Subject: Follow up re Jobs Plan deck

Good afternoon,

In follow up to Dave's email below, please find attached two documents. The first document contains four tables on which we are seeking your input:

NR

- **Annex D, BC Jobs Plan Platform Commitments (pages 21-26)** – for this table we would be grateful if your respective ministries could, for the commitments for which you are responsible, identify the key timing considerations and the steps that will be taken in the first 100 days. If there are additional commitments that would fall under the Jobs Plan, please submit them; if there are errors in the responsible ministry, please let us know as soon as you can.
