I am writing further to your request received by the Ministry of Education. You requested:

Data indicating the levels of lead in the water in all the sinks and water fountains in all of BC's public schools, colleges and universities. (Date Range for Record Search: From 04/01/2016 To 10/03/2018).

The enclosed CD is password protected due to the sensitive nature of the information contained on it. A password was mailed to you separately, including instructions about how to open your password protected file.

Please find enclosed a copy of the records located in response to your request. These records are provided to you in their entirety. Please note that water sources listed as having lead levels exceeding maximum allowable limits at the time of testing may have subsequently been addressed with mitigation solutions.
