# MEMORANDUM

MINISTRY OF FORESTS
2 3 2001
PRINCE GEORGE REGIONAL OFFICE

TO: PG Regional Office
Attn: Valuation

FROM: PG Forest District.
Woodlot Program

SUBJECT: Re-Appraisal WL172

DATE: Oct 18/2001

FILE:

☑ For Your Information ☐ Please O.K. and Return ☐ Please Discuss With Me ☐ Per Your Request ☐ For Your Signature
☑ Please Process ☐ Return With More Details ☐ Investigate and Report ☐ Please Answer ☐ For Your File

Please issue rates for Blanket Salvage Permit CPS of WL 172 using attached IADS. Effective Oct 24, 2001 expiring Oct 23/2002. Data borrowed from Base Permit CPC of WO611. Please ignore previous submission dated Aug 22, 2001. This new submission is based on parameters as per Bill Howard's Memo dated Sept 13, 2001. Disussed with Licensee this date and Mr. Laurie Cook requests

REPLY: VARIABLE rates.

Thank you.
R. Nickel

# Detaile Cycle Time Calculat on cont.

| COMMON JUNCTION CALCULATION | | | |
|---|---|---|---|
| Cut Block | Volume m3 (A) | Time (minutes) | m3 X time (B) |
| 1 | 5316 | 9.10 | 48375.6 |
| 2 | 2271 | 10.50 | 23845.5 |
| 5 | 1303 | 10.50 | 13681.5 |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| TOTAL | 8890 | TOTAL | 85902.6 |

B/A = 9.6629 Minutes (includes return time)

| PRIMARY CYCLE TIME CALCULATION | | | | | | |
|---|---|---|---|---|---|---|
| ROAD | | DISTANCE km | SPEED (km/hr) | | TIME (minutes) | |
| IDENTIFIER | PRIMARY/ SECONDARY | | LOADED | EMPTY | LOADED | EMPTY |
| Teardrop-200Rd | P | 7.0 | 51 | 57 | 8.2380 | 7.3680 |
| to LL Mill (PG) | P | 37.7 | 54 | 60 | 41.8920 | 37.7000 |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | SUBTOTAL | L = 50.13 | E = 45.0680 |

Load Handling, Delay 60 Minutes

Total Cycle Time (0.0) = (B/A+L+E+Delay*) ÷ 60 = ~~2.8~~ 2.7 hrs.

164.8609 = 2.7477

* Delay time is 75 minutes for cable yarding systems and 60 minutes for all other systems

**Subject:** RE: DPG Salvage CPs appraisals - post September 13, 2001 effective date

We have submitted some salvage CP reappraisals ( WL and Majors)and maybe some new salvage appraisals ( and maybe not). We do not keep a list of what has been sent. In order that we can implement the Sept 13 memo requirements for selection of base permit and inclusion of new specified ops allowances, would you please send us a list of appraisals and reappraisals that you have with an effective date of Sept 13 and later. We will resubmit these according to the new guidelines. For those you have on hand with effective dates prior to Sept 13, please process.

Sharon: Bill Dunbar has asked us to hold processing any of the above, pending re-evaluation of base permit selection. Also, he will be asking for a list of these permits. He will be sending an EMail asap. Can you provide to him?

Note: I don't know if this is all DPG Salvage permits or just WL Salvage permits, I can't remember as we talked about many things in our call. I think he will clarify.

Thanks.

## Stumpage Adjustment Selection Form

The cutting authority Total Stumpage Rate indicated on the attached Stumpage Advisory Notice dated December 13, 2000 has been calculated for sawlogs scaled between:

October 24, 2000 and December 31, 2000

Woodlot licensees may select either an adjustable rate which will be adjusted every quarter as per the Interior Appraisal Manual and approved parameters published by Revenue Branch or a non-adjustable stumpage rate which will remain in effect for **one year**. All non-adjustable stumpage rates are reappraised annually, i.e., every 12 months. Once the selection of adjustable or non-adjustable is made, it is irreversible.

I hereby select:

☐ adjustable stumpage rates
The stumpage rate will change every three months (on January 1, April 1, July 1, and October 1) as the market values of forest products change.

or

☐ non-adjustable stumpage rate at the above figure
The stumpage rate will not change until the anniversary date, 12 months later.

pcd 01.01.20

**Signature** _____ **Date** _____

**Note:** If this notification is not received by the Regional Manager, Revenue Section, (at the above address) within 21 days of the date of this letter, adjustable stumpage rates will apply to this cutting permit.

## Stumpage Advisory Notice

Attached is a summary of the appraisal information used in determining the stumpage rate for this cutting authority.

The cutting authority Total Stumpage Rate of $34.56 per cubic metre is effective for sawlogs scaled between

October 24, 2000 and December 31, 2000

inclusive unless this cutting authority is reappraised during this period in accordance with the applicable Appraisal Manual.

The Miscellaneous Stumpage Rates listed in the applicable Appraisal Manual in effect on the date of scale take precedence over the above rate. A levy and/or bonus may be applied to any Miscellaneous Stumpage Rate.

Objections to this rate determination should be brought immediately to the attention of the undersigned in this office. The formal 21 day review period specified in the Forest Act begins upon delivery of this notice. Consideration of any objection does not delay the determination nor stop the 21 day review period. Any rate change or redetermination as a result of an objection will result in a new Stumpage Advisory Notice being issued.

The Reserve Rate will be redetermined on January 1, April 1, July 1, and October 1 each year, or on any date specified by the Minister of Forests, according to appraisal policies then in effect.

Please be advised that this letter and information is releasable under the Freedom of Information and Protection of Privacy Act.

BRITISH COLUMBIA Ministry of Forests Revenue Branch

# MEMORANDUM

File: 21740-01

November 10, 2000

To: Interior Regional Managers

From: Bill Howard
Director
Revenue Branch

**Re: Specified Operation Cost Estimates**

The purpose of this memo is to provide you with specific cost adjustments to be used in conjunction with the specified operation in the *Interior Appraisal Manual* (IAM) to appraise bark beetle infested timber.

The table below provides the cost adjustments. The derivation of the specific estimates is documented in a paper entitled *Beetle Salvage Timber*, which I will forward to you shortly.

| Cost Adjustment | Harvest Situation | |
|---|---|---|
| | Small Patch Sanitation <500 $m^3$ and <1 ha patches (SPS) | Small Clear Cuts <2000 m and <5 ha patches (SCC) |
| Overhead (all) | Add \$6.50/$m^3$ | Add \$5.50/$m^3$ |
| Tree to Truck: | | |
| Ground Skidding | Add \$8.00/$m^3$ | Add \$6.00/$m^3$ |
| Cable | Add \$13.00/$m^3$ | Add \$11.00/$m^3$ |
| Transportation | Use haul delay of 90 minutes instead of 60. | N/A |
| Road Maintenance | Add \$0.30 | Add \$0.30 |
| Silviculture | N/A | Add 0.15 to Silviculture "R" Factor |

The detail behind these adjustments is as follows:

**Overhead Cost Adjustment (All)**

The adjustments vary by the two types of harvesting situations: small patch sanitation (SPS); and small clear cuts (SCC). SPS includes costs for detection, planning, field layout, and tree marking. SCC includes the same costs but excludes tree marking.

# MEMORANDUM

**TO:** PG Regional Office
Attn: Valuation Chris Tinke

**FROM:** PG Forest District
Woodlot Program

**SUBJECT:** Re-Appraisal W1172 CPS

**DATE:** Dec 8/00

**FILE:**

- [x] For Your Information
- [ ] Please O.K. and Return
- [ ] Please Discuss With Me
- [ ] Per Your Request
- [ ] For Your Signature
- [x] Please Process
- [ ] Return With More Details
- [ ] Investigate and Report
- [ ] Please Answer
- [ ] For Your File

Please issue rates for Small Patch Sanitation CPS of Woodlot 1172, effective Oct 24/2000, expiry Oct 23/2001. Cruise comp. + cycle time borrowed from adjacent + similiar type timber from CP C, W1172.

Thankyou
L. Nichol
WL Tech.

**Subject:** Reappraisal Requests - Target Rates

Following is a list of files I have been holding where a reappraisal using target rates has been requested. As you are aware, the Regional Manager cancelled target rates effective September 1, 2000. Please submit a full appraisal as per Section 4.1 of the Interior Appraisal Manual if you still require a rate.

Please note that a conference call is being scheduled this week to discuss woodlots.

**Prince George District**
TFL 30 CP 30 - Effective 00.10.01.

# Prince George Forest Region Request for Reappraisal

To be used ~~when the volume remaining to be billed to the cutting authority is greater than 2000 $m^3$, or~~ when reappraisal is mandated by the District Manager, or when reappraisal is mandatory within the Interior Appraisal Manual.

**Forest District:** 41 **Licence:** W1172 **Permit:** S **Mark:** W1172S

Effective Date: Oct 24 /2000 Expiry Date: Oct 23/2001

- The mark must be valid over the period indicated (licensees may request an extension of the mark term simultaneously).

**Data to be entered for reappraisal:**

- If there is additional, deleted or amended data from the licensee or required by the Interior Appraisal Manual in effect on the reappraisal effective date, the page from the Interior Appraisal Data Sheet which that information is on must be included. Documentation must be provided to District Staff for all **changes** as required in the new appraisal submissions. Portions of the page which are the same as the previous appraisal must clearly indicate that there are no changes in that portion.

Accessible Camp ☐ Yes ☑ No

Pages of the Interior Appraisal Data Sheet that have changed: None

**(Pages and supporting information must be submitted with this data sheet)**

Dear Licensee:

This letter constitutes an amendment to Cutting Permit S issued under the authority of Woodlot Licence W1172 and sent under covering letter dated October 20, 1998.

This amendment has been made in order to delete the words "**and subject to subpermits issued under this Cutting Permit**" from Part 1 **Permit Area and Term**, paragraph 1.01; and to add the following sentence at the end of paragraph 1.01 "**For the purpose of the Cutting Permit, all approved site plan maps or approved site plan exemption maps shall be deemed to be Exhibit A maps, whether attached to the Cutting Permit or not.**"

In addition, all paragraphs in Schedule B, Part 6, **Reserved Timber** have been deleted; to be replaced by a new paragraph 6.01 worded as follows: "**All trees except those trees permitted to be harvested in a Site Plan(s) or Site Plan Exemption(s).**"

This letter forms an integral part of Cutting Permit S of Woodlot Licence W1172 and should be attached thereto.

Yours truly,

T. P. (Phil) Zacharatos, R.P.F.

## Stumpage Advisory Notice

The following is a listing of stumpage rates effective for the species and products shown when scaled between

October 24, 1999 and October 23, 2000

inclusive unless this cutting authority is reappraised during this period in accordance with the applicable Appraisal Manual.

Rates for unlisted species, products, or grades are those listed in the applicable Appraisal Manual in effect on the date of scale.

| Species Product Grade | Reserve Rate ($/m3) | Silviculture Levy ($/m3) | Development Levy ($/m3) | Upset Rate ($/m3) | Bonus Bid ($/m3) | Total Rate ($/m3) |
|---|---|---|---|---|---|---|

## Stumpage Advisory Notice

The following is a listing of stumpage rates effective for the species and products shown when scaled between

October 24, 1998 and October 23, 1999

inclusive unless this cutting authority is reappraised during this period in accordance with the applicable Appraisal Manual.

Rates for unlisted species, products, or grades are those listed in the applicable Appraisal Manual in effect on the date of scale.

| Species Product Grade | Reserve Rate ($/m3) | Silviculture Levy ($/m3) | Development Levy ($/m3) | Upset Rate ($/m3) | Bonus Bid ($/m3) | Total Rate ($/m3) |

Dear Laurence and Linda Cook:

Attached please find completed copy of Salvage Cutting Permit S of Woodlot Licence W1172.

