Hi Vera,

As requested, please find attached a sheet with the list of vendors and the employment generated for TOIFA 2013.

We have stated the number of people that were directly hired for the event execution. Many other vendor/partners who were with us on the project sub-contracted to other parties in order to meet the event requirements.

For e.g BC Place had hired additional security personnel and additional staff for the day of the event.

The exact number s13 in these cases, and we have stated in the attached sheet the vendors for whom indirect employment was created.

As per our previous communication, we believe that the total number of people contributing directly or indirectly towards TOIFA 2013 would be approximately 6000.

We are also getting in touch with the production house of the film, that was proposed to be shot in BC. We shall be able to furnish the details to you as soon as we hear from them.

This is s13 - they, the Times' media people here, have issued a statement to NW. This is their number and they have defended it by giving further detail.

We have already spoken with Sean but they chose to run anyway so I'd recommend s13

Minister,

Following up on the previous with a recommended approach.

s13

s13

s13 I would like to release the following statement. If you approve I will ask that Andy get this to the GCPE editors and out by 8:00 tomorrow morning.

As well, below the statement working from a phone previously.

Hi Lindsay,

s12, s13

It's not yet public, but it looks like s13  
analysis and includes: the amount they spent in B.C. to produce the Awards and related events (\$9M – this is public)  
as well as s13

s13

I can get you s13 for this but because it's not yet public I would advise s13 There will be a  
final report on TOIFA in the next month or so.

Another important note, this of course does not include the long-term benefits of increased trade/travel ties with  
India – s13

Does this help?

Thanks!

R
