Re: Dumping of yard and garden waste at 6245 Metral Drive

August 23, 2014

S22 Crest Estates Manufacture Home Park is dumping yard and garden waste beside the Park . It appears from the City mapping data that this dumping may be occurring on the public right of way beside the Nanaimo parkway. The dumping may be creating a fire hazard or other environmental issues

I ask that the City look into the matter to determine if the City has any concerns with this dumping.

The dumping site is as indicated on the two maps below:

This is the appearance of the dump sites as of August 23, 2014:

Northern site , parkway sound barrier adjacent.

Southern site top of bank.

Southern site bank.

Hi,

The City of Nanaimo suggested I send my enquiry on to you. I have included the documentation sent to the City in an attachment.

Can you advise if you are the correct group to look into this matter?

Thank you for forwarding your concerns regarding the dumping of yard waste along the Highway 19 fence line. Generally, individuals are not allowed to place materials or objects within the ministry right-of-way without a permit. Illegal dumping of waste materials has been an ongoing issue in many parts of the island and we appreciate all the help the public offers in trying to prevent the dumping.

Our local Road Area Manager, Nathan VandenDungen spoke with the maintenance staff at the Crest Estates Manufactured Home Park on September 25, 2014 and can confirm that the larger branches and other materials along the fence will be cleared up in a few weeks. The second pile of smaller grass clippings does not appear to be on the ministry's right-of-way.

Should you have any further questions, feel free to contact me by email at Johnathan.Tillie@gov.bc.ca or by telephone at 250-751-3287.

Thank you for taking the time to write.
