REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No s.22

Introduction

On October 22, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- an approved screening device (ASD) registered a “FAIL” as a result of your blood alcohol concentration (BAC) being not less than 80 milligrams of alcohol in 100 millilitres of blood (80 mg%);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

I will consider all of the grounds of review which are relevant to the type of prohibition indicated on the Notice the peace officer served.

At the beginning of the hearing your lawyer, Sarah Leamon, confirmed that she had received all of the disclosure documents before me. I have proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did an ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to request a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

I find that there is one issue that is determinative of this review.

Was your BAC less than 80 mg% even though the ASD registered a "fail"?

Based on a consideration of the evidence before me, I am satisfied that your BAC was less than 80 mg%.

Having made this finding, I do not need to consider any further grounds in this review.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including the date of this letter. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

On the IRP Application for Review, you indicated five grounds for review, two of which are not applicable to your situation because of the reason for which you were prohibited. However, I have considered all grounds available to you in this review.

Records at this office confirm that full disclosure of the documents before me was provided to you. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Having reviewed the evidence before me, I find there is one issue that is determinative of this review.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On October 25, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (“ASD”) registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the oral hearing, your lawyer, Kyla Lee, confirmed that she had full disclosure of the documents before me. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did an ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to request a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence before me, I find there is one issue that is determinative of this review.

Was the ASD reliable?

Based on the evidence, I am satisfied that the ASD used to administer your second breath test was not reliable.

Having made this finding, I do not need to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including the date of this letter. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office confirm that full disclosure of the documents before me was provided to you. I have proceeded with this review based on that confirmation.

Having reviewed all of the evidence before me, I find that the Report to Superintendent is not properly before me. I find I have insufficient evidence to make the necessary findings required to confirm the prohibition.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No s.22

Introduction

On September 18, 2012, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition. On October 9, 2012, an adjudicator of the Office of the Superintendent of Motor Vehicles released a written review decision, in which your driving prohibition was confirmed.

You filed and obtained a Judicial Review of that decision. On March 1, 2013, Mr. Justice Schultes provided his decision in your Judicial Review, in which he set aside the adjudicator’s decision and ordered that the matter be reheard.

The Superintendent of Motor Vehicles and the Attorney General of British Columbia filed an appeal of the decision of Mr. Justice Schultes to the British Columbia Court of Appeal (the “BCCA”). On December 23, 2013, the BCCA dismissed the appeal, deciding that the chambers judge did not err in his decision which set aside the adjudicator’s decision. Therefore, further to the order of Mr. Justice Schultes, your rehearing was scheduled for September 25, 2014.

I have been delegated the authority to conduct this rehearing.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing your lawyer, Hovan Patey, confirmed that he had received all of the disclosure documents before me. I proceeded with the review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Having reviewed the evidence of Constable Reynolds and your lawyer's submissions, I find there is one determinative issue in this review.

Did you fail or refuse to comply with an ASD demand?

There are three matters for me to determine in this issue. I must determine whether the peace officer made a valid demand, whether you failed or refused to comply with that demand and whether you intended to produce that failure or refusal.

I am satisfied that the peace officer made a valid demand; however, based on all the evidence before me in this particular set of circumstances, I am not satisfied on a balance of probabilities that you failed or refused to comply with the demand.

Having made this finding, I do not need to consider other issues.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act. Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Please note that the corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter.

REVIEW DECISION Immediate Roadside Prohibition (IRP) No. s.22

Introduction

On October 26, 2014, a peace officer served you with a Notice of Driving Prohibition (the Notice). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (Act) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (ASD) registered a “FAIL” as a result of your blood alcohol concentration (BAC) being not less than 80 milligrams of alcohol in 100 millilitres of blood (80 mg%);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records indicate your lawyer, Sukhbinder Nunrha, received full disclosure. You applied on several grounds, some of which are not applicable to your situation because of the reason for which you were prohibited. For your benefit, I have considered all the grounds available to you.