Pursuant to Sections 28(1)(a)(i) and 30(1)(b) of the *Forest Practices Code of British Columbia Act*, the hazard tree felling area(s) surrounding the cut-block boundary(s) or marked-to-cut trees shown in the sub-permit map(s) is hereby exempted from the requirement for a forest development plan, silviculture prescription and logging plan. This exemption is intended exclusively for the felling and, if permitted, utilization of trees that represent a safety hazard according to Workers' Compensation Board standards. For clarification, the subject area(s) is defined as the area(s) between the block boundary(s) or marked-to-cut trees and an outer boundary, which is specified in the attached cutting permit, Schedule A as being a certain distance (metres) from the block boundary(s), or marked-to-cut trees.

You are reminded that no operations may commence prior to the submission and approval of a sub-permit, including related maps / logging plans. Please refer to district procedures for major licensees, regarding the requirements for sub-permit application.

If problems develop that could adversely affect the fish or wildlife resources, we request that the licensee advise Ministry of Environment, Lands and Parks at (250) 565-6145 or the Ministry of Forests at (250) 565-7100).

BRITISH COLUMBIA

# WOODLOT LICENCE NO. W1172

## CUTTING PERMIT NO. S

PURSUANT TO Woodlot Licence No. W1172 (the "Licence"), this Cutting Permit is issued to:

**Laurence Malcolm Cook**
**Linda Beatrice Cook**
**201 - 2155 Tenth Avenue**
**Prince George, British Columbia**
**V2M 5J6**

(the "Licensee")

## 1.00 PERMIT AREA AND TERM

1.01 Subject to the Licence and the Acts, regulations and standards referred to in paragraph 10.01 of the Licence, and subject to sub-permits issued under this Cutting Permit the Licensee is authorized to harvest timber from the lands within the Licence Area that are designated for harvest on the map attached as Exhibit "A" to this Cutting Permit.

1.02 Subject to paragraph 1.03, the term of this Cutting Permit is one year, beginning on October 24, 1998, and ending on October 23, 1999.

1.03 The District Manager, in a notice given to the Licensee, may

(a) extend the term of this Cutting Permit, and

(b) if he or she does so, amend this Cutting Permit to the extent necessary to ensure it is consistent with the forest development plan in effect at the time this Cutting Permit is extended.

## 2.00 SPECIAL CONDITIONS AND REQUIREMENTS

2.01 The Licensee must comply with the conditions and requirements set out in Schedule "A" to this Cutting Permit.

## 3.00 FELLING, BUCKING AND UTILIZATION SPECIFICATIONS

3.01 Subject to paragraph 3.04, the Licensee must

(a) fell standing timber of the species specified in Schedule "B" to this Cutting Permit, in accordance with the felling specifications set out in that Schedule,

(b) buck felled and dead-and-down timber of the species referred to in paragraph (a) in accordance with the bucking specifications set out in Schedule "B" to this Cutting Permit, and

(c) utilize all timber of the species and grades specified as obligatory utilization in Schedule "B" to this Cutting Permit if the timber meets the utilization specifications set out in that Schedule.

3.02 Schedule "B" to this Cutting Permit may include a requirement that the Licensee fell other timber in addition to the timber referred to in paragraph 3.01(a), in which case, subject to paragraph 3.04, the Licensee must fell but need not utilize such timber.

3.03 Subject to paragraph 3.04, the Licensee may utilize

(a) timber of the species and grades specified as optional utilization in Schedule "B" to this Cutting Permit, and

(b) timber referred to in paragraph 3.02.

3.04 The Licensee must not fell standing timber, or must not buck or utilize felled or dead-and-down timber, as the case may be, if

(a) the timber is specified as reserved timber in Schedule "B" to this Cutting Permit, or

(b) under an operational plan or the Acts, regulations or standards referred to in paragraph 10.01 of the Licence, the Licensee is required not to fell the timber, or not to buck or utilize the timber, for any reason, including silviculture, biodiversity or other forest management reasons.

## 4.00 TIMBER MARK

4.01 The timber mark(s) for timber harvested from Schedule A Land under this Cutting Permit is/are:

Not applicable.

4.02 The timber mark for timber harvested from Schedule B Land under this Cutting Permit is:

W 1 1
7 2 S

4.03 If directed to do so by the District Manager, the Licensee must erect signs at all exits from the areas of land referred to in paragraph 1.01, clearly showing the timber mark(s) referred to in paragraphs 4.01 and 4.02.

## 5.00 SCALE-BASED STUMPAGE

5.01 For the purpose of determining the amount of stumpage payable in respect of timber harvested from the areas of Schedule B Land authorized for harvest under this Cutting Permit, the volume or quantity of timber harvested will be determined using information provided in a scale of the timber.

5.02 The Licensee must ensure that

(a) all timber harvested from the areas of land referred to in paragraph 1.01 is scaled, and

(b) the scale of the timber is conducted properly in accordance with the requirements of the *Forest Act* and the regulations made under that Act.

## 6.00 ROADS

6.01 Subject to the Licence and the Acts, regulations and standards referred to in paragraph 10.01 of the Licence, the Licensee may construct or modify roads under the authority of this Cutting Permit on areas of Schedule B Land authorized for harvest under this Cutting Permit if the roads are

(a) identified on a logging plan,

(b) wholly contained within a cut-block identified on a forest development plan, and

(c) not identified on a forest development plan as providing access to more than one cut-block.

## 7.00 MISCELLANEOUS

7.01 The Exhibit and the Schedules to this Cutting Permit are deemed to be part of this Cutting Permit.

7.02 As provided in the Licence, this Cutting Permit is deemed to be part of the Licence.

7.03 The Licence will govern the interpretation of this Cutting Permit.

DATED OCT 2 0 1998

Digital Signature

.....

T. P. (Phil) Zacharatos, R.P.F.
District Manager
Prince George Forest District

# SCHEDULE "A"

## SPECIAL CONDITIONS AND REQUIREMENTS

### 1.00 Removal of Damaged Timber

This Cutting Permit only authorizes the harvesting of fire-killed, beetle-killed or windthrown timber or any other timber designated by the District Manager.

### 2.00 Orderly and Sanitary Condition

The Licensee shall, concurrently with harvesting operations, leave all areas in an orderly and sanitary condition.

### 3.00 No Mill Allowed

The Licensee must not erect or operate a sawmill or wood processing plant on an area of land referred to in paragraph 1.01 of this Permit.

### 4.00 Other Occupiers of Land

4.01 The rights granted under this Permit are subject to other rights of use and occupation , and the Permittee must not interfere with exercise of those rights.

4.02 The rights of use and occupation referred to in paragraph 4.01 are as follows:

(a) Trapper: 715T002

### 5.00 Hazard Trees

5.01 The hazard tree felling area surrounding the cutblock boundary(s) or individually marked-to-cut trees identified on the sub-permit maps, is subject to an exemption from the requirement for a forest development plan as provided under Section 28 (1)(a)(i) of the *Forest Practices Code of British Columbia Act*, exemption notice is contained within the attached cover letter, for the purposes of hazard tree felling. The hazard tree felling area extends 30 metres beyond the cutblock boundary(s) or individually marked-to-cut trees.

5.02 The Licensee may fell trees as described in the above paragraph if the person conducting tree felling or rigging tail hold/anchor trees determines that the tree represents a safety hazard according to Workers' Compensation Board standards.

5.03 The Licensee must not buck or utilize a tree felled, under the above paragraph, without the consent of the District Manager.

5.04 If consent is granted under the above paragraph, the felled hazard tree(s) shall be bucked and utilized according to the standards specified in Schedule "B" of this authority, unless otherwise directed by the District Manager.

## 6.00 Marked-To-Cut or Marked Boundary

All trees designated for harvest under this salvage permit must be either individually marked-to-cut, or encircled within an external boundary as specified in the *Boundary Marking Guidebook*, to the satisfaction of the Forest Officer/Official.

# SCHEDULE "B"

# INTERIOR

# FELLING, BUCKING AND UTILIZATION SPECIFICATIONS

## 1.00 FELLING SPECIFICATIONS

1.01 Subject to paragraph 1.02, standing timber of the species shown on the table attached to this Schedule must be felled in accordance with the following specifications:

(a) all timber meeting the minimum diameter at stump height shown for that species in the table attached to this Schedule must be felled; and

(b) unless otherwise authorized in writing by the District Manager, timber must be felled to a stump height that does not exceed the maximum stump height shown for that species in the table attached to this Schedule.

1.02 The Licensee must not fell standing timber if

(a) the timber is specified in Part 6.00 as reserved timber, or

(b) under an operational plan or the Acts, regulations or standards referred to in paragraph 10.01 of the Licence, the Licensee is required not to fell the timber for any reason, including silviculture, biodiversity or other forest management reasons.

## 2.00 BUCKING SPECIFICATIONS

2.01 Subject to paragraph 2.02, felled and dead-and-down timber of the species referred to in paragraph 1.01 must be bucked so as to maximize the volume of logs and slabs which

(a) meet the utilization specifications referred to in paragraph 3.01, and

(b) are of the species and grades specified as obligatory utilization under Part 4.00.

2.02 The Licensee must not buck felled or dead-and-down timber if

(a) the timber is specified in Part 6.00 as reserved timber, or

(b) under an operational plan or the Acts, regulations or standards referred to in paragraph 10.01 of the Licence, the Licensee is required not to buck the timber for any reason, including silviculture, biodiversity or other forest management reasons.

## 3.00 UTILIZATION SPECIFICATIONS

3.01 Subject to paragraphs 3.02 and 3.03, the following utilization specifications apply to timber authorized for harvest under this Cutting Permit:

(a) all butt logs meeting

(i) the minimum diameter at stump height,
(ii) the minimum log length, and
(iii) the minimum top diameter

shown for that species in the table attached to this Schedule must be utilized; and

(b) all top logs meeting

(i) the minimum log length, and
(ii) the minimum top diameter

shown for that species in the table attached to this Schedule must be utilized;

(c) all slabs meeting

(i) the minimum slab length, and
(ii) the minimum slab thickness

shown for that species in the table attached to this Schedule must be utilized.

3.02 The Licensee need not utilize timber of the species and grades specified in Part 5.00 as optional utilization.

3.03 The Licensee must not utilize timber if

(a) the timber is specified in Part 6.00 as reserved timber, or

(b) under an operational plan or the Acts, regulations or standards referred to in paragraph 10.01 of the Licence, the Licensee is required not to utilize the timber for any reason, including silviculture, biodiversity or other forest management reasons.

## 4.00 OBLIGATORY UTILIZATION

4.01 Timber of the following species and grades is specified as obligatory utilization:

(a) all coniferous species that are Sawlog Grade (Grade Code Blank).

## 5.00 OPTIONAL UTILIZATION

5.01 Timber of the following species and grades is specified as optional utilization:

(a) firmwood rejects;

(b) all deciduous species of all grades; and

(c) all coniferous species of the following grades:

(i) Dead and Dry Sawlog (Grade Code 3);
(ii) Lumber Reject (Grade Code 4);
(iii) Dead and Dry Lumber Reject (Grade Code 5); and
(iv) Undersized Log Grade (Grade Code 6).

## 6.00 RESERVED TIMBER

6.01 The following timber is specified as reserved timber:

(a) In accordance with the Silviculture Prescription(s) or Silviculture Prescription Exemption(s) in effect for the related sub-permit.

6.02 The following timber is specified as reserved timber:

(a) All live coniferous and deciduous trees.

