Attention: Barry Trenholm

Dear Barry:

In regards to the Blue Lake Forestry Camp Subdivision request, I recommend endorsement of this plan. The legal description is Sub lot 168 DL 4596 Kootenay District, Plan X32 Except Plan NEP22293. The Ministry of Transportation and Infrastructure file number is: 2008-00038. The Findlay and Whitetail Forest Service Roads are in general conformance with the Regulation.

B.C. Regulation 334/79 requires approval by the Regional Engineering Officer and in giving consent does not imply an obligation of the Crown to improve, maintain, or repair the forest service road shown on the submitted plan. Should you require any further information, do not hesitate to contact me.

Yours truly,

Dave Rebagliati, RFT
