered to be one vehicle.

For your information, a copy of your Carrier Profile report is enclosed. The report shows information for each of the incidents recorded for your fleet. Please review the profile. If you find any inconsistencies, please report them to the NSC program office by mail, or by faxing a copy of the profile page(s) to (250) 952-0578. Indicate the discrepancy(s) and reason(s) why. If NSC points appear for an accident for which you were not considered to be 50% or more at fault, please provide a copy of this information from your insurance provider. The NSC program office will investigate and, where applicable, make the necessary corrections as promptly as possible.

To monitor your on-road safety performance, you may request a copy of your Carrier Profile on a regular basis. Send a letter, fax, or e-mail to the NSC program office requesting a copy of your Carrier Profile report.

Carrier’s Safety Performance

Your NSC Carrier Profile is a record that keeps track of indicators of your on-road safety performance. These indicators are:

- * the number and type of at-fault accidents involving the vehicle(s) operating under your Safety Certificate (NSC points are removed from the profile for accidents if it can be determined that the driver was less than 50% at fault);
- * roadside (CVSA) vehicle inspections that put a vehicle or driver out-of-service;
- * contraventions (e.g. violation tickets) which have been deemed guilty; and
- * an overall total of accidents, out-of-service CVSA inspections, and contraventions.

The above items may have occurred while operating in BC or other North American jurisdictions.

Most items recorded on a Carrier Profile are assigned NSC profile points. The following chart indicates your point scores in each of the above categories.

PROFILE SCORES	FLEET SIZE	CONTRA-VENTIONS	OUT OF SERVICE CVSA	ACCIDENTS	OVERALL
SUTCO CONTRACTING LT	50.21	1.08	0.78	0.08	1.94
ANNUAL PROVIN MEDIAN	20.01 -	0.37	0.19	0.10	0.53

The chart compares your scores to the provincial average for carriers with the same or similar fleet size. Fleet size is determined by the number of days that your vehicle(s) have been operating under your NSC certificate over a 12-month period. Each 365 vehicle licenced days, or portion thereof, is considered to be one vehicle.

For your information, a copy of your Carrier Profile report is enclosed. The report shows information for each of the incidents recorded for your fleet. Please review the profile. If you find any inconsistencies, please report them to the NSC program office by mail, or by faxing a copy of the profile page(s) to (250) 952-0578. Indicate the discrepancy(s) and reason(s) why. If NSC points appear for an accident for which you were not considered to be 50% or more at fault, please provide a copy of this information from your insurance provider. The NSC program office will investigate and, where applicable, make the necessary corrections as promptly as possible.

To monitor your on-road safety performance, you may request a copy of your Carrier Profile on a regular basis. Send a letter, fax, or e-mail to the NSC program office requesting a copy of your Carrier Profile report.