In considering the evidence before me, I note that the Narrative Text Hardcopy was not properly incorporated into the Report to Superintendent (RTS). As result, I have not considered the Narrative in this review. However, as per section 215.47 of the Act, I can consider any other documents submitted by the officer including the Notice and Certificate of Service, the Vehicle Impoundment RTS and the information relating to the calibration of the ASDs. I find that with the sworn RTS and the other material as noted above, I have sufficient documentation before me to proceed with the hearing and make a decision.

Mr. Nunrha drew my attention to the specific principles in *Whyte v. British Columbia (Superintendent of Motor Vehicles)*, *Gillies v. British Columbia (Superintendent of Motor Vehicles)*, *Scott v. British Columbia (Superintendent of Motor Vehicles)* and *Spencer v. British Columbia (Superintendent of Motor Vehicles)*.

I am familiar with these cases and have taken them into consideration.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

Having considered the evidence before me, I am not satisfied that the ASD registered a "FAIL" as a result of your BAC exceeding 80 mg%.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including November 17, 2014. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No s.22

Introduction

On October 17, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the oral hearing your lawyer, Jamie Butler confirmed that disclosure of all the documents before me was provided to him. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

Did you fail or refuse to comply with an ASD demand?

After considering all of the evidence before me, I am not satisfied that you failed or refused to comply with the ASD demand.

Having made this finding, I do not need to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Please note that the corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle.

REVIEW DECISION Immediate Roadside Prohibition (IRP) No s.22

Introduction

On November 1, 2014, a peace officer served you with a Notice of Driving Prohibition (the Notice). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (Act) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (ASD) registered a "FAIL" as a result of your blood alcohol concentration (BAC) being not less than 80 milligrams of alcohol in 100 millilitres of blood (80 mg%);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the outset of your oral hearing your lawyer, Kyla Lee, confirmed that she received full disclosure. You applied on several grounds, some of which are not applicable to your situation because of the reason for which you were prohibited. For your benefit, I have considered all the grounds available to you.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

Having considered the evidence before me, I am not satisfied that the ASD registered a "FAIL" as a result of your BAC exceeding 80 mg%.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the hearing your lawyer, Stephen Price, confirmed that a copy of all the documents that are before me was provided to him. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “WARN”, and was it as a result of your BAC exceeding 50 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed with a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

There is one issue that is determinative of this review.

Was the ASD reliable?

Based on a review of the evidence, I am not satisfied that the ASD used to conduct your first test was reliable.

Having made this finding, I do not have to consider anything further.

Decision

As a result of my finding, I revoke your driving prohibition and any monetary penalty, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including the date of this letter. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

At the beginning of the oral hearing your lawyer, Kyla Lee confirmed that full disclosure of the documents before me was provided to her. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to request a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed all of the evidence before me, I find there is one determinative issue in this review.

Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

After reviewing the evidence before me, I am satisfied that your BAC was less than 80 mg%.

Having made this finding I do not have to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including November 17, 2014. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

Issues

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “FAIL”, and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to request a second analysis?

- If requested, was the second analysis provided by the officer and performed using a different ASD?
- Was the ASD reliable?
- Was the Notice served on the basis of the lower analysis result?

Facts, Evidence and Analysis

I find there is one issue that is determinative of my review.

Were you a driver within the meaning of section 215.41(1) of the Act?

Having considered the evidence before me, I am not satisfied that you were a driver within the meaning of section 215.41(1) of the Act.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including November 14, 2014. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

Introduction

On October 24, 2014 a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (“ASD”) registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “FAIL”, and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

As it is determinative of this review, I focus on the one key issue:

Were the ASDs reliable?

I am satisfied that the ASDs were not reliable.

Decision

As a result of my findings, I revoke your driving prohibition, and monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On November 1, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I have been delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the ASD registered a “WARN” as a result of your blood alcohol concentration (“BAC”) being not less than 50 milligrams of alcohol in 100 millilitres of blood (“50 mg%”)
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different approved screening device (“ASD”);
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

One of the grounds that you chose for this review hearing is not applicable to your situation – that you did not refuse or fail to comply with the officer’s demand – because the officer has alleged that you are prohibited from driving because the ASD registered a “WARN” as a result of your BAC being not less than 50 mg%. For your benefit, I will consider all grounds that are available to you in this review hearing.

