**Re: Request for Access to Records
Freedom of Information and Protection of Privacy Act (FOIPPA)**

I am writing further to your request received by the Government Communications and Public Engagement. Your request is for:

All records related to the COVID-19 moderation team that was tasked with removing misleading or negative content from social media. The existence of this team was disclosed in various emails that were released to the public in Request HTH-2020-04008. Page 173 and 177 of Request HTH-2020-04008 contains an email update concerning social media activity. I am interested in learning whether the 'moderation team' was only engaged in 'hiding' comments on BC government social media channels and or posts, or if it was locating and 'hiding' posts on social media (i.e., Facebook) in general. Copies of documentation about this team, including enabling documents (project plans, charters), meeting minutes, activity reports, spreadsheets or other records that detail the social media posts that were removed, the names of social media companies that were targeted, etc. Copies of emails between the leaders of this team and the Ministry of Health. Copies of any risk assessments pertaining to the 'moderation team' as well as any non-privileged legal opinions regarding censorship of social media posts that were relied upon by the 'moderation team.' Scope is restricted to COVID related matters not posts unrelated to COVID measures such as unrelated government policy, labour negotiations, etc. (Date Range for Record Search: From 1/1/2020 To 12/1/2020)