## 7.00 DEFINITIONS

7.01 In this Schedule, as exemplified by the diagrams attached to this Schedule,

(a) "butt end" means the log end that was previously attached to the stump;

(b) "butt log" means the log cut from the portion of the tree that was previously attached to the stump;

(c) "diameter at stump height" means

(i) in the case of standing timber, the diameter of the tree (outside bark) measured at the point of the maximum stump height shown in the table attached to this Schedule, and
(ii) in the case of a butt log, the diameter (outside bark) at the butt end of the log; and

(d) "slab" means one of 2 or more parts of a log produced as a result of the log fracturing along its length;

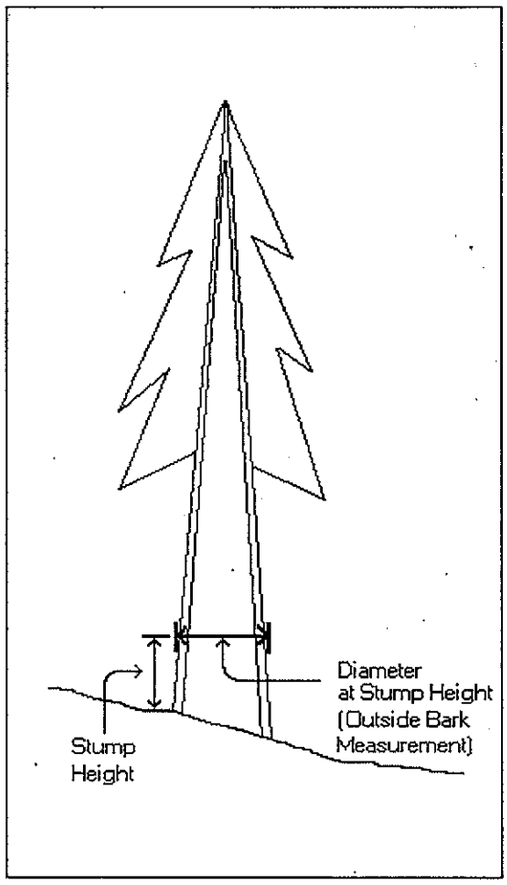
(e) "stump height" means the height of the stump measured on the side of the stump adjacent to the highest ground;

(f) "top diameter" means the diameter (inside bark) at the narrowest end of the log;

(g) "top log" means any log that is not a butt log.

# SCHEDULE "B" - Interior

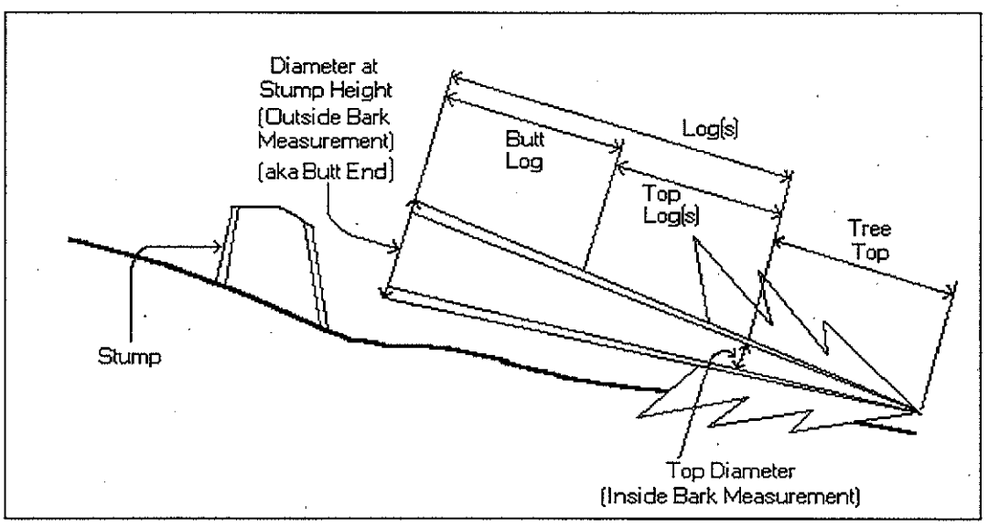
## 1. Falling Specifications



| Species | Maximum Stump Height | Minimum Diameter at Stump Height |
|---|---|---|
| Pine | 30 cm | 15 cm |
| All other species | 30 cm | 17.5 cm |

# SCHEDULE "B" - INTERIOR

## 2. Utilization Specifications



| Species | Minimum Log or Slab Length | Minimum Diameter at Stump Height | Minimum Top Diameter or Slab Thickness |
|---|---|---|---|
| Pine | 3 m | 15 cm | 10 cm |
| Cedar over 140 years | 3 m | 17.5 cm | 15 cm |
| All other species and cedar under 140 years of age | 3 m | 17.5 cm | 10 cm |

Note: Minimum top diameter or slab thickness (inside bark measurement) for cedar older than 141 years is 15.0 cm.

## Stumpage Adjustment Notice

Pursuant to the stumpage adjustment provisions set out in the above noted document, this is to advise that the cutting authority Total Stumpage Rate for sawlogs* cut under provisions of said document, and scaled between

October 01, 2002 and October 23, 2002

inclusive is $15.84 per cubic metre. Details for the cutting authority and individual species rate calculations follow.

### Cutting Authority Rate Calculation Detail

| | | |
|---|---|---|
| | Estimated Value | $117.72 |
| - | Estimated Cost | $97.86 |
| = | Stand Value Index | $19.86 |
| - | Mean Value Index | $23.33 |
| + | Base Rate | $19.31 |
| = | Indicated Rate | $15.84 |
| | Reserve Rate | $15.84 |
| + | Development Levy | $0.00 |
| + | Silviculture Levy | $0.00 |
| = | Upset Rate | $15.84 |

### Species Rate Calculation Detail

| Species Code | Reserve Rate ($/m3) | Silviculture Levy ($/m3) | Development Levy ($/m3) | Upset Rate ($/m3) | Bonus Bid ($/m3) | Total Rate ($/m3) |
|---|---|---|---|---|---|---|
| BA | 15.84 | 0.00 | 0.00 | 15.84 | 0.00 | 15.84 |
| LO | 15.84 | 0.00 | 0.00 | 15.84 | 0.00 | 15.84 |
| SP | 15.84 | 0.00 | 0.00 | 15.84 | 0.00 | 15.84 |

Please be advised that this letter and information is releasable under the Freedom of Information and Protection of Privacy Act.

*With the exception of the species and grades listed under Miscellaneous Stumpage Rates in the applicable Appraisal Manual.

This notice forms an integral part of the cutting authority document and should be attached thereto.

Dear Licensee:

Pursuant to authority contained in Woodlot Licence W1172, Cutting Permit S, extension is hereby granted terminating on October 23, 2003. Upon that date all rights under said permit will cease.

Hauling shall not commence until you are in receipt of a rate letter for this licence.

This notice forms an integral part of the cutting permit and should be attached thereto.

Yours truly,

Greg Rawling, R.P.F.

| 6) Engineering: (if applicable) | | | | | |
| | | | | | |
| TOTAL COST | | | | | |

See attached.

District Engineering Approval: _____

1) Refer to Appendix I of the Interior Appraisal Manual for further information on equipment, labour and material rates.
2) List each machine employed and work performed.
3) Freight and haulage allowed for permanent type bridges (i.e. steel, concrete, or glu-lam).
4) Cost of designed and engineering for log bridges not recognized. Cost of design inspection and supervision for other more complex structures by a professional consulting engineer may be recognized.
5) NO GST is to be included. PST is allowed on materials.

Estimated Gravel required for Surfacing WL 1660, CP A, Blk 1 & 2

| | Segment | kms | Width (m) | Depth (m) | Turnouts | m3 |
|---|---|---|---|---|---|---|
| CP A-1 | 1 | 0.6 | 5 | 0.3 | 2 | 1386 |
| CP A-1 | 2 | 0.6 | 5 | 0.3 | 2 | 1386 |

Cost Estimate to Supply, Load, Haul & Place Gravel for WL 1660, CP A - Blks 1 & 2

| | | Quantity | Unit | Rate | $ |
|---|---|---|---|---|---|
| Materials | | 4140 | m3 | $2.80 | $11,592.00 |
| Equipment | End Dumps | 685 | hrs | $66.05 | $45,244.25 |
| | 966C | 63 | hrs | $108.10 | $6,810.30 |
| | Grader | 69 | hrs | $112.90 | $7,790.10 |
| | Compactor | 69 | hrs | $85.00 | $5,865.00 |
| | Lowbed | 15 | hrs | $90.60 | $1,359.00 |
| Labour | Supervision | 69 | hrs | $49.50 | ~~$3,415.50~~ |
| | | | | | ~~$82,076.15~~ 78,660.65 |

These costs are based on hauling the material from a private pit at the end of Edna Road.

## Stumpage Adjustment Notice

Pursuant to the stumpage adjustment provisions set out in the above noted document, this is to advise that the cutting authority Total Stumpage Rate for sawlogs* cut under provisions of said document, and scaled between

July 01, 2002 and September 30, 2002

inclusive is $21.00 per cubic metre. Details for the cutting authority and individual species rate calculations follow.

### Cutting Authority Rate Calculation Detail

| | | |
|---|---|---|
| | Estimated Value | $121.22 |
| - | Estimated Cost | $97.86 |
| = | Stand Value Index | $23.36 |
| - | Mean Value Index | $27.46 |
| + | Base Rate | $25.10 |
| = | Indicated Rate | $21.00 |
| | Reserve Rate | $21.00 |
| + | Development Levy | $0.00 |
| + | Silviculture Levy | $0.00 |
| = | Upset Rate | $21.00 |

### Species Rate Calculation Detail

| Species Code | Reserve Rate ($/m3) | Silviculture Levy ($/m3) | Development Levy ($/m3) | Upset Rate ($/m3) | Bonus Bid ($/m3) | Total Rate ($/m3) |
|---|---|---|---|---|---|---|
| BA | 21.00 | 0.00 | 0.00 | 21.00 | 0.00 | 21.00 |

## Stumpage Advisory Notice

Attached is a summary of the appraisal information used in determining the stumpage rate for this cutting authority.

The cutting authority Total Stumpage Rate of $23.26 per cubic metre is effective for sawlogs scaled between

October 24, 2001 and December 31, 2001

inclusive unless this cutting authority is reappraised during this period in accordance with the applicable Appraisal Manual.

The Miscellaneous Stumpage Rates listed in the applicable Appraisal Manual in effect on the date of scale take precedence over the above rate. A levy and/or bonus may be applied to any Miscellaneous Stumpage Rate.

Objections to this rate determination should be brought immediately to the attention of the undersigned in this office. The formal 21 day review period specified in the Forest Act begins upon delivery of this notice. Consideration of any objection does not delay the determination nor stop the 21 day review period. Any rate change or redetermination as a result of an objection will result in a new Stumpage Advisory Notice being issued.

The Reserve Rate will be redetermined on January 1, April 1, July 1, and October 1 each year, or on any date specified by the Minister of Forests, according to appraisal policies then in effect.

Please be advised that this letter and information is releasable under the Freedom of Information and Protection of Privacy Act.

# Prince George Forest Region Appraisal Review Sheet

**File Location:** 19720 - 45 Woodlot Cutting Permit **Licence:** W1172 **Permit:** s

**Date:** Tuesday, November 13, 2001

**To:** Prince George Forest District

**Attention:** Bill Dunbar and Rose Nickel and District Appraisal Coordinator Bill Dunbar

**From:** Patrick Ellis

**Effective Date:** 2001/10/24

**Changes made to the Appraisal**

| Phase | Description | Changed From | Changed To |
|---|---|---|---|
| Log Transportation | Primary Cycle Time | 2.8 | 2.7 |

## Comments

Specified Op's applied for SPS and includes 0.15 silviculture. A new base permit was selected (WO611C) in accordance with the Sept. 13, 2001 proceedure. Cycle time from base permit copied incorrectly.

**If you wish to discuss this Appraisal Review Sheet, please feel free to contact our office at (250) 565-6100**

□

- Telecon with Licensee.
- Why has rate not changed?
Reason is target rate previous appraisal was RJ60 and @ reappraisal rate was RJ60 also but rate letter did not reflect this.

# MEMORANDUM

Kay, ——
Copies to
KOL / John Ri
Return for
file
10

File: 21740-01

September 13, 2001

**BY FAX**

To: Regional Managers – Interior

Re: **Specified Operation Cost Estimates**

The purpose of this memo is to provide you with specific cost adjustments to be used in conjunction with the salvage specified operation in the *Interior Appraisal Manual*.

The table below provides the cost estimates to be used in appraisals and reappraisals, effective today.

| Salvage / Activity | | Regional Additional Cost Estimate $/m³ |
|---|---|---|
| **Beetle Salvage:** | | Cariboo \| Kamloops \| Nelson \| P. George \| P. Rupert |
| Small Patch Sanitation | | |
| Ground Skidding(includes horse): | | 9.59 \| 3.75 \| 10.07 \| 15.94 \| 14.25 |
| | Helicopter: | 33.13 |
| | Silviculture: | add 0.15 to Silviculture "R" factor |
| Small Clear Cut | | |
| | Ground Skidding: | 0.00 \| 0.00 \| 9.00 \| 10.82 \| 10.31 |
| | Helicopter: | 0.00 |
| | Silviculture: | add 0.15 to Silviculture "R" factor |
| **Fire Salvage:** | | |
| | Ground Skidding | 1.61 |
| | Cable: | 3.59 |
| **Trap Tree Salvage:** | | |
| | Ground Skidding: | 10.34 |
| | Cable: | 12.85 |
| | Helicopter: | 11.56 |

The cost estimates for beetle salvage include costs for administration, hauling, road maintenance and tree to truck; fire salvage includes only tree to truck costs; and trap tree salvage includes administration and tree to truck costs. There is no blow down salvage cost data available, therefore, no cost add-on is used.

Stumpage Advisory Notice

The following is a listing of stumpage rates effective for the species and products shown when scaled between

December 29, 2003 and October 23, 2004

inclusive unless this cutting authority is reappraised during this period in accordance with the applicable Appraisal Manual.

Rates for unlisted species, products, or grades are those listed in the applicable Appraisal Manual in effect on the date of scale.

| Species Product Grade | Reserve Rate ($/m3) | Silviculture Levy ($/m3) | Development Levy ($/m3) | Upset Rate ($/m3) | Bonus Bid ($/m3) | Total Rate ($/m3) |
|---|---|---|---|---|---|---|
| BA | 0.78 | 0.00 | 0.00 | 0.78 | 0.00 | 0.78 |
| FI | 0.78 | 0.00 | 0.00 | 0.78 | 0.00 | 0.78 |

## Stumpage Advisory Notice

Attached is a summary of the appraisal information used in determining the stumpage rate for this cutting authority.

The cutting authority Total Stumpage Rate of $0.78 per cubic metre is effective for sawlogs scaled between

October 24, 2003 and December 31, 2003

inclusive unless this cutting authority is reappraised during this period in accordance with the applicable Appraisal Manual.

The Miscellaneous Stumpage Rates listed in the applicable Appraisal Manual in effect on the date of scale take precedence over the above rate. A levy and/or bonus may be applied to any Miscellaneous Stumpage Rate.

Objections to this rate determination should be brought immediately to the attention of the undersigned in this office. The formal 21 day review period specified in the Forest Act begins upon delivery of this notice. Consideration of any objection does not delay the determination nor stop the 21 day review period. Any rate change or redetermination as a result of an objection will result in a new Stumpage Advisory Notice being issued.

The Reserve Rate will be redetermined on January 1, April 1, July 1, and October 1 each year, or on any date specified by the Minister of Forests, according to appraisal policies then in effect.

Please be advised that this letter and information is releasable under the Freedom of Information and Protection of Privacy Act.

1. Refer to Appendix 1 of the *Interior Appraisal Manual* for further information on equipment, labour and material rates.
2. List each machine employed and work performed.
4. Freight and haulage is allowed for permanent type bridges (i.e., steel, concrete, or glu-lam).
5. Cost of design and engineering for log bridges is not allowed. Cost of design inspection and supervision for other more complex structures by a professional engineer not on salary may be allowed.
6. No GST to be included, PST is allowed on materials.

Dear Licensee:

Pursuant to authority contained in Woodlot Licence W1172, Cutting Permit S, extension is hereby granted terminating on October 23, 2004. Upon that date all rights under said permit will cease.

**Hauling shall not commence until you are in receipt of a current rate letter and an approved scale site designation for this licence.**

If harvesting of timber is completed on this cutting permit prior to the expiry date, please advise this office so the permit can be closed.

This notice forms an integral part of the cutting permit and should be attached thereto.

Yours truly,

Greg Rawling, R.P.F.

## Stumpage Advisory Notice

Attached is a summary of the appraisal information used in determining the stumpage rate for this cutting authority.

The cutting authority Total Stumpage Rate of $19.49 per cubic metre is effective for sawlogs scaled between

October 24, 2002 and December 31, 2002

inclusive unless this cutting authority is reappraised during this period in accordance with the applicable Appraisal Manual.

The Miscellaneous Stumpage Rates listed in the applicable Appraisal Manual in effect on the date of scale take precedence over the above rate. A levy and/or bonus may be applied to any Miscellaneous Stumpage Rate.

Objections to this rate determination should be brought immediately to the attention of the undersigned in this office. The formal 21 day review period specified in the Forest Act begins upon delivery of this notice. Consideration of any objection does not delay the determination nor stop the 21 day review period. Any rate change or redetermination as a result of an objection will result in a new Stumpage Advisory Notice being issued.

The Reserve Rate will be redetermined on January 1, April 1, July 1, and October 1 each year, or on any date specified by the Minister of Forests, according to appraisal policies then in effect.

Please be advised that this letter and information is releasable under the Freedom of Information and Protection of Privacy Act.

# MEMORANDUM

File: 21740-01

October 10, 2002

**BYEMAIL**

To: Regional Managers - Interior

From: Bill Howard
Director
Revenue Branch

**Re: Specified Operation Cost Estimates**

The purpose of this memo is to provide you with revised cost estimates to be used in conjunction with the salvage specified operation in the *Interior Appraisal Manual* (IAM) and the procedures required to provide the appraisal data for determining an adjustable stumpage rate for the salvage cutting permit.

The cost estimates for beetle salvage include costs for administration, hauling and tree to truck; fire salvage includes only tree to truck costs; and trap tree salvage includes administration and tree to truck costs. The blow down salvage cost estimates include only tree to truck costs and are derived from the IAM tree to truck analysis.

| Salvage / Activity | Regional Additional Cost Estimate $/m^3$ | | | | |
|---|---|---|---|---|---|
| **Beetle Salvage:** | Cariboo | Kamloops | Nelson | P. George | P. Rupert |
| Small Patch Sanitation: | | | | | |
| Ground Skidding: | 11.46 | 5.44 | 11.27 | 10.64 | 13.37 |
| Helicopter: | 12.07 | | | | |
| Small Clear Cut: | | | | | |
| Ground Skidding: | 2.78 | 1.95 | 3.04 | 5.29 | 8.98 |
| Cable Yarding: | 2.62 | 5.20 | 2.62 | 2.62 | 2.62 |
| **Fire Salvage:** | | | | | |
| Ground Skidding: | 1.48 | | | | |
| Cable Yarding: | 3.26 | | | | |
| **Trap Tree salvage:** | | | | | |
| Ground Skidding: | 8.74 | | | | |
| Cable Yarding: | 11.60 | | | | |
| **Blow Down Salvage:** | | | | | |
| Ground Skidding: | 3.45 | | | | |
| Cable Yarding: | 5.45 | | | | |
| Helicopter: | 14.43 | | | | |

# Prince George Forest Region Request for Reappraisal

To be used ~~when the volume remaining to be billed to the cutting authority is greater than 2000m³~~ when reappraisal is mandated by the District Manager, or when reappraisal is mandatory within the *Interior Appraisal Manual.*

**Forest District:** PG **Licence:** W1172 **Permit:** S **Mark:** W11725

Effective Date: Oct 24, 2002 Expiry Date: Oct 23, 2003

- The mark must be valid over the period indicated (licensees may request an extension of the mark term simultaneously).

**Data to be entered for reappraisal:**

- If there is additional, deleted or amended data from the licensee or required by the *Interior Appraisal Manual* in effect on the reappraisal effective date, the page from the Interior Appraisal Data Sheet which that information is on must be included. Documentation must be provided to district staff for all **changes** (i.e., rock percent) as required in the new appraisal submissions. Portions of the page which are the same as the previous appraisal must clearly indicate that there are no changes in that portion.

Woodlot option only: Fixed Rate ☐ Adjustable (Variable) Rate ☑

Pages of the Interior Appraisal Data Sheet that have changed: see attached IADS (New Base Permit)

**(Pages and supporting information must be submitted with this data sheet.)**

**Licensee or Licensee's Agent**

I certify this Request for Reappraisal Data Sheet and all attachments (if any) is a true statement of timber stand, site conditions and/or harvesting, development, silviculture and any other requirements for the documents named herein.

MEMORANDUM

File: 280-20

January 12, 2007

To: Interior Regional Managers

From: The Honourable Rich Coleman
Minister of Forests and Range

**Re: Reappraisals**

Through this memo I direct you to reappraise all woodlot blanket salvage permits. The effective date of the reappraisals will be January 12, 2007.

I further direct you to reappraise all woodlot blanket salvage permits again, on or after April 16, 2007. The effective date of the reappraisals will be April 16, 2007.

## Stumpage Advisory Notice

The following is a listing of stumpage rates effective for the species and products shown when scaled between

August 01, 2006 and March 31, 2007

inclusive unless this cutting authority is reappraised during this period in accordance with the applicable Appraisal Manual.

Rates for unlisted species, products, or grades are those listed in the applicable Appraisal Manual in effect on the date of scale.

| Species Product Grade | Reserve Rate ($/m3) | Silviculture Levy ($/m3) | Development Levy ($/m3) | Upset Rate ($/m3) | Bonus Bid ($/m3) | Total Rate ($/m3) |

Dear Lawrence Cook:

On August 8, 2005, our office sent you a stumpage advisory notice for Woodlot Licence W1172, Cutting Permit (CP) S. Upon further review of the billing records used to calculate blanket salvage stumpage rates (as per Section 6.3.1(a) of the Interior Appraisal annual), it has become apparent that the weighted average rate was calculated with improper data. We do not have the legal authority to redetermine this rate effective August 1, 2005 without your agreement.

In accordance with Section 2.3.1 of the Interior Appraisal Manual, you have 21 days from the date of your Stumpage Advisory Notice to request a redetermination of your Blanket Salvage CP rate. Your new rate is not known at this time. If you wish a redetermination of the rate, please submit a request to me ASAP.

**RE: REDETERMINATION OF CPS RATE**

**Dear Shawn,**

**Thank you for your letter of Sept 01/05 offering me the opportunity to have my blanket-salvage stumpage rate redetermined.**

**I note in your letter that improper data were used. I agree completely. In early August/05, not having received a CPS rate letter, I contacted the Ministry of Forests and was told that it was likely that my rate would be $19.04/m3, because I had logged cutting permit wood (CP.D) in 2004 with a rate of $19.04/m3, along with the CP.S wood. I assumed that this information was correct and did not think to check my records. A week or so later, I received my rate letter and indeed it was $19.04. In early Sept/05, I received a cut control letter from the District Manager showing that I had cut NO cutting permit wood in 2004.**

**I must therefore assume that my CP.S rate for Aug 1/05 to Aug 1/06 should be the same as the previous year, ie $0.78/m3.**

**It is possible, however, that there is some MoF regulation preventing the continuation of this $0.78 rate (in which case I would like to know what this is). In the event of such a regulation, my Aug 01/05–Aug 01/06 CP.S rate should surely be the district average, ie $16.79/m3.**

**Your letter and our telephone conversation indicated that my possible new rate is "not known at this time".**

**I therefore do NOT wish my existing rate of $19.04/m3 to be redetermined at this time.**

**However, if in discussions between the Woodlot Association and MoF it is determined that rates such as mine are inappropriately high, then I reserve the right to retroactively appeal, and will do so.**

**Yours truly,**

**Laurie Cook**

On behalf of Bill Warner, Regional Executive Director, Northern Interior Forest Region

Thank you for your request to extend your rates. Unfortunately I am unable to comply, as there is no legal authority for the ministry to approve the requested extensions.

For your information, the Minister has approved Amendment #4 to the Interior Appraisal Manual (IAM) effective August 1, 2005 and there is no provision to extend an appraisal expiry date for blanket salvage permits.

The ministry is aware of the possible impacts as a result of the IAM amendment and has been working with Revenue Branch to seek solutions. If you would like additional clarification, please contact Bill Howard, Director, Revenue Branch.

**Subject:** Salvage permit and rate extension

Dear Sir/Ma'am:

I request an extension to my salvage permit and rate for W1172S until Aug 17/05.

I estimate that I have 600 m3 decked at roadside but not yet hauled as of 1700 hrs July 29/05.

The reasons for this are two:

1) Wet weather delayed harvesting.

2) Once the wood was cut and processed, it was impossible to get enough trucks to haul before Aug 1/05 because so many other licensees were in the same position.

Thank you for your consideration of this request. I look forward to your ruling ASAP. I will continue to haul as of Aug 2/05.

Dear Ljiljana:

re CPS rate extension WL 1172

Further to my previous request in writing, and our phone conversation confirming the extension to Apr 30/05 of my CPS rate of $0.78/m^3, could you fax a confirmation for my records?

Thanks.

Yours truly,
Laurie Cook

Dear Mr. Wright:

I hereby request an extension of my CPS rate from current expiry Oct 23/04 to Apr 30/05. I have spoken to Liliana Knesovitch (? spelling) and she assures me that current policy permits this.

A fast response to this request would be extremely helpful with regard to critical planning decisions.

Thanks.

## Stumpage Adjustment Notice

Pursuant to the stumpage adjustment provisions set out in the above noted document, this is to advise that the cutting authority Total Stumpage Rate for sawlogs* cut under provisions of said document, and scaled between

January 01, 2004 and March 31, 2004

inclusive is $6.56 per cubic metre. Details for the cutting authority and individual species rate calculations follow.

| Cutting Authority Rate Calculation Detail | | |
|---|---|---|
| | Estimated Value | $91.60 |
| - | Estimated Cost | $103.72 |
| = | Stand Value Index | -12.12 |
| - | Mean Value Index | $1.63 |
| + | Base Rate | $20.31 |
| = | Indicated Rate | $6.56 |
| | Reserve Rate | $6.56 |
| + | Development Levy | $0.00 |
| + | Silviculture Levy | $0.00 |
| = | Upset Rate | $6.56 |

Species Rate Calculation Detail

| Species Code | Reserve Rate ($/m3) | Silviculture Levy ($/m3) | Development Levy ($/m3) | Upset Rate ($/m3) | Bonus Bid ($/m3) | Total Rate ($/m3) |
|---|---|---|---|---|---|---|

# Application For Private Timber Mark

If your private property is adjacent to Crown land, submit a legal survey plan of your property. As per Section 97 of the *Forest Practices Code of British Columbia Act* you must ascertain the boundaries. No person shall remove timber from private land unless the timber has been conspicuously marked in the prescribed manner with a timber mark. In addition, timber removed or manufactured from private land must be scaled and the scale site will have to be approved by the Ministry of Forests and Range. This "Mark Site Designation and Application" will ask for specific information as to the planned scaled site and will be required before a designated site of scale is authorized and timber is moved. In compliance with the *Freedom of Information and Protection of Privacy Act*, this data will be used for evaluating a request for private timber mark and is collected by the Ministry for movement of timber and law enforcement, according to Section 84 of the *Forest Act*. For details, contact the Registrar of Timber Marks, Timber Harvesting Branch, 1450 Government Street, Victoria, BC, V8V 3E7, (250) 387-8321

# Application For Private Timber Mark

Mail

If your private property is adjacent to Crown land you may be required submit a legal survey plan of your property. As per Section 97 of the *Forest Practices Code of British Columbia Act* you must ascertain the boundaries. No person shall remove timber from private land unless the timber has been conspicuously marked in the prescribed manner with a timber mark. In addition, timber removed or manufactured from private land must be scaled and the scale site will have to be approved by the Ministry of Forests and Range. This "Mark Site Designation and Application" will ask for specific information as to the planned scaled site and will be required before a designated site of scale is authorized and timber is moved. In compliance with the *Freedom of Information and Protection of Privacy Act*, this data will be used for evaluating a request for private timber mark and is collected by the Ministry for movement of timber and law enforcement, according to Section 84 of the *Forest Act*. For details, contact the Registrar of Timber Marks, Timber Harvesting Branch, 1450 Government Street, Victoria, BC, V8V 3E7, (250) 387-8321

# Application For Private Timber Mark

M.

If your private property is adjacent to Crown land you may be required submit a legal survey plan of your property. As per Section 97 of the *Forest Practices Code of British Columbia Act* you must ascertain the boundaries. No person shall remove timber from private land unless the timber has been conspicuously marked in the prescribed manner with a timber mark. In addition, timber removed or manufactured from private land must be scaled and the scale site will have to be approved by the Ministry of Forests. This "Mark Site Designation and Application" will ask for specific information as to the planned scaled site and will be required before a designated site of scale is authorized and timber is moved. In compliance with the *Freedom of Information and Protection of Privacy Act*, this data will be used for evaluating a request for private timber mark and is collected by the Ministry for movement of timber and law enforcement, according to Section 84 of the *Forest Act*. For details, contact the Registrar of Timber Marks, Timber Harvesting Branch, 1450 Government Street, Victoria, BC, V8V 3E7, (250) 387-8321

## TIMBER MARK DESIGNATION

*Non-Exportable Crown Grant*

NA
MOH

Timber cut from the above area is not subject to payment of royalty. Exemption is set out in Section 104(2) of the *Forest Act,* R.S.B.C. 1998.

The Timber Mark under this certificate expires on 11th day of January, 2005

Should you require a certificate after the above expiry date, you must contact your nearest District Office for renewal of the Timber Mark prior to expiry of the Timber Mark.

This Timber Mark Certificate is subject to parts of the Forest Act, or regulations under this act.

This Timber Mark Certificate is subject to parts of the *Forest Practices Code of British Columbia Act* or regulations under this Act.

P.S. Gateley
*Deputy Registrar of Timber Marks*

FORTMC R07/96

All timber removed from the said area shall be scaled in accordance with the provisions of the **Forest Act** and amendments and regulations. A Regional Scaling Manager, Regional Manager or District Manager may at any time during the term of this authority designate in writing the place of scaling of the said timber.

This Certificate does not constitute any acknowledgement that the above lands are owned by the party to whom the mark is issued or that the said party has any rights to the said lands or the timber thereon.

This Certificate does not constitute any authority to cut timber.

It is the responsibility of the holder to locate all legal boundaries pertaining to the above noted lands and to ensure that cutting is confined to those areas. By accepting this Timber Mark the holder agrees to be responsible for all wood returned to this mark.

The Forest Service suggests you contact your municipal, regional, district or improvement district office to ensure such tree harvesting improvement does not violate local by-laws.

A Timber Mark is **not transferable.**

Unless exempted from this requirement, all timber must be hammer indented on each end of each piece on the area of origin, as soon as possible after it is cut and prior to any transportation off the area.

Timber that will be waterborne or subject to export shall not be exempted from 100 percent timber marking.

Before timber can be exported from the province, a permit to export goods must be obtained from External Affairs Canada.

Where logs or log products are sold, the net profit is subject to a 10% tax under the **British Columbia Logging Tax Act.**

For scaling, marking and documentation requirements contact your nearest local district office in your area.

This timber certificate will be subject to cancellation if these conditions are not met.

Heritage sites may be located on the lands described in this Registered Timber Mark Certificate and are subject to the provisions of the HERITAGE CONSERVATION ACT. The holder, his servants, or workmen causing damage to these sites shall be guilty of an offense under the HERITAGE CONSERVATION ACT and shall be liable to the penalties provided therein. In addition, such violation may render this Registered Timber Mark Certificate liable to suspension and cancellation.

Should you have concerns regarding this matter, please contact the Archaeology Branch, 5th Floor - 800 Johnson Street., Victoria, B.C.. Phone (250) 356-0882. Facsimile (250) 387-4420.

# Logging Slash-Fire Hazard Abatement Plan

(to be completed if property o[illegible]ide city limits)

Applicant's Name GIESBRECHT DAIRIES LTD

Street address of property to be logged 15380 BLACKWATER Rd.

Legal Description EAST ½ OF DISTRICT LOT 1869 CARIBOO
BLOCK B D.L. 1540 CARIBOO

When will logging start? JAN 15/2000 +

Total area covered by this mark 160 hectares

How much of this area will be logged? 10 hectares

How will you dispose of the fire hazard from the logging slash?

BURN AS WEATHER PERMITTS.

Tentative Hazard Abatement Date (must be within 12 months of logging) FALL OF 2000

- As a general rule, hazard abatement measures will normally consist of piling and burning of logging slash along with burning any log landing and /or right of way debris. When this is not appropriate, other methods may consist of mechanical compacting of lopping and scattering of the logging slash. There are machines available in the Prince George area that can do mulching of debris.
- Please remember that the LAND OWNER is responsible for any damages to adjacent landowners or Crown land resulting from his/her harvesting operations or from fires that start on his/her land for any reason. The responsibility may also include the cost of suppressing fires, depending on the cause of the fire.
  BE CAREFUL.

# Application for Private Timber Mark

## Please Read Before Completing Application

- All land owners must apply for timber mark. Only deeded land owners can apply - rental purchase or lease agreement are not allowed.
- A timber mark is needed only if you wish to remove or manufacture timber from the property of origin. It is not an authorization to cut timber.
- There is no fee for issuance of private timber marks. There is no stumpage charged against timber removed from private lands.
- The land owner **must provide proof of ownership.** This can be in the form of BC assessment property assessment notice or a copy of the title.
- A timber mark may be renewed or amended to include more parcels of land.

### Instructions

- Complete first question which refers to crown land. Check whether yes or no.
- Check whether new application, renewal or amendment. If renewal or amendment, enter existing timber mark and complete application.
- Check which term the client wishes to have.
- Enter legal description of property to be logged.
- Geographic location is name of neighbourhood or general area of property to be logged.
- Enter PID number or title number. This will be on the property assessment notice or title.
- Enter property size. Check whether hectares or acres.
- Check whether property is next to a lake or has a river/stream running through or beside it. Enter name of lake/stream. If not applicable, check no.
- Enter land owner's name. Make sure middle names are included. If more than one owner, enter second owner in the section following. If land is owned by a company, complete the company client form in full and attach to this application.
- Enter full mailing address, telephone/fax numbers, driver's license number and birth date. Attach a photocopy of drivers license to this application. If client is without a driver's license enter another piece of identification, such as a BC identification card or birth certificate and attach to this application.
- Sign application.

### Hazard Abatement

- It is the responsibility of the land owner to ensure fire hazard abatement is carried out in a safe and effective manner and that the *Forest Practices Code* is complied with, even if the work is carried out by a contractor.
- If the private land is outside of city limits, fill out the Logging Slash/Fire Hazard Abatement Plan included in this application. This must be completed for forest service approval BEFORE operations are started.
- If private land is within the city limits, we will notify the Prince George Fire Department of your intent to log. You must abide by the city's fire regulations and provincial environmental regulations pertaining to your fire hazard abatement. There is no fee. Please fill out the city's hazard abatement form and submit to the fire hall.
- A burning permit is not required if the debris is hand piled. If the debris is machined piled, you will need a burning permit. There is no fee. If your property is within city limits you will need a permit from the city.
- Section 34(1) of the *Forest Fire Prevention and Suppression Regulation* requires that a person who creates a fire hazard must take measures to abate the hazard that are acceptable to a designated forest official. Section 34(3) requires these measures to be carried out within 12 months of when the fire hazard was created.

BRITISH COLUMBIA

**Ministry of Forests**

**Registered Timber Mark Certificate 151349**

Issued at Victoria, British Columbia on the 28th day of April, 2003.

Issued to:
RUSSELL M. BIECH and
s.22

The Timber Mark as shown below, registered under the provisions of Part 5 of the *Forest Act;* said Timber Mark to be used exclusively on the tract of land described as:

THE NORTH 1/2 OF DISTRICT LOT 1558, CARIBOO LAND DISTRICT (EXCEPT PLAN 17473)

Crown Granted: 1910
Inventory Region/Compartment/Letter 59/130/

Northern Interior Region
Prince George District

## TIMBER MARK DESIGNATION

*Non-Exportable Crown Grant*

NC GUX

Timber cut from the above area is not subject to payment of royalty. Exemption is set out in Section 104(2) of the *Forest Act,* R.S.B.C. 1998.

