The network includes but is not limited to highways, rapid transit, rail and ferry systems.

The Ministry works closely with a number of public agencies and private sector entities through a wide variety of project planning, project development, and project funding agreements and delivery models. The Ministry draws on both internal and external resources to plan and carry out its mandate.

2. Scope of Consultant Services

The Consultant will provide a wide range of cost estimating services in support of the planning, acquisition, and management of a broad range of public buildings, including but not limited to education and health services facilities.

The Consultant has appointed one individual, Mark Hutchinson, to act as Lead Estimator and one individual, Haneef Ahmed, to act as Estimator. Additional Supporting Resources may be appointed at the rates set out in Form H0461, Payment Schedule. The Lead Estimator will report to the Ministry Manager and will represent the Consultant in all matters pertaining to the Contract and the Services. All resources provided by or through the Consultant will report to, be co-ordinated by, or work under the direction of the Lead Estimator unless otherwise expressly agreed in writing by the Ministry Manager.

The Consultant will provide all Services on an "if, as and when requested by the Province" basis. No retainer is expected to require full time availability. The Consultant shall not be entitled to a minimum guarantee of work in association with the Contract.

Note: The Ministry reserves the right to expand or reduce the scope of the Consultant's Services at any time during the term of the Contract.

The Consultant may, from time to time, be called on by the Ministry to identify and retain such additional specialized resources as may be necessary to affect the proper and timely performance of the Services. All services are to be provided on an "as and when required" basis. The Consultant shall not be entitled to a minimum guarantee of work as a result of this Contract.

No Consultant is expected to guarantee that they will be available to either provide any Services or to prepare a work plan and cost estimate for a potential assignment that might subsequently be offered to them by the Province.

As the Province has retained more than one Consultant to provide the Services, the Province will have the sole discretion in determining:

- (a) whether a particular Consultant or Consultants are invited to undertake any specific assignment or assignments; or
- (b) whether one or more Consultants will be invited to prepare a work plan and cost estimate to assist the Province in determining which Consultant or Consultants will be selected to undertake a potential assignment.

Such determination may be based on the Province's understanding of which Consultant or Consultants have the most appropriate combination of knowledge, skills and abilities to undertake the assignment in a manner consistent with the Province's priorities and understanding of the assignment.

If the Province elects to invite one or one or more Consultants to prepare a work plan and cost estimate to assist the Province in determining which Consultant or Consultants will be selected to undertake a potential assignment, the criteria for subsequently selecting the Consultant or Consultants to undertake that assignment shall be as disclosed by the Province in the invitation to prepare the work plan and cost estimate. The invitation will clearly state the nature and scope of the work plan and cost estimate as well as the date by which it must be submitted to be considered valid.

4. Option to Renew