Records at this office confirm that full disclosure of the documents before me was provided to you. I have proceeded with this review based on that confirmation. I acknowledge receipt of your correspondence dated November 2, 2014.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a “WARN”, and was it as a result of your BAC exceeding 50 mg%?
- Were you advised of your right to request a second analysis?
- Was the second analysis provided by the officer and performed with a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

There is one issue that is determinative of this review hearing.

Was your BAC less than 50 mg% even though the ASD registered a “WARN”?

Based on a consideration of the evidence, I am not satisfied that your BAC was 50 mg% even though the ASD registered a “WARN”.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver’s licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver’s Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On October 17, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (“ASD”) registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Records at this office indicate that disclosure was provided to your lawyer, Craig Sicotte, prior to your review. I have proceeded with the review based on this confirmation.

On the fax cover sheet of the disclosure faxed to Mr. Sicotte on October 28, 2014, he was advised that an oral review was scheduled for 9:00 am on October 31, 2014, and that any written submissions must be received at this office by the scheduled time for review.

On October 31, 2014, at 9:01 am and at 9:04 am, I left a voicemail message for Mr. Sicotte advising him that I was calling for the scheduled oral review. At 9:05 am, I contacted Mr. Sicotte’s office and an associate advised me that he was unavailable until 12:00 pm that day. I advised his associate that the oral review would revert to a written review and that he had

until the end of day on October 31, 2014, to make any further written submissions. At 9:11 am, I left Mr. Sicotte a voicemail message advising him of such. I have since been advised that Mr. Sicotte will not be providing any further submissions and that I can proceed with the submissions I have before me.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did an ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to request a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence before me, I find there is one issue that is determinative of this review.

Was the second analysis performed on a different ASD?

Based on the evidence, I am satisfied that the second analysis was not performed on a different ASD.

Having made this finding, I do not need to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including the date of this letter. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

REVIEW DECISION - Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On October 22, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I have been delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1) of the Act;
- you failed or refused to comply with a demand made under the *Criminal Code* to provide a sample of breath for analysis by means of an approved screening device (“ASD”); and
- you did not have a reasonable excuse for failing or refusing to comply with a demand.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

Some of the grounds on which you applied for this review are not applicable to your situation because the officer alleged that you were being prohibited from driving because you failed or refused, without a reasonable excuse, to comply with a demand made under the Criminal Code to provide a sample of breath for analysis by means of an ASD. For your benefit, I will consider all of the grounds available to you in this review that are appropriate to those circumstances.

Records at this office confirm that full disclosure of the documents before me was provided to you. I have proceeded with this review based on that confirmation.

I acknowledge receipt of your submission dated October 30, 2014.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

As there is one issue that is determinative in this review, I have only addressed that issue.

Were you a driver within the meaning of section 215.41(1) of the Act?

Based on a consideration of the evidence before me, I am not satisfied that you were a driver within the meaning of section 215.41(1) of the Act.

Having made this finding I do not have to consider anything further.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Please note that the corresponding vehicle impoundment is also revoked. The owner of the vehicle will be notified by separate letter that I am releasing the vehicle.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did you fail or refuse to comply with an ASD demand?
- If you failed or refused to comply with the demand, did you have a reasonable excuse?

Facts, Evidence and Analysis

As it is determinative of this review, I focus on the one key issue:

Were you a driver within the meaning of section 215.41(1) of the Act?

Based on the evidence before me, I am not satisfied that you a driver within the meaning of section 215.41(1) of the Act.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by s. 215.5(4) of the Act.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

Records at this office indicate that the vehicle associated with this IRP has already been released. Since your IRP review is successful and the prohibition is revoked, you are eligible to have the towing and storage costs reimbursed by the Superintendent up to the amounts set out in the Lien on Impounded Motor Vehicle Regulation under the Motor Vehicle Act. Information concerning this Regulation can be found online at:
http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/freeside/952568628.

Upon receipt of your proof of payment, the Superintendent of Motor Vehicles will pay the towing and storage costs up to and including November 6, 2014. Original receipts and invoices with proof of payment must be submitted for reimbursement. Examples of proof of payment include a towing and storage invoice created by the impound lot noting payment and a zero balance owing; invoice and cancelled cheque or credit card transaction slip; invoice and copies of identifiable payments from bank or credit card statements. You must also enclose a copy of this letter to ensure the correct charges are refunded to you.