The Timber Mark under this certificate expires on 27th day of April, 2008

Should you require a certificate after the above expiry date, you must contact your nearest District Office for renewal of the Timber Mark prior to expiry of the Timber Mark.

This Timber Mark Certificate is subject to parts of the Forest Act, or regulations under this act.

This Timber Mark Certificate is subject to parts of the *Forest Practices Code of British Columbia Act* or regulations under this Act.

T. Johnston

Tina Johnston
*Assistant Deputy Registrar of Timber Marks*

FORTMC R07/96

All timber removed from the said area shall be scaled in accordance with the provisions of the **Forest Act** and amendments and regulations. A Regional Scaling Manager, Regional Manager or District Manager may at any time during the term of this authority designate in writing the place of scaling of the said timber.

This Certificate does not constitute any acknowledgement that the above lands are owned by the party to whom the mark is issued or that the said party has any rights to the said lands or the timber thereon.

This Certificate does not constitute any authority to cut timber.

It is the responsibility of the holder to locate all legal boundaries pertaining to the above noted lands and to ensure that cutting is confined to those areas. By accepting this Timber Mark the holder agrees to be responsible for all wood returned to this mark.

The Forest Service suggests you contact your municipal, regional, district or improvement district office to ensure such tree harvesting improvement does not violate local by-laws.

A Timber Mark is **not transferable.**

Unless exempted from this requirement, all timber must be hammer indented on each end of each piece on the area of origin, as soon as possible after it is cut and prior to any transportation off the area.

Timber that will be waterborne or subject to export shall not be exempted from 100 percent timber marking.

Before timber can be exported from the province, a permit to export goods must be obtained from External Affairs Canada.

Where logs or log products are sold, the net profit is subject to a 10% tax under the **British Columbia Logging Tax Act.**

For scaling, marking and documentation requirements contact your nearest local district office in your area.

This timber certificate will be subject to cancellation if these conditions are not met.

Heritage sites may be located on the lands described in this Registered Timber Mark Certificate and are subject to the provisions of the HERITAGE CONSERVATION ACT. The holder, his servants, or workmen causing damage to these sites shall be guilty of an offense under the HERITAGE CONSERVATION ACT and shall be liable to the penalties provided therein. In addition, such violation may render this Registered Timber Mark Certificate liable to suspension and cancellation.

Should you have concerns regarding this matter, please contact the Archaeology Branch, 5th Floor - 800 Johnson Street., Victoria, B.C.. Phone (250) 356-0882. Facsimile (250) 387-4420.

PLEASE PRINT

# Application For Private Timber Mark

If your private property is adjacent to Crown land you may be required submit a legal survey plan of your property. As per Section 97 of the *Forest Practices Code of British Columbia Act* you must ascertain the boundaries. No person shall remove timber from private land unless the timber has been conspicuously marked in the prescribed manner with a timber mark. In addition, timber removed or manufactured from private land must be scaled and the scale site will have to be approved by the Ministry of Forests. This "Mark Site Designation and Application" will ask for specific information as to the planned scaled site and will be required before a designated site of scale is authorized and timber is moved. In compliance with the *Freedom of Information and Protection of Privacy Act*, this data will be used for evaluating a request for private timber mark and is collected by the Ministry for movement of timber and law enforcement, according to Section 84 of the *Forest Act*. For details, contact the Registrar of Timber Marks, Timber Harvesting Branch, 1450 Government Street, Victoria, BC, V8V 3E7, (250) 387-8321

CROWN GRANT

*LAND ACT*
and
*MINISTRY OF LANDS, PARKS AND HOUSING ACT*

Warren Tipper, Unit Head, Crown Grant Unit
Registry Services Section
Archaeology and Registry Services Branch
Ministry of Sustainable Resource Management

THIS GRANT dated the 15th day of October, 2004 .

BETWEEN:

HER MAJESTY THE QUEEN IN RIGHT
OF THE PROVINCE OF BRITISH COLUMBIA

(herein called the "Grantor")

AND:

BEAVERLY FARMS LTD., (Incorporation No. 0124664)
Post Office Box 2212
Prince George, British Columbia, V2N 2J8

(herein called the "Grantee")

WITNESSES that in consideration of the sum of $331,285.00 of lawful money of Canada now paid by the Grantee to the Grantor (the receipt of which the Grantor acknowledges), the Grantor grants to the Grantee, in fee simple, the parcel of land and premises situate in the Prince George Assessment Area in the Province of British Columbia, described as follows:

BLOCK B DISTRICT LOT 1891 CARIBOO DISTRICT

as shown on the official plan confirmed by the Surveyor General of the Province of British Columbia and coloured red on the annexed plan.

PROVIDED THAT the estate herein granted is subject to:

(a) any conditional or final water licence or substituted water licence issued or given under the *Water Act*, or any prior or subsequent enactment of the Province of British Columbia of like effect, and to the rights of the holder of it to enter on the land and to maintain, repair and operate any works permitted on the land under the licence at the date of this grant;

(b) all subsisting grants to, or subsisting rights of any person made or acquired under the *Mineral Tenure Act*, *Coal Act* or *Petroleum and Natural Gas Act* or under any prior or subsequent enactment of the Province of British Columbia of like effect;

EXCEPTING AND RESERVING, nevertheless to the Grantor, its successors and assigns the exceptions and reservations of the interests, rights, privileges and titles referred to in section 50 of the *Land Act*.

AND in this instrument, unless the context otherwise requires,

(a) the singular includes the plural and the masculine includes the feminine gender and a corporation; and

(b) all Acts referred to are statutes of the Province of British Columbia.

IN WITNESS WHEREOF the Minister of Sustainable Resource Management, in pursuance of section 109(2) of the *Land Act*, and in the name and on behalf of Her Majesty the Queen in Right of the Province of British Columbia has caused the Minister's seal of office to be affixed hereto and attested by the Minister's authorized representative, this 15th day of OCTOBER, 2004.

Authorized Signatory - Rick Hargraves or
Justine Batten

BRITISH COLUMBIA

**Ministry of Forests**

**Registered Timber Mark Certificate 152155**

Issued at Victoria, British Columbia on the 14th day of July, 2003.

Issued to:

BEAVERLY FARMS LTD.
P.O. BOX 2212
PRINCE GEORGE, B.C., CANADA V2N2J8

The Timber Mark as shown below, registered under the provisions of Part 5 of the *Forest Act;* said Timber Mark to be used exclusively on the tract of land described as:

SOUTH 1/2 OF DISTRICT LOT 1892, CARIBOO LAND DISTRICT

Crown Granted: 1980
Inventory Region/Compartment/Letter 60/005/

Northern Interior Region
Prince George District

## TIMBER MARK DESIGNATION

*Non-Exportable Crown Grant*

Timber cut from the above area is not subject to payment of royalty. Exemption is set out in Section 104(2) of the *Forest Act,* R.S.B.C. 1998.

The Timber Mark under this certificate expires on 13th day of July, 2008

Should you require a certificate after the above expiry date, you must contact your nearest District Office for renewal of the Timber Mark prior to expiry of the Timber Mark.

This Timber Mark Certificate is subject to parts of the Forest Act, or regulations under this act.

This Timber Mark Certificate is subject to parts of the *Forest Practices Code of British Columbia Act* or regulations under this Act.

T. Johnston

Tina Johnston
*Assistant Deputy Registrar of Timber Marks*

FORTMC R07/96

All timber removed from the said area shall be scaled in accordance with the provisions of the **Forest Act** and amendments and regulations. A Regional Scaling Manager, Regional Manager or District Manager may at any time during the term of this authority designate in writing the place of scaling of the said timber.

This Certificate does not constitute any acknowledgement that the above lands are owned by the party to whom the mark is issued or that the said party has any rights to the said lands or the timber thereon.

This Certificate does not constitute any authority to cut timber.

It is the responsibility of the holder to locate all legal boundaries pertaining to the above noted lands and to ensure that cutting is confined to those areas. By accepting this Timber Mark the holder agrees to be responsible for all wood returned to this mark.

The Forest Service suggests you contact your municipal, regional, district or improvement district office to ensure such tree harvesting improvement does not violate local by-laws.

A Timber Mark is **not transferable.**

Unless exempted from this requirement, all timber must be hammer indented on each end of each piece on the area of origin, as soon as possible after it is cut and prior to any transportation off the area.

Timber that will be waterborne or subject to export shall not be exempted from 100 percent timber marking.

Before timber can be exported from the province, a permit to export goods must be obtained from External Affairs Canada.

Where logs or log products are sold, the net profit is subject to a 10% tax under the **British Columbia Logging Tax Act.**

For scaling, marking and documentation requirements contact your nearest local district office in your area.

This timber certificate will be subject to cancellation if these conditions are not met.

Heritage sites may be located on the lands described in this Registered Timber Mark Certificate and are subject to the provisions of the HERITAGE CONSERVATION ACT. The holder, his servants, or workmen causing damage to these sites shall be guilty of an offense under the HERITAGE CONSERVATION ACT and shall be liable to the penalties provided therein. In addition, such violation may render this Registered Timber Mark Certificate liable to suspension and cancellation.

Should you have concerns regarding this matter, please contact the Archaeology Branch, 5th Floor - 800 Johnson Street., Victoria, B.C.. Phone (250) 356-0882. Facsimile (250) 387-4420.

**PLEASE PRINT**

# Application For Private T ber Mark

If your private property is adjacent to Crown land you may be required submit a legal survey plan of your property. As per Section 97 of the *Forest Practices Code of British Columbia Act* you must ascertain the boundaries. No person shall remove timber from private land unless the timber has been conspicuously marked in the prescribed manner with a timber mark. In addition, timber removed or manufactured from private land must be scaled and the scale site will have to be approved by the Ministry of Forests. This "Mark Site Designation and Application" will ask for specific information as to the planned scaled site and will be required before a designated site of scale is authorized and timber is moved. In compliance with the *Freedom of Information and Protection of Privacy Act*, this data will be used for evaluating a request for private timber mark and is collected by the Ministry for movement of timber and law enforcement, according to Section 84 of the *Forest Act*. For details, contact the Registrar of Timber Marks, Timber Harvesting Branch, 1450 Government Street, Victoria, BC, V8V 3E7, (250) 387-8321

**Does the private land described in this application adjoin Crown land?** ☐ **Yes** ☒ **No**

Dear Dr. Lawrence Cook:

Thank you for your letter of January 25, 2006 in which you request that Woodlot Licence 1172, Cutting Permit S be amended to enable approval of openings up to 5000 cubic metres.

In reviewing this cutting authority, I could not find any restrictions on opening size placed in the original document issued to you on October 20, 1998, or in any subsequent extensions or amendments since that time. As such, I believe that you are currently able to apply for salvage openings up to 5000 cubic metres without any amendment to Cutting Permit S.

Yours truly,

C. W.

Attention: District Manager

RE: Increase in maximum volume from individual site under CP S, WL1172.

This letter is to notify you that I request an increase in the maximum volume that can be removed from an individual site under CP S within WL1172. The current maximum volume is currently 2000 m3, I request this be increase to 5000 m3 in order to address the mountain pine outbreak that has occurred within the woodlot.
Thank you for considering this request, if you require additional information please give me a call at 563-1502.

Yours Truly

Laurie Cook

Dear Lawrence Cook:

On August 8, 2005, our office sent you a stumpage advisory notice for Woodlot Licence W1172, Cutting Permit (CP) S. Upon further review of the billing records used to calculate blanket salvage stumpage rates (as per Section 6.3.1(a) of the Interior Appraisal annual), it has become apparent that the weighted average rate was calculated with improper data. We do not have the legal authority to redetermine this rate effective August 1, 2005 without your agreement.

In accordance with Section 2.3.1 of the Interior Appraisal Manual, you have 21 days from the date of your Stumpage Advisory Notice to request a redetermination of your Blanket Salvage CP rate. Your new rate is not known at this time. If you wish a redetermination of the rate, please submit a request to me ASAP.

Dear Mr. Wright:

I hereby request an extension of my CPS rate from current expiry Oct 23/04 to Apr 30/05. I have spoken to Liliana Knesovitch (? spelling) and she assures me that current policy permits this.

A fast response to this request would be extremely helpful with regard to critical planning decisions.

Thanks.

Lm Cook

Dear Licensee:

Thank you for your request of November 4, 2003 for approval to add a new skid trail in order to conduct harvest on Woodlot Licence W1172, Cutting Permit S, as indicated on the attached map.

I hereby approve the additional skid trail as per the attached map.

If you have any questions, please call Wendy Cheeseman, Resource Technician, at (250) 614-7498.

## Type Summary

| Type | Label | Dia (cm) | Ht (m) | Vol (m³/ha) | Blk. 1 Area (ha) | Blk. 2 Area (ha) | Blk. Area (ha) |
|---|---|---|---|---|---|---|---|
| 1 | $Pl_9$ S, 84G-6 | 25-45 (34) | 27-33 (30) | 348 | 4.7 | | 10.2 |

Bill, the trees within 100m of approved sites is OK as long as it does not force them above 5000 m³ or 2000 m³.

However, I assume they need approval for the trail.

Shawn

# Memo

**To: M of F**

**Attn: Shawn Rice**

**From:** Andre Stauble

**Date: Nov 4,2003**

**Re:**.Beetle Salvage WL 1172.

---

Hi Shawn

Attached map shows some minor revisions to beetle salvage operations within WL 1172 (Laurie Cook). Originally I was under the impression the road was going to be constructed to access site 12. The contractor has instead requested that a skid be constructed to the main road (approx,. 200m in length) as the road is not planned for construction this fall.

There have also been some additional green attacked trees found between sites 1 and 3, approx. 60 green trees. These trees are within a 100m radius of the two sites mentioned above , I therefore assume no site exemption will be required.

The same has occurred 70m east of site 17 were an additional 12 trees have been found.

Please let me know if it is OK to take these trees as part of existing sites.

If you require any additional information please give me a call.

Andre

excavated/bladed ? or skid ? Ok per Telecon D Andre Stauble 19 Nov.

Dear Licensee:

The expiry date of the cutting authority for Woodlot Licence 1172, Cutting Permit S is October 23, 2003.

If operations are completed by the above mentioned date, please advise the resource clerk no later than 30 days prior to expiry date and the cutting permit will be closed.

If we have not heard from you 30 days prior to expiry, the cutting permit will be extended.

Changes to the Interior Appraisal Manual, effective April 1, 2003, will affect the stumpage appraisal on woodlot license cutting permits.

- Annual re-appraisal is no longer necessary on most cutting permits.
- Salvage permits will be re-appraised annually in accordance with the appraisal manual in effect at the time of extension.
- Under certain circumstances, the licensee or the District Manager may request a re-appraisal at any time during the term of the cutting permit. See Section 2.3 of the manual for details.
- If the stumpage rate is fixed at the present time, it shall remain fixed for all extensions.
- Upon request, variable rates may be changed at any time to a fixed rate. This choice is a one time irrevocable option that is not retroactive. The rate shall remain fixed for all extensions. See Section 2.5 of the manual for details.

If further cutting rights are approved, the minister reserves the right to vary stumpage and change other licence conditions.

Dear Licensee:

The expiry date of the cutting authority for Woodlot Licence W1172, Cutting Permit S is October 23, 2002.

If operations will not be completed by the above mentioned date, please submit the appropriate forms to the resource services clerk no later than 45 days prior to expiry date.

The stumpage rate for the above cutting permit will be re-calculated and will be effective the day after the above expiry date. For this re-calculated stumpage, you have the option of selecting fixed or variable rates as the stumpage adjustment method to be used until the next expiry date. Please indicate your choice on the attached Request for Reappraisal Form 1329T.

If we have received no response from you by 30 days prior to the expiry date, we may extend the cutting permit with no further reference from you. Your method of stumpage adjustment presently in place (fixed or variable rate) will continue.

If a scale site designation has been approved, it will also expire on the same date. Please contact the scaling supervisor regarding an extension of the scale site designation at the same time as your request for extension of the cutting permit.

Dear Laurence and Linda Cook:

Regarding your letter of March 22, 2002, pursuant to Section 19(3) of the Timber Harvesting Practices Regulation, I have determined that the landing and roadside debris accumulations on Woodlot Licence 1172, Cutting Permit S, are too wet to burn and therefor cannot be disposed of prior to the insects emerging.

I hereby authorize the debris to be disposed of during the fall or early winter of 2002.

Yours truly,

Greg Rawling, R.P.F.

Dear Licensee:

From time to time, beetle infested trees may be removed from within an approved cutting permit under temporary authority of a salvage permit. Individual sites must be specifically approved each year as a salvage sub-permit.

Any area harvested from Woodlot Licence W1172, Cutting Permit C as beetle salvage under authority of a salvage cutting permit is save and excepted from Cutting Permit C.

This letter forms an integral part of Cutting Permit C for Woodlot Licence W1172 and should be attached thereto.

Yours truly,

Greg Rawling, R.P.F.
District Manager

Dear Licensee:

The expiry date of the cutting authority for Woodlot Licence W1172, Cutting Permit S is October 23, 2001.

If operations will not be completed by the above mentioned date, please submit the appropriate forms to the resource services clerk no later than 45 days prior to expiry date.

Effective December 1, 2000, an amendment to the Interior Appraisal Manual allows woodlot licensees to annually change the stumpage adjustment method. Please indicate your choice on the attached "Request for Reappraisal" form 1329T. Failure to return the form or to indicate a choice will result in no change and the adjustment method which applies following the initial appraisal will remain in effect. The cutting authority will be subject to annual reappraisal regardless of volume remaining or the method of stumpage adjustment.

If a scale site designation (MSD) has been approved, it will also expire on the same date. Please contact the scaling supervisor regarding an extension of the MSD at the same time as your request for extension of the cutting permit.

If further cutting rights are approved, the minister reserves the right to vary stumpage and change other licence conditions.

Dear Laurence and Linda Cook:

This is to acknowledge receipt of your application dated September 24, 1998, for Salvage Permit Cutting Permit S of Woodlot Licence W1172.

Your application is presently being processed and the effective date will be October 24, 1998,.

This acknowledgement does not constitute any authority to cut timber on this area. No cutting should take place prior to your receipt of a completed sub-permit from this office.

All inquiries and future correspondence should make reference to this salvage permit file number and be addressed to Rose Nickel, Woodlot Technician at 565-7100.

Yours truly,

R. Nickel

WL 1172
Laurie Cook
Sept 24/98

PG Forest District
Woodlots
attn. Rose Nickel.

Dear Rose,

As per our telephone conversation, I would like to apply for a "blanket salvage permit" for crown portion of WL 1172. (There is no significant amount of mature timber on the private portion.)

My desire is to be able to salvage accessible wood throughout the woodlot at the time of the next logging operation. I do not expect to build any roads in order to access this wood, and I would expect it to be scattered, small volume, and will be at the margins of active cutblocks, or close to existing roads.

In order to take advantage quickly of any positive changes in an extremely volatile market, it would be very helpful if the salvage permit could be activated on short notice (ie 2 weeks or so) when the opportunity arises.

There are no concentrations of salvage wood on WL 1172 at present that I am aware of.

Thanks.

Laurie Cook
LM Cook

## COMMENTS:

Laurie, as per our discussion regarding Blanket Salvage Permits, please find attached Memo. Salvage Permit basically establishes stumpage rates. Sub Permit + Logging Plan, 45P or 5P exemption would still be required for the harvest of specific areas/trees. We just require a letter from you requesting a "Blanket Salvage Permit" for Crown Portions of W1172 + Private (if any mature tbr remaining). Any questions, please feel free to call.

Thks. R. Nuechel

FAXED

Major Licensees, Woodlot Licensees, SBFEP Foresters, and District Managers in Prince George Forest Region

Dear Sir/Madam:

This letter cancels and replaces my previous letter on blanket beetle salvage permits dated May 12, 1997 to include blanket blowdown and fire salvage permits. Blanket beetle, blowdown and fire salvage permits cover large areas encompassing small, widely dispersed patches of damaged trees.

Effective June 1, 1997, all blanket beetle, blowdown and fire salvage permits with individual openings of 2 000 $m^3$ or less will be appraised using the Target Rate as published by Revenue Branch. The volume for individual openings is limited to a maximum of 2 000 $m^3$, but the total volume under the cutting permit may be greater. The Target Rate will remain in effect for the life of the permit or one year, whichever is less. The Target Rate in effect for the quarter into which the effective date of the permit falls will be used.

If you have any questions or require further information, please, do not hesitate to call Maureen McGuire at 565-6136.

Yours truly,

NAME & ADDRESS

Dear Licensee:

Pursuant to authority contained in Woodlot Licence 1172, Cutting Permit 5, extension is hereby granted terminating on Oct 23, 2002. Upon that date all rights under said permit will cease.

☐ Please note that this letter does not constitute your authority to commence production logging. This cutting authority is being extended without rates. In the event that you wish to commence harvesting, please submit an Interior Appraisal Data Sheet and any other outstanding information (e.g., cruise data) no later than 60 days prior to the expected date of harvesting. Stumpage rates will be determined and issued prior to approval to commence harvesting.

☐ This extension is made subject to the condition that no harvesting will be carried out under this cutting authority until the associated silviculture prescriptions have been updated in accordance with the Silviculture Practices Regulations and *Forest Practices Code of British Columbia Act.* Specifically, **(incorporate zone forester's comments - WP delete)**.

This notice forms an integral part of the cutting permit and should be attached thereto.

Yours truly,

T. P. (Phil) Zacharatos, R.P.F.
District Manager

# MEMORANDUM

**TO:** PG Regional Office
Attn: Valuation Chris Finke

**FROM:** PG Forest District
Woodlot Program

**SUBJECT:** Re-Appraisal W1172 CPS

**DATE:** Dec 8/00

**FILE:**

- [x] For Your Information
- [ ] Please O.K. and Return
- [ ] Please Discuss With Me
- [ ] Per Your Request
- [ ] For Your Signature
- [x] Please Process
- [ ] Return With More Details
- [ ] Investigate and Report
- [ ] Please Answer
- [ ] For Your File

Please issue rates for Small Patch Sanitation CPS of Woodlot 1172, effective Oct 24/2000, expiry Oct 23/2001. Cruise comp. + cycle time borrowed from adjacent + similar type timber from CP C, W1172.

Thank you
K. Nicholl
WL Tech.

NAME & ADDRESS

Dear Licensee:

This letter constitutes an amendment to Cutting Permit 5 issued under the authority of Woodlot Licence W 1172 and sent under covering letter dated Oct. 20/98.

This amendment has been made in order to delete the words "**and subject to subpermits issued under this Cutting Permit**" from Part 1 **Permit Area and Term**, paragraph 1.01; and to add the following sentence at the end of paragraph 1.01 "**For the purpose of the Cutting Permit, all approved site plan maps or approved site plan exemption maps shall be deemed to be Exhibit A maps, whether attached to the Cutting Permit or not.**"

In addition, all paragraphs in Schedule B, Part 6, **Reserved Timber** have been deleted; to be replaced by a new paragraph 6.01 worded as follows: "**All trees except those trees permitted to be harvested in a Site Plan(s) or Site Plan Exemption(s).**"

This letter forms an integral part of Cutting Permit 5 of Woodlot Licence W 1172 and should be attached thereto.

Yours truly,

T. P. (Phil) Zacharatos, R.P.F.

NAME & ADDRESS

Dear _____:

Pursuant to authority contained in Woodlot Licence 1172, Cutting Permit 5, extension is hereby granted terminating on Oct 23/2001. Upon that date all rights under said permit will cease.

☐ Please note that this letter does not constitute your authority to commence production logging. This cutting authority is being extended without rates. In the event that you wish to commence harvesting, please submit an Interior Appraisal Data Sheet and any other outstanding information (e.g., cruise data) no later than 60 days prior to the expected date of harvesting. Stumpage rates will be determined and issued prior to approval to commence harvesting.

☐ This extension is made subject to the condition that no harvesting will be carried out under this cutting authority until the associated silviculture prescriptions have been updated in accordance with the Silviculture Practices Regulations and *Forest Practices Code of British Columbia Act*. Specifically, **(incorporate zone forester's comments - WP delete)** _____.

This notice forms an integral part of the cutting permit and should be attached thereto.

Yours truly,

T. P. (Phil) Zacharatos, R.P.F.
District Manager

Dear _____:

Attached please find completed copy of salvage / ~~traptree~~ Cutting Permit 5 of ~~Forest Licence~~ / ~~Tree Farm Licence~~ / Woodlot Licence W1172.

**RA NOTE: IF THIS PARAGRAPH IS USED THEN YOUR MUST SELECT ONE OF THE TWO HAZARD CLAUSES ON THE SMOOTH SHEET.**

☒ Pursuant to Sections 28(1)(a)(i) and 30(1)(b) of the *Forest Practices Code of British Columbia Act*, the hazard tree felling area(s) surrounding the cut-block boundary(s) or marked-to-cut trees shown in the sub-permit map(s) is hereby exempted from the requirement for a forest development plan, silviculture prescription and logging plan. This exemption is intended exclusively for the felling and, if permitted, utilization of trees that represent a safety hazard according to Workers' Compensation Board standards. For clarification, the subject area(s) is defined as the area(s) between the block boundary(s) or marked-to-cut trees and an outer boundary, which is specified in the attached cutting permit, Schedule A as being a certain distance (metres) from the block boundary(s), or marked-to-cut trees.

You are reminded that no operations may commence prior to the submission and approval of a sub-permit, including related maps / logging plans. Please refer to district procedures for major licensees, regarding the requirements for sub-permit application.

If problems develop that could adversely affect the fish or wildlife resources, we request that the licensee advise Ministry of Environment, Land and Parks (phone 565-6145) or the Ministry of Forests (phone 250-565-7100).

WL 1172 - Dr. Lawrence Cook Inc.

Mr. Greg Rawling
District Manager
Ministry of Forests

Oct 9, 2003

Dear Mr. Rawling:

Re: Cutting permit term extensions

I wish to extend the following cutting permits to Mar 31, 2007:

CP-A .....current expiry date is May 29, 2004

CP-B .....current expiry date is Dec 31, 2003

CP-C .....current expiry date is Jan 1, 2004

CP-D .....approved June 2003, term and rate letters not yet recieved

and S.

Yours truly,

LM Cook

Lawrence Cook, director Dr. Lawrence Cook Inc.

Ask him about ~~CP's~~ his salvage permits (P's)

# Detailed Cycle Time Calculation cont.

| COMMON JUNCTION CALCULATION | | | |
|---|---|---|---|
| Cut Block | Volume m3 (A) | Time (minutes) | m3 X time (B) |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |
| TOTAL | 14,545 | TOTAL | 197,633 |

B/A = 13.6 x 2 Minutes (includes return time)

| PRIMARY CYCLE TIME CALCULATION | | | | | | |
|---|---|---|---|---|---|---|
| ROAD | | DISTANCE km | SPEED (km/hr) | | TIME (minutes) | |
| IDENTIFIER | PRIMARY/ SECONDARY | | LOADED | EMPTY | LOADED | EMPTY |
| | Common Junction above. | | | | 13.6 | 13.6 |
| Hwy 97 | | 13.0 | 85 | 95 | 9.2 | 8.2 |
| Willow/cale | | 5.9 | 51 | 57 | 6.9 | 6.2 |
| to Carrier | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | SUBTOTAL | L = 29.7 | E = 28.0 |

Load Handling, Delay 60 Minutes

Total Cycle Time (0.0) = (B/A+L+E+Delay*) ÷ 60 = 2.0 hrs.

* Delay time is 75 minutes for cable yarding systems and 60 minutes for all other systems

# HARVEST INSPECTION REPORT

ID: 61424

X-Ref: FSMASTER\RNICKEL 2002/11/28 13:16:04

**A**

**Licensee:** LAURENCE COOK
201 - 2155 10TH AVENUE
PRINCE GEORGE B.C. V2M5J6
**Operator/Contractor:** Rick Martin
**In Attendance:** Rick Martin

**Tenure:** A04/W1172 **CP/Block:** S/B02C

**Inspection Date** (yyyy/mm/dd): 2002/11/28
**Gross (ha):** 2.0 **Net (ha):** 2.0
**Location:** Saxton Lake

**B**

| Inspection Method | | Area Inspected | | | |
|---|---|---|---|---|---|
| **Ocular:** ☒ | **Roads/Trails:** | Partial | **Cutblock Area:** | Partial |
| **Recce:** ☐ | **Location Inspected** | Sites along mainline and within proposed CP D | **Location Inspected** | Active skidding on proposed CP D |
| **Detailed Survey:** ☐ | | | | |

**C**

## Activity Status

| | | | | | |
|---|---|---|---|---|---|
| **Road/Trail Construction** | Complete | **Loading** | None to Date | **Deactivation/Rehabilitation** | N/A |
| **Falling** | Inactive | **Waste Assessment** | None to Date | **Other** | N/A |
| **Yarding/Forwarding** | Active | **Hazard Abatement** | None to Date | **if "Other", please specify** | |

**Comments about Status** (est. area F&B, harvested, harvest system), site (snow depth):
Active skidding (2 line skidders) within proposed CP D. Second stand entry. Ground frozen. Using existing trails. Second SP Exemption in for approval. Almost completed on B02C. Last years piles have been burnt,

**Comments about weather conditions:**
Cold and sunny. Temp at 0 degrees.

**D**

## Compliance Summary

| General Requirement | | Compliance Status |
|---|---|---|
| 1. | Road/Trail/Landing Construction (quality, location) | Yes |
| 2. | Permanent/Temporary access (max %, area, etc.) | Yes |
| 3. | Falling (external/internal boundaries, leave trees etc.) | Yes |
| 4. | Riparian management (debris mgmt., crossings etc.) | N/A |
| 5. | Soil conservation (disturbance etc.) | Yes |
| 6. | Revenue Management (utilization, marking etc.) | Yes |
| 7. | Public safety/safe practices (roads, danger trees etc.) | Yes |
| 8. | Forest health/protection (piling/FFPSR/knockdown etc.) | Yes |
| 9. | Road/Trail maintenance (water mgmt., integrity) | Yes |
| 10. | Site Deactivation/Rehabilitation (garbage, access etc.) | N/A |
| 11. | Other Plan/Prescription requirements | N/A |

Dear JC,

Thanks for your letter of Aug 2 re beetle data distribution.

I would be happy to receive the data from beetle flights electronically.

**TO: REGIONAL VALUATION**

# Prince George Forest Region Request for Reappraisal

To be used ~~when the volume remaining to be billed to the cutting authority is greater than 2000 m$^3$, or~~ when reappraisal is mandated by the District Manager, or when reappraisal is mandatory within the *Interior Appraisal Manual*.

**Forest District:** PG **Licence:** W1172 **Permit:** S **Mark:** W1172S

Effective Date: Oct 24, 2002 Expiry Date: Oct 23, 2003

- The mark must be valid over the period indicated (licensees may request an extension of the mark term simultaneously).

**Data to be entered for reappraisal:**

- If there is additional, deleted or amended data from the licensee or required by the *Interior Appraisal Manual* in effect on the reappraisal effective date, the page from the Interior Appraisal Data Sheet which that information is on must be included. Documentation must be provided to district staff for all **changes** (i.e., rock percent) as required in the new appraisal submissions. Portions of the page which are the same as the previous appraisal must clearly indicate that there are no changes in that portion.

Woodlot option only: Fixed Rate ☐ Adjustable (Variable) Rate ☑

Pages of the Interior Appraisal Data Sheet that have changed: see attached IADS (new Base Permit)

**(Pages and supporting information must be submitted with this data sheet.)**

**Licensee or Licensee's Agent**

I certify this Request for Reappraisal Data Sheet and all attachments (if any) is a true statement of timber stand, site conditions and/or harvesting, development, silviculture and any other requirements for the documents named herein.

Load Handling, Delay 60 Minutes

Total Cycle Time (0.0) = (B/A+L+E+Delay*) + 60 = 2.8 hrs.

* Delay time is 75 minutes for cable yarding systems and 60 minutes for all other systems

170.6780 ÷60 = 2.8447

## LOG TRANSPORTATION DATA (Section 4.5.1) Pages 4-38 to 4-40

**Detailed Cycle Time Calculations Must Be Completed on page 4a and 4b or may be attached**

Season: **Summer**

Applicable Volume:(0)___12,957_____$m^3$
**(Coniferous Only)**

Haul Method: **Highway** **Off-Highway**
(circle one)

Primary Cycle Time (0.0) ~~3.1~~ 2.8 hours

Secondary Cycle Time (0.0) _____hours
(if applicable)

---

Season: **Winter**

Applicable Volume:(0)_____$m^3$
**(Coniferous Only)**

Haul Method: **Highway** **Off-Highway**
(circle one)

Primary Cycle Time (0.0)_____ hours

Secondary Cycle Time (0.0) _____hours
(if applicable)

---

**The sum of the Applicable volumes must equal the Net Coniferous Cruise Volume on page 2.**

**Water Transportation** (Section 4.5.3) Page 4-41

Lake Code _____ (code list attached)

Lake Tow Distance _____ km

For Lake Tow: Arrow, Kinbasket or Williston YES ____ NO ____

Dump & Boom YES ____ NO ____

Dewater/Reload YES ____ NO ____

| Name | Code |
|---|---|
| Williston | WLLK |
| Kinbasket | KILK |
| Takla | TALK |
| Trembleur | TRLK |
| Stuart | STLK |

**Road Maintenance** YES ✓ NO ____
(Section 4.6) Pages 4-43 to 4-46

**Road Use Charges** _____($/m^3$)
(Section 4.7) Pages 4-47

| | | | | | |
| **5) Freight & Haulage** | | | | | |
| **for materials only:** | | | | | |
| | | | | | |
| **6) Engineering:** | | | | | |
| **(if applicable)** | | | | | |
| **TOTAL COST** | | | | | |

See attached.

**District Engineering Approval:** _____

1) Refer to Appendix I of the Interior Appraisal Manual for further information on equipment, labour and material rates.
2) List each machine employed and work performed.
3) Freight and haulage allowed for permanent type bridges (i.e. steel, concrete, or glu-lam).
4) Cost of designed and engineering for log bridges not recognized. Cost of design inspection and supervision for other more complex structures by a professional consulting engineer may be recognized.
5) NO GST is to be included. PST is allowed on materials.

FILE NO. 19720-40 W1172 CPS

SUBJECT

W1172 CPS Debris Piles

ATTENTION

File

Harvest inspection of March 11/2002 confirms that the piles have been lite and did not burn due to accummulations of snow in the piles. The debris is too wet at this time. The piles consist largely of long butts with active beetle larvae and tops. Tires were broken off while skidding as temperatures were well below zero.

Forest District

March 22, 2002

Mr. Greg Rawling
District Manager
Ministry of Forests

Dear Mr. Rawling:

**RE: Woodlot 1172**

I hereby request an exemption from the requirement to burn debris piles after mountain pine beetle harvesting on the above woodlot February – March 2002.

The piles have almost no small debris in them, and on completion of harvesting I spent a day and many liters of gasoline (and sure fire). These piles would not burn. I have discussed this with Rose Nickel and she suggested that I should request an exemption.

Yours truly,

Laurie Cook

**Comments about status (est. area F&B, harvested, harvest system), site (snow depth):**

Operations started, less than 50m of trail felled, no skidding to date. Operations on B02B only (within CP C). 2 Grreen attack at beginning of trail at mainline junction still to be felled. Nothing started on B02A Sites. No one on site, 1 skidder only. Timber mark to be posted.

**Comments about weather conditions:**

Good winter logging conditions. Fresh snow. Approx. 2feet in the timber.

**Compliance Summary**
