Responses (provided by the Receivables Management Office, Ministry of Finance)

1. In this case, the debt relates to the Pacific Leadership Scholarship Fund program, Ministry of Children and Family Development (MCFD). The legislation (act and regulations) under which the debt arose falls under the jurisdiction of MCFD.

The Ministry of Finance (MFIN) collects debt on behalf of various client ministries; debt is referred to MFIN via a Collection Intake Form. MFIN is responsible for collection of the debt, pursuant to the *Financial Administration Act*, as well as sections 7.2.21 and 7.2.22 of the Core Policy and Procedures Manual (CPPM).

2. This lies with the client ministry, in this case, MCFD. Again, MFIN is responsible for collecting the debt on behalf of the client ministry. If the debtor has specific questions regarding the nature or origin of the debt, MFIN advises them to contact the client ministry directly, although in some situations, MFIN will reach out to the client ministry for clarification/direction.
3. See following 2 pages. This debt is included in the "Ad Hoc" program category for MCFD.