REVIEW DECISION Immediate Roadside Prohibition (“IRP”) No. s.22

Introduction

On October 26, 2014, a peace officer served you with a Notice of Driving Prohibition (the “Notice”). You applied to the Superintendent of Motor Vehicles for a review of your driving prohibition and I am delegated the authority to conduct this review.

Section 215.5(1) of the *Motor Vehicle Act* (the “Act”) requires me to confirm your prohibition, along with the corresponding monetary penalty and vehicle impoundment, if I am satisfied that:

- you were a driver within the meaning of section 215.41(1);
- the approved screening device (“ASD”) registered a “FAIL” as a result of your blood alcohol concentration (“BAC”) being not less than 80 milligrams of alcohol in 100 millilitres of blood (“80 mg%”);
- you were advised of your right to request a second analysis;
- if requested, it was provided and performed with a different ASD;
- the Notice was served on the basis of the lower analysis result; and,
- the result of the analysis on the basis of which the Notice was served was reliable.

Section 215.5(4) of the Act requires me to revoke your prohibition, cancel the monetary penalty, and revoke any corresponding vehicle impoundment if I am not satisfied of any of the above.

In reaching my decision on this review, I must consider all relevant information provided to me.

Preliminary Matters

On the IRP Application for Review, you indicated eleven grounds for review, three of which are not applicable to your situation because of the reason for which you were prohibited. However, I have considered all grounds available to you in this review.

At the beginning of the hearing, your lawyer, Mitch Foster, confirmed that he had received all of the disclosure documents before me. I have proceeded with this review based on that confirmation.

Issues

The following are the issues in this review:

- Were you a driver within the meaning of section 215.41(1) of the Act?
- Did the ASD register a "FAIL", and was it as a result of your BAC exceeding 80 mg%?
- Were you advised of your right to a second analysis?
- Was the second analysis provided by the officer and performed using a different ASD?
- Was the Notice served on the basis of the lower analysis result?
- Was the ASD reliable?

Facts, Evidence and Analysis

Having reviewed the evidence before me, I find there is one issue that is determinative of this review.

Was your BAC less than 80 mg% even though the ASD registered a "FAIL"?

I am satisfied that your BAC was less than 80 mg%.

Decision

As a result of my findings, I revoke your driving prohibition, monetary penalty, and vehicle impoundment, as required by section 215.5(4) of the Act.

You may resume driving after you have obtained a driver's licence from the Insurance Corporation of British Columbia. If you hold an Enhanced Driver's Licence, you must make an appointment to reapply for that licence.

Please note that this decision does not change any other prohibitions from driving or licensing requirements.

If you have not already done so, you may go directly to the location where your vehicle is impounded for the immediate release of your vehicle. The Superintendent of Motor Vehicles will pay towing and storage costs up to and including the date of this letter. You are responsible for any storage costs beyond that date. You should know that if the vehicle is not reclaimed, the impound lot may apply to the Superintendent of Motor Vehicles to dispose of the vehicle.

Preliminary Matters

I will consider all of the grounds available to you in this review that are appropriate to the circumstances under which you were prohibited.

Records at this office confirm that your lawyer, Vincent Rizzuto, received full disclosure of the documents before me. I have proceeded with this review based on that confirmation. I acknowledge receipt of correspondence from Mr. Rizzuto dated October 31, 2014.

The investigating officer provided 18 pages of disclosure to this office on October 19, 2014. After reviewing the Report to Superintendent (the "Report"), I note that the *jurat* in section 15 is dated October 17, 2014. On the bottom of the pages of the Narrative Text Hardcopy – Occurrence Report – 1 and Occurrence Report – 2 (the "Narrative"), it indicates that the

document was “Printed On: Saturday, 2014-Oct-18.” I find it reasonable to conclude that the Narrative was not before the Commissioner when the Report was sworn. As such, I have not considered the Narrative when conducting this review.

The following are the issues in this review:
