PART 4 – CONFIRMATION BY DEPUTY MINISTER (to be completed by the Applicant's deputy minister)

As the Applicant's deputy minister, can you confirm that you have made appropriate inquiries within your ministry and on that basis have satisfied yourself on each of the following points:

- (a) the Applicant's involvement as a party to the proceeding arises from conduct that occurred in the performance of his or her office,
- (b) if the Applicant's involvement is as a witness in the proceeding, the evidence or testimony the Applicant is to provide relates to information acquired in the course of his or her office, and
- (c) there is no reason to believe the Applicant's conduct in connection with this legal proceeding was dishonest, malicious or in bad faith? (Applies only in non-criminal proceedings)

☐ Yes ☐ No

Please provide any additional explanation or qualification with whatever particulars you feel are relevant (a separate explanatory document may be attached if necessary)

If this is a legal proceeding where the Applicant wishes to sue in defamation, please identify the factors you believe make such an action in the public interest (check all that apply) and provide particulars as indicated (a separate explanatory document may be attached if necessary)

☐ The need to rehabilitate the Applicant's usefulness for employment or appointment, including future employment or appointment by an employer
(What is the connection between reputation and the Applicant's ability to perform his/her employment or office? Why is reputation key to the performance of that employment or office, or to the Applicant's future employment/appointment? What specific and practical impacts have the attacks on his/her reputation had in that regard? Please provide evidence. Why is it in the public interest (as distinct from the Applicant's own interest) to rehabilitate that particular person's usefulness?)

☐ The need to restore or preserve the integrity of the Applicant's office or position of employment or appointment
(What is it about the office or position of employment that requires protection? How has the defamatory attack on the Applicant undermined the integrity of the office or position (as distinct from the Applicant him or herself)? What specific and practical ongoing impact will there be on the office or position if the attack is not answered?)

☐ The degree of likelihood that the defamation action will achieve the objectives set out in the two bullets above
(Assuming the defamation action will be successful at law, and an injunction can be obtained with respect to current and future defamatory publications, how and to what degree will that result alleviate the reputational harm which has impacted the Applicant's usefulness to government?)

Excluded Employees Application for Indemnity Coverage

Where ideas work

☐ The need to achieve general deterrence of defamatory statements against Applicants

(General deterrence of attacks of this nature, as distinct from specific deterrence of this attacker or attacks against this Applicant)

☐ Other factors that may be relevant to the public interest in commencing or continuing the defamation action by the Applicant. Please briefly describe any such factors:

(Cost benefit analysis. Will an action in defamation merely create a platform and legal mechanisms for the defamer to pursue a personal vendetta or his/her broader complaints against government? Is there another way to address, in whole or part, the impacts of the attacks, other than by effectively putting the Applicant's reputation on trial?)

If this is a legal proceeding where the Applicant is seeking coverage as party to an appeal, please identify the factors you believe make such coverage in the public interest (check all that apply) and provide particulars as indicated (a separate explanatory document may be attached if necessary)

☐ There are reasonable grounds to believe that the Applicant's reputation or personal privacy interests, or the integrity of the Applicant's office or position of employment, is likely to be adversely affected if the appeal did not proceed.

☐ Other factors that may be relevant to the public interest. Please briefly describe any such factors.

If this is a legal proceeding where the Applicant is seeking coverage as a witness, and the Applicant has not been subpoena'd, please identify the factors you believe make such coverage in the public interest (check all that apply) and provide particulars as indicated (a separate explanatory document may be attached if necessary)

As discussed.

You fill in part 1, 2 and 3. The form is not user friendly. Fill in most of it with a pen. Type anything longer than a sentence on a separate piece of paper and attach. When ready, send it to Fyfe by email attachment, with a cover letter saying in 10 sentences or so how the elements of Part 4 relating to a defamation action are met in your case.

Hi there -- Richard Fyfe suggested I talk to you about an indemnification issue. Would you be free a call sometime this afternoon? Thanks!
